A. Henriksen and two sons, Oral and Clifford, were visiting in Heppner Saturday from the Henriksen ranch near Cecil. Oral Henriksen, who recently enlisted in the navy and has been stationed at Bremerton navy yard, is enjoying a ten-day furlough at home. The young man, although but twenty years of age and his father's right hand man on the ranch, heard his country's call and responded quickly. The younger son, Clifford, expects to enter the service soon and the father says after his two boys have gone, he is going to make an effort to get into some branch of the service himself. Mr. Henriksen is firmly of the belief that it is the Americans that are going to win this war and the sooner every citizen realizes the big job ahead, the sooner victory will come. Mr. Henriksen is just finishing his first hay harvest, which is nearly six weeks earlier than last year. Shortage of labor and the slow growing season were factors in the early harvesting and Mr. Henriksen figures that the second crop will be much larger and of better quality than the first.

Don't Envy the Good Dresser--- You Can Look As Well As He

Elegance in dress usually means attention to details. The most perfect costume will have its appearance ruined by a pair of rusty shoes. An ill-fitting shirt will make an otherwise perfect costume look "frowsy."

A man's shirt deserves special attention—if he is particular as to his appearance. Don't let your shirts make you look "cheap;" make them add to your dress.
