

## CHANDLER SIX \$1595

### First Quality Has Put Chandler in First Place

WHEN men talk now of fine cars selling at medium prices they speak first of the Chandler. Because, for five years, the Chandler has been such a good car, so well built, so dependable in its service on the road. And because now, so distinctly, it offers extraordinary value.

The most distinguished feature of the Chandler Six is its marvelous motor—Chandler-designed and Chandler-built—which, through five years of refinement without radical changes, has been developed to a point approximating perfection.

The life, pick-up, power and endurance of the Chandler motor have been a revelation to thousands of experienced motorists.

The Chandler motor is mounted in a really great chassis, and Chandler bodies offer an attractive range of choice.

### G. T. SUBSCRIBER CONTRACTS 20 YEARS

Sherman Wakefield Is Sure That Reading Optimistic Paper Adds to Longevity—He also Believes in A Business Proposition.

Sherman Wakefield, well known farmer of Heppner Flat has entered into a twenty year contract with the Gazette-Times and will make payment once in every five years, covering his subscription in advance. When Mr. Wakefield noted the fact that the price of the Gazette-Times was going to raise to \$2.00 on the first of July, he lost but little time in coming into the office with a business proposition.

"I want to subscribe to your paper for twenty years," said Mr. Wakefield to the editor, on being used to such talk, the editor attempted to pass the matter off lightly by starting a discussion of politics or the war, or the wheat crop, but Mr. Wakefield would not be side-tracked. "See here," said he, "I notice that you are going to raise your price on July 1. Now what I want is a twenty year subscription at your present rate. How does that sound to you? With the privilege to pay for five years in advance now and renewing at the end of each five year term."

The editor needed no further urging and the check from Mr. Wakefield was exchanged for a receipt covering the first five years.

"You know," said Mr. Wakefield, after he was asked if he expected to live twenty years more, or whether he expected the Gazette-Times to continue in business that length of time, "I firmly believe that by reading your optimistic paper during the coming years, my life is bound to be prolonged. On your own business stability, I am perfectly willing to stake my chance."

**Shearing Crew to Rhea Creek.**  
The Frank W. Turner shearing crew passed through Heppner the last of the week on their way to the Whittington place on Rhea creek. They will shear between eighteen and twenty thousand head of sheep.

While in Seattle last week, Mrs. S. W. Spencer was entertained at the home of Professor and Mrs. William Allison. Professor Allison, who is a brother of Dr. H. T. Allison of Heppner, is an instructor in the engineering school at the University of Washington. Mrs. Spencer was treated to a visit to the grounds of the University and was greatly impressed with Washington's great educational institution. She would like to have spent more time there, and speaks enthusiastically of the manner in which the Heppner delegation were treated while in the northern city.

#### Delegates to Portland.

Loy M. Turner, Pat Crow and W. W. Smead left Tuesday evening in Mr. Turner's car for Arlington. From there they took the train on into Portland and will be in attendance at the war workers conference. While in the city Mr. Smead will investigate the prices of various paving materials on behalf of the city of Heppner.

#### Folks Have Scarlet Fever.

Tom Deen, who was in the office the first of the week to pay up another year on his paper, says that his family is now located in Portland, Mrs. Deen and one of the children being quarantined with scarlet fever. Neither are seriously ill. At the present time Mr. Deen is working with the Turner shearing plant but expects to go to Portland when the season's run is completed.

#### Rankin Goes to Crater Forest.

Hugh B. Rankin, who formerly had charge of the Umatilla National Forest with offices in Heppner, is taking a similar position with the Crater forest and will have headquarters in Medford. Since leaving Heppner a few years ago, Mr. Rankin has been supervisor of the Sigulaw forest, with headquarters in Eugene. Rankin Indicted For Second Degree.

#### Shoulder Blade Fractured.

J. B. Huddleston, former agent at the depot, was over from his Lone Rock ranch the first of the week.

### LIGHT COMPANY ASKS TWENTY PER CENT

The Heppner Light & Water Company, which recently filed an application with the Public Service Commission of Oregon for an adjustment and increase in rates, has now filed an amended application which sets forth more fully just what the company is seeking.

The amended application was filed only after the city of Heppner had asked for something more specific.

"The applicant desires a 20 per cent advance on all Heppner Light & Water rates, or an adjustment of said rates to fair and equitable rates to produce a fair and just profit upon the capital invested," reads the amended complaint.

"That it applies to this commission for authority or to use its authority to increase or adjust said rates so they may be fair and equitable to all concerned, and make it possible for the company to operate without a net loss."

The city of Heppner is preparing an answer at this time.

#### Draft Men Must See Dentist.

All men in the draft which leaves Heppner the last of this month are urged to call at the dental office of Drs. Vaughan & Butler to arrange for teeth inspection. This is a new order of the government which will be strictly adhered to in regard to all men who are called to the colors under the selective service law. Dr. Vaughan has been appointed dental inspector for Morrow county.

#### Red Cross Basket Social.

Mrs. Frank Winnard wishes to announce to the public that a basket social will be held at their home at the old Headquarters ranch on Balm Fork Friday evening. All proceeds will be given to the Red Cross. Come and bring your basket.

#### It Pays To Advertise.

Fred Lucas of Heppner Flat took up some stray horses and advertised them in the Gazette-Times. One issue brought forth the owner. Advertising not only brings buyer and seller together, but often times will find for you something you have lost or will bring the owner to something which you may have found. If you are skeptical just try the columns of the Gazette-Times and be convinced.

#### Thornton Studies Gas Engines.

Greenwood "Peck" Thornton is now in the machine shops at Wilbur Wright Aviation Field, Fairfield, Ohio, according to a letter received this week by his brother Raymond. At the present time Peck is taking special instruction on airplane motors. He enlisted a few months ago in the truck driving division when General Pershing made an urgent appeal for truck drivers, but owing to the special aptitude which young Thornton displayed in the handling of motors, he was soon transferred to the airplane service. He sent a picture along with the letter which shows that military training has had an excellent effect upon his physique.

Phillip O. Linn, a nephew of W. B. Tucker of Lexington, is now with the Expeditionary forces in France, according to a card received by Mr. Tucker last week. Mr. Linn went from Oklahoma.
