### MONTHLY REPORT OF THE COUNTY AGRICULTURAL AGENT FOR MARCH 1918.

The county agent has devoted a large share of his time to organization work during the past month. This has kept him away from the office most of the time and no doubt many have called and found no one at the office. Forty two farmers called on the agent at Heppner and twenty eight farmers were visited. Five farmers were supplied with help and daily efforts made to secure other men.

A temporary County Agricultural Council was formed and a special labor committee appointed. Mrs. Shurte was assisted in arranging and holding a series of meetings in the interest of community organization and boys and girls club work. Mr. O'Reilly of the Oregon Agricultural College was present at these meetings and urged the importance of this work from a food production and war need standpoint. Community committees were started at Cecil, Eight Mile, Hardman, Ione, Irrigon and Morgan. The community committee at Boardman met with the agent and outlined work in growing of corn, the formation of a dairy association, and planned for a rabbit club to make their fight against the rabbits more effective. A community committee representing the grain and live stock interests, boys and girls club work, and the home economics was selected at Pine City.

One meeting was held with the farmers of Morgan to assist in their plans for handling grain in bulk. An address on the teachers relation to the community was given before the teachers of the county meeting in an institute at Heppner. The drymen of Boardman were assisted in the formation of a dairy association for the purpose of introducing some good cows and building up the dairy industry of that place. Eight schools were visited in company with Mr. O'Reilly Assistant State Club leader. A total of eleven meetings were held with a total attendance of 454.

Demonstrations were arranged for use of Sulphur on Alfalfa, to compare the yield of Early Baart and in the growing of corn. Nine farmers were given assistance in securing seed wheat, two seed for dry land alfalfa, five seed corn and five in securing eggs from the "Oregon" strain of chickens. One farmer was given directions for controlling insects on grapes and prunes, another for grafting his peach trees, and one for pruning bush fruits. By reporting the case of two agitators to the county council of defence they were sent out of the county before they had a chance to accomplish their work.

Days in field, 20; Days in office, 4; Letters written, 122; Farms visited, 28; Demonstrators visited, 1; Meetings held, 11; Attendance, 454. Signed, F. R. BROWN, County Agent.

### HUN SUBS RUN FROM AMERICAN GUNNERS

Ralph Yeager, of the United States Navy Tells of His Experiences On the High Seas.

The Gazette-Times is in receipt of the following communication from Ralph A. Yeager, Heppner boy who is now doing convoy duty on the high seas. Mr. Yeager is a son of Mr. and Mrs. J. L. Yeager of this city. March 23, 1918.

The Gazette-Times, Dear Friend Crawford: Thought I would write you a few lines to let you know that I receive the Gazette-Times all O. K.

It sure makes a man feel good to get the news from the old home town. We left N. Y. the 22nd of January and were thirteen days crossing, as we had to fight every inch of the way in the face of one of the worst storms of the season. There was no sleep or eats for six days, just a couple of slices of bread and some coffee. I would like to write and tell you all about the country and what we are doing over here, but cannot, as it is against regulations.

We have seen several German submarines but they sure run when they see the old U. S. ships. I guess they think we shoot too straight for comfort.

Well as there is nothing else I can write about I'll have to close. Thank you for the promptness with which you send me your paper, I am as ever your friend,

R. A. YEAGER, U. S. S. New York, Postmaster, New York, N. Y. Box 12, sec. 3.

### Cecil Still Heads the List.

To the Editor: In reading the Gazette-Times dated April 4th, 1918, I came across an item from the Liberty auxiliary of the Morrow County Red Cross Chapter, where it stated that \$200 had been raised by a basket social for the Red Cross. As chairman of the Cecil auxiliary of the Ione branch of the Red Cross I wish to state that a basket social was held here in Cecil Hall in November, 1917 and the sum of \$235.65 was handed over to the Ione branch of the Red Cross.

## LIKE BACON

YOU know how cooking brings out all the rich pungent flavor of bacon—there's nothing that tastes better. But you wouldn't like it raw.

### IT'S TOASTED

So we toast the Burley tobacco used in LUCKY STRIKE Cigarettes for exactly the same reason—to bring out the rich, solid flavor.

### A STRONG RESPONSE.
