**YOUNG WHEAT FARMER ADDS TO HIS HOLDINGS**

Andy Rood Jr. has added to his extensive wheat holdings in the Heppner Flat belt by purchasing 640 acres from John F. Vaughn, who about 15 minutes before had bought the ranch from John T. and Dan McDevitt. The ranch is situated about six miles west of Heppner. The greater part of the farm, or in the neighborhood of 500 acres, was sown to wheat last fall and at this time is up and growing fine. Although the exact price paid by Mr. Rood was not stated, it is understood to be about \$26,000. Mr. Rood was already rated as one of the large wheat producers of Morrow county and the addition of this ranch to his present holdings will increase that rating to no small extent.

The McDevitt brothers have leased a large tract of land out north of Ione and have gone there with their tractor to commence farming operations on a big scale. They made money while farming on the ranch just sold to Mr. Rood.

A man refused to buy a sack of flour a few days ago because he would have to buy fifty pounds of substitute. A few days later he came back and purchased both the flour and the substitute and was glad to get them. A man that will kick on the kind of substitutes we are getting now should have to exchange places with a Belgian, Pole or Armenian for a few days.

We are glad to note that Heppner people are beginning to realize the value of war savings stamps. Sales are growing daily.

**A Faithful Reflection of Christine Miller**

Just as the clear surface of a quiet pool mirrors the image above it so does this marvelous instrument reflect with complete fidelity the voices of the Edison artists. So perfect and satisfying are the Reproductions that no human ear can detect a shade of difference between the performances of the artists and those of
