missing him. Military officers entered the room shortly after the shooting and military law was declared, no one being allowed to leave the court room.

Bitter feeling existed between the higher cast to which Chandra belonged and the lower caste of which Singh was a member.

HEPPNER NEWS.

This Case Has A Hint For Many Gazette-Times Readers.

This Heppner woman has used Doan's Kidney Pills. She has found them as represented. She wishes her neighbors to know. She publicly recommends them. No need to look further for a tested kidney remedy.

The proof of merit is here and can be investigated.

Profit by the statement of Mrs. B. G. Firsbee of K street. She says: "Speaking from personal experience, I can recommend Doan's Kidney Pills for I have always found them to be just what is represented of them. Whenever I get that tired, dull ache across the small of my back and notice my kidneys are not acting right, I get a box of Doan's Kidney Pills. After taking them a few days, I feel as well as ever."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sigsbee had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

An engine that translates gas into a new kind of thrilling power through the "Hot-Spot" and "Ram's-Horn" Manifold—Chalmers devices

Power to take a hill, and power to pass the other fellow are still claimed by many car makers; but here's a car that puts such expressions into the dark ages of automobiling.

It is the current Chalmers, equipped with the famous "Hot-Spot" and "Ram's-Horn" Manifold, which wrings from gas more power than was ever taken out of gas before.

But not merely brutal power (for that it has), but a newer kind, a softness of power that is as thrilling to bear witness to as the technique of a great musician.

Accomplished how? By those two great devices: a "Hot-Spot", which fairly cooks the gas, then "cracks it up fine as a powder", and the "Ram's-Horn" Manifold which "sets it down" in the combustion chambers with celerity and without disturbance.

So that when the spark touches it off, it gives nothing but power; soft, harnessed, controlled power that you will never forget once you have had its feel.

LITTLE THELMA SALTER STARS IN "SLUMBERLAND."

"In Slumberland," a Triangle-Kiddie picture starring little Thelma Salter, which will be presented at the Star theater Sunday, is said to have the most amazing and intricate setting effects ever photographed for the screen.

The play depicts the adventures of little Thelma and her playmate, Georgia Stone, as they journey thru great woods of majestic splendor. Caverns of glittering crystal and luminous pearl, fountain showering diamond sprays, great castles with jeweled windows—all are a part of the wonderland, which seems to be created from the wand of a fairy.

While the picture is one that will bring delight to the hearts of all children, it will also entertain adults, for who does not enjoy the pranks and antics of mischievous kiddies? The story, by L. V. Jefferson, is woven with thrills, whimsical humor and delicate pathos. It is described as a radiant fabric of fairy dreams.

Besides the tiny star, who did remarkable work in "The Crab" with Frank Keenan and "Happiness" with Enid Bennet, there are in the cast Laura Sears, Jack Livingston, J. P. Locksey and Walter Perry. Irvin Willat directed the production and is responsible for the remarkable lighting effects and the puzzling tricks of wizardry.

"THE SCARLET CAR."

Richard Harding Davis, master story writer, never wrote a more entertaining tale than "The Scarlet Car," which Bluebird photoplays will present on the screen of the Star theater on Friday. The story deals with the embezzlement by two bankers of a large sum of money and the desperate means which they employed to cover up their crime, the unravelling of the mystery and the confounding of the culprits being the interesting task assigned to a young man whose great ambition was to marry a certain young lady. The young man in the case is portrayed by Franklin Farnum, the dashing, smiling star who made so many admirers through his work in "The Clock," "The Clean Up," "Bringing Home Father," "Anything Once" and other Bluebirds.
