

Lend Your Pennies to the Government!

That is the spirit which will help America win the war.

That is the THRIFT spirit.

There is a place for the pennies—put them in Thrift and War Savings Stamps.

This Store is cooperating with the Government in food conservation.

SAVE WHEAT—We have the Substitutes

THE SAM HUGHES CO.

"House of Reliable Merchandise"

WITH the Deering Combined Harvester you can harvest your crop for one-half the expense you can any other way. Two men is all that is necessary to put your wheat in the sack.

The machine cleans the grain in perfect manner, takes out and saves all weed seed and leaves straw in bunches to be easily taken care of.

Can furnish them with or without an engine. Will have to have your order early in order to insure getting the machine. The factory is limited to a definite number of machines and when that number is reached there will be no more for anyone.

THE FOOD SITUATION. MERCY WORKERS ARE GROWING IN NUMBERS

The food situation is becoming more serious. The lack of shipping will prevent the Argentine crop from being available to the Allies. The bread ration in France has been cut to one-third the pre-war period. The French people are fighting our fight, hence we must feed them. The larger use of ships for transportation of men and munitions makes it more urgent that the concentrated food stuffs, such as flour, be sent. This means that America must eat less wheat.

What are we going to do about it? Idaho is planning to go upon a non-wheat ration. Indiana has notified the Government that it may take the wheat, they will rustle. Many complain about the cost of substitutes. It is not a question of cost. It is a question of saving wheat to win the war, or taking a chance on letting the Kaiser tell you what to eat.

The Food Administrator urges the people of Oregon to eat more potatoes. We have a surplus on hand. He also urges the people to plant potatoes in large quantities. The prices may not be so attractive now, but a large crop may save the food situation next year.

After the present stocks are sold, retail dealers are expected to require purchasers to take an equal amount of substitutes with all wheat preparations, such as wheat flakes, etc.

Morrow county has made good in all other lines, and I am sending word to Mr. Ayer that Morrow county will make good on SAVING WHEAT.

S. E. NOTSON,
County Chairman.

Scales Removed From Main Street.

Soon there will be no scales on Main street. Street improvement is bringing about changed conditions and the parking and curbing system will not permit of weighing scales on the main thoroughfare in the future. W. T. McRoberts is preparing to move his scales from the front of his livery stable to the lot at the rear. The scales will be set in concrete and are so located to make it handy in weighing hay and horses.

Political Paid Advertising.

FOR SHERIFF.

Notice is hereby given that I will be a candidate for the Republican nomination for sheriff of Morrow county at the primary to be held in May.

WILLARD H. HERREN.

ANNOUNCEMENT.

I will be a candidate for the nomination for county commissioner on the republican ticket before the coming Primary Election.

Respectfully,

G. A. BLEAKMAN, Hardman Ore.

FOR COUNTY CLERK.

To the Republican voters of Morrow County:

I hereby announce that I will be a candidate for the nomination for the office of county clerk before the May primaries.

J. A. WATERS.

FOR SHERIFF.

I hereby announce myself as a candidate for Sheriff of Morrow County, on the Republican ticket, subject to the will of the voters at the primaries to be held on May 17, 1918.

E. M. SHUTT.

FOR ASSESSOR.

To the Democratic Voters: I hereby announce that I will be a candidate for the office of county assessor, subject to the decision of the Democratic Primary to be held in May, 1918.

J. J. WELLS.

FOR COUNTY TREASURER.

To the Republican voters of Morrow County, Oregon:

Notice is hereby given that I will be a candidate for the nomination for County Treasurer at the May Primary Election.

Respectfully,

T. J. HUMPHREYS.

FOR COUNTY CORONER.

To the Republican voters of Morrow County, Oregon:

Notice is hereby given that I will be a candidate for the nomination to the office of County Coroner at the May Primary Election.

Respectfully,

M. L. CASE.

FOR COUNTY JUDGE.

To the Republican Voters:

I hereby announce that I will be a candidate for the office of County Judge of Morrow County, subject to the decision of the Republican Primary Election, May 17, 1918. I have resided in the county 32 years. My long residence here and two years' service as county commissioner have enabled me to become familiar with the needs of the county. If nominated and elected, I shall pursue a progressive policy, but shall carefully guard against unnecessary expenses in county affairs.

W. T. CAMPBELL.

Heppner Women Doing Great Work For Boys "Over There."

Heppner women generally, are doing a great work for the boys "over there" and the headquarters of the Morrow County Red Cross chapter present a busy appearance on Wednesdays and Fridays, the days the women gather to knit and sew.

Many women are taking work into their homes to make the best of spare minutes they may have there.

Those who have taken work out are Mrs. Crowell, Mrs. G. Parker, Mrs. J. V. Crawford, Mrs. John Brown, Mrs. C. E. Jones, Mary Kenney, Mrs. C. L. Kethley, Mrs. M. Church, Mrs. H. Scott, Mrs. C. Wells, Mrs. E. C. Fell, Mrs. Scrivner, Mrs. Martin and Mrs. Chas. Swindig.

DELCO-LIGHT Increases Farm Efficiency

- Saves time and labor**—Work formerly done under poor light and by hand can be done better and in less time with the aid of electric light and power.
- Labor is attracted to the farm**—The "back to the farm" movement is made practical when the conveniences afforded by electric light and power can be had in the country.
- Keeps the boys and girls on the farm**—Electric service on the farm offsets city attractions. Valuable labor and womanhood are saved to the country community.
- Solves the retired farmer problem**—Electric light and power make the farm home so attractive and comfortable that the farmer and his wife remain on the farm where their advice, experience, and immediate interests are of great practical value.
- Lightens burden of the housewife**—Increased farm work in war times means increased labor for the housewife. Electricity offers the only practical means of taking the drudgery of household tasks from her shoulders.

Delco-Light is a compact electric plant for farms or country homes. Self-cranking. Air-cooled. Thick plate, long-lived batteries. Ball bearings. No belts. RUNS ON KEROSENE
