### YOUR CHANCE TO JOIN THE MARINES

In order that every man between the ages of eighteen and thirty six years of age, either married or single may have the opportunity of enlisting in the United States Marine Corps, every postmaster in Oregon has been authorized to examine, accept and transfer men for this excellent branch of service. The Marine Corps is the oldest branch of American service, is mentioned in the same breath with the Foreign Legion of France, the Texas Rangers, Northwest Mounted Police and the Pennsylvania State Constabulary.

Marines are specially trained, splendidly equipped and fight as artillery, Infantry, Cavalry, Signal-men Aviators and in any manner that necessity or the occasion demands. In recognition of their splendid record in the past and their excellent achievements in the present struggle for Democracy, Congress has authorized the increasing of the Corps to 75,500 men in order that they may take over and maintain a separate section of the trenches in France.

United States Marines wear a separate and distinctive uniform from either the Army or the Navy. They also have their own Corps device which consists of an anchor, globe and eagle, and is worn on the hat, cap or helmet of the Marine. It is by this small device that the Marine is readily distinguished from all other branches of the service.

Registered and unregistered men between the above mentioned ages who are desirous of enlisting may do so. Registered men must furnish a statement from their Local Board that they are not needed to fill the current quota of the draft and that permission has been granted for their enlistment in the Marines. Married men must have a written consent from the wife that she consents to his enlistment. Your postmaster will gladly assist you in obtaining your release from the Local Board and will also explain this splendid branch of service. **ASK HIM TODAY.**

Notice to Members of G. A. R.  
All old soldiers are requested to meet next Sunday morning at 10:30 in front of the Odd Fellows Hall. Whether you are a Grand Army man or served but ninety days, your presence is requested. The soldiers will march in a body to the Christian church, where annual memorial services will be held.

### Willamette Valley Pioneer Had Brother Here

**Jesse Frank Kirk, Veteran of Civil War, Came to Oregon in 1866.**

Junction City, May 21.—In the death of Jesse Frank Kirk on his farm, about 10 miles from Junction City, near Franklin, Oregon has lost another of its pioneers. Mr. Kirk was 77 years old and had lived in the Willamette valley since 1866.

Death came unexpectedly. He apparently was in his usual health when a week ago Sunday he was stricken with a congestive chill and rapidly sank until he passed away Friday. The funeral was held at the old farm home Sunday afternoon and was attended by a large number of relatives and friends. The services were conducted by Rev. I. N. Hughes, pastor of the Methodist Episcopal church South at Tangent. Interment was in the Richardson cemetery, on the hillside just back of the Kirk farm.

Mr. Kirk was born in Adair county, Missouri, in December, 1841. During the Civil war he was a member of the Thirtieth Illinois Infantry and was with General Sherman on his famous march through Georgia. His grandfather was Jesse Kirk, the founder of Kirksville, Mo., while his father, James T. Kirk, was captain of a train which crossed the plains with ox teams in the early '60s and settled in the Willamette valley. As Mr. Kirk was then in the army, he did not come to Oregon until 1866.

In 1870 he was married to Elizabeth Brown, who survives. They established their home on the Brown place, where Mrs. Kirk was born, and had lived there continuously since. Mr. Kirk became one of the prosperous and influential farmers of that community, and because of his long residence, was widely known. He united with the Methodist church when quite young and was always active in church work.

Besides his widow, he is survived by two daughters, two sons, three brothers and several grandchildren. The daughters are Mrs. Ethel Bryant and Mrs. Effie Milliron, while the sons are Oren and Chesley, all living near Franklin except Chesley, who is now at Vancouver, Wash. The brothers are Crocket Kirk of Heppner, Charles Kirk of Medford and Thomas J. Kirk of Junction City.—Portland Journal.

### UNSHAKEN TESTIMONY

Time is the test of truth. And Dean's Kidney Pills have stood the test in Heppner. No Heppner resident who suffers backache, or annoying urinary dis can remain unconvinced by this twice-told testimony. J. H. Cox, carpenter, Battimore St., Heppner, says: "It seems that I caught cold, I suffered from pain in my back. At times I simply couldn't move and had to stay in bed for a week or ten days. I used a great many medicines but I can say that Dean's Kidney Pills did me more good than anything else. I haven't had an attack for sometime now."

OVER SIX YEARS LATER Mr. Cox said: "It has been a long time since I have had any occasion to take a kidney medicine. I still consider Dean's Kidney Pills a good, reliable medicine for backache and kidney disorders."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mr. Cox has twice publicly recommended. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

### EAT OREGON POTATOES

Market Page Shows Stomach Ache California Brand Eight Times as Expensive as Home Grown.

Corvallis, Ore., May 22.—"The market page even with its facts carefully concealed by the confusion of buying, jobber and dealer prices and miscellaneous classifications occasionally yields some interesting information," commented Prof. G. R. Hyslop of O. A. C., in glancing over the market reports of a daily paper. "Note the following: Oregon Burbanks, 75c to \$1.25 a hundred; new California, 6½ to 9c pound.

"New potatoes—watery, relatively low in nutrition, indigestible and full of stomach aches, seven to eight times as expensive as well matured nutritious Oregon Burbanks.

"Oregon farmers got low yields last year, paid high prices for harvesting and have suffered considerable storage losses during the mild winter. In the interests of conserving the resources of the State, of preventing serious loss to Oregon farmers, and getting the food supply at minimum cost, patriotic Oregonians should eat Oregon grown potatoes while still in condition to be used.

"There will be ample opportunity after the 1917 crop is no longer useful and before the new crop comes in, to eat plenty of new potatoes from California, which will be much better

matured and more reasonable in price. "Eat Oregon potatoes first!"

### Why Not Give Loan Interest to Red Cross

Portland, May 18.—"Clip your Liberty coupons for the Red Cross." This was the message that went resounding over the country today.

Interest coupons for the Second Liberty Loan became due this week.

As by far the great majority of these coupons are in the \$1 and \$2 value, it is believed that many of those having Liberty Bond coupons due will feel it a privilege to be able to donate them to the Red Cross.

Coupons should simply be clipped from bonds, handed to any War Fund solicitor, or mailed to the nearest Red Cross chapter.

**PHELPS GROCERY CO.**

Prosper Couramont comes from the Sandwich Islands to find a wife. At the home of Brise-mouche, where he is visiting he is surprised to find Louise de la Glaciere, an old time sweetheart, now the wife of Baron de la Glaciere. It transpires that a letter, written by Louise, to Prosper, three years before, was left in a statuette and never received by Prosper. He perceives a diplomatic advantage in possessing the letter, and soon contrives to get it out of its place of concealment. Suzanne de Ruseville, a cousin of Louise, helps her sister in the search of Prosper's apartment, and discovers the letter. It is thrown out of the window unconsciously by Prosper, and from there on there is a frantic search by everyone. At the end, however, the paper is burned, and Prosper rejoices, in that he has found a wife.

Makes Clubbing Arrangement With  
**The Oregon Farmer**  
Offers Unusual Opportunity to its Readers

**A**MONG our large circle of readers there are a great many who are interested directly and indirectly in fruit growing, dairying and other branches of farming. All of these naturally wish to keep in close touch with agricultural activities throughout the state; and to know about any fight which is being waged for the measures Oregon farmers want and against all sorts of schemes that are detrimental to the people and agricultural interests of this state.

We have, therefore, made a special clubbing arrangement with THE OREGON FARMER whereby any farmer or fruit-grower, who is one of our regular subscribers and who is not now a subscriber to THE OREGON FARMER, will be entitled to receive THE OREGON FARMER in combination with this paper at the same rate as for this paper alone.

This offer applies to all those who renew or extend their subscriptions as well as to all new subscribers. If you are interested directly or indirectly in Oregon agriculture, do not miss this unusual opportunity, but send your order in now.

THE OREGON FARMER is the one farm paper which is devoting itself exclusively to the farming activities and interests of Oregon. It has a big organization gathering the news of importance to farmers, dairymen, fruitgrowers, stockraisers and poultrymen; and it has the backbone to attack wrongful methods and combinations and bad legislation, and support honest leaders and beneficial measures. We are confident that our readers will congratulate us on our being able to make this splendid and attractive clubbing offer.
