**FORMER MORROW COUNTYITES WILL HOLD REUNION.**

The annual Morrow county picnic and reunion will be held in Portland this year as usual, in Laurelhurst Park on Saturday, July 6. The program will consist of speeches of a patriotic nature and music will be provided, according to word sent to Heppner by the secretary, Mrs. Helen M. Warren.

This is an event each year in Portland looked forward to by former residents of Morrow county who now make their home in the metropolis. Morrow county people who happen to be visiting in Portland at this time are especially invited by the association to be present at the picnic.

**AN APPRECIATION AND THANKS.**

I want to take this method of expressing my heartfelt appreciation and extending my earnest thanks to my many friends and neighbors who's sympathetic and encouraging words and helpful deeds did so much to bring me back to health and strength after my severe illness. In a world where so much goodness abounds it makes a man glad to live and I want all my friends to know that I fully appreciate what you have done for me.  
 MIKE KENNY.

**REPORT OF THE COUNTY AGRICULTURAL AGENT MAY, 1918.**

More attention has been given to the matter of records, office charts, etc., this month

**General Remarks** than any previous time. This made it necessary to spend fully half of the time in the office. The chart showing the community organizations, meetings of community committees, co-operative demonstration work, farmers organizations and other phases of the county agent's work has been prepared and shows that some communities have been receiving a great deal more time than others. More attention will be given in the future to work in those communities that have shown little activity so far. The calls on the agent at headquarters showed a very encouraging increase during the month, and indicate that there is a growing interest in life community organizations and community work.

The committee in charge of the Red Cross work was assisted on two different occasions in raising funds during the drive. The first was a community meeting at Liberty. The second was an afternoon spent in covering a community in a house to house canvass with two members of the committee.

Three attacks of Wire worms were investigated and such control methods recommended as were practical under the circumstances. Three farmers were given information regarding the building of silos, two were planning to build this year and the third not until next. Conferences were held with two community committees for the purpose of planning for projects that are to be started in the near future.

One part of the Heppner Community held a local meeting and elected

Mr. R. I. Thompson Organization and I. E. Kunsman the representatives on the Heppner community committee. Plans were taken up with the members of the Alpine committee for enlarging the community and adding other members to the committee. A meeting of this committee is to be held during the month of June to outline the community projects. The work of organizing two other communities, Liberty and Eight Mile, has been discussed with the various members of those communities and a general meeting will be held as soon as possible.

Arrangements have been completed for a representation of the farmers of Morrow county at the Labor Harvest Wage Conference at Pendleton June 10.

Plans for the enlistment of the business and professional men in a Harvest Reserve have been placed in the hands of the community war councils who will see that volunteers are obtained for emergency work during harvest. Seven farmers have been supplied with a total of twelve farm hands during the month. Furlough blanks were signed for the return of five soldiers during the harvest period. The county agent attended and addressed a meeting of the farm laborers of Gilliam county at Condon May 25th.

The demonstrations in the different varieties of wheat are showing some very definite differences between the different varieties. In every demonstration except one early Baart wheat, where shown in the same field at the same time with Bluestem, now appears to be from two to three weeks farther advanced.

Some very definite results are being obtained in weed control and the demonstrations will leave

little doubt as to the best **Weed Control** methods to be followed in this county. Plans are under way to start a vigorous campaign on weeds immediately after harvest so that the methods which have proved successful may be put into general practice for the coming crop. This will require a great deal of preliminary organization work and will be made one of the important projects for the county.

The two elevators under construction are progressing rapidly and will soon be ready for the season's crop. Some very

**Bulk Handling** good figures are being obtained in connection with the farm storage. Photographs were taken of one storage bin with the capacity of 3500 bushels, that was constructed for a total cost of \$190. In the near future it will be possible to get photographs of a set of grain tanks being constructed on a rented farm. They will cost about \$40 per 1000 bushel capacity and are built so that the renter can take them with him when he moves.

Mrs. E. H. Cummings departed for Portland Sunday, where she was called to attend her mother who is seriously ill at her home in that city.

**People once went to New York for the Opera Season-- Now they stay at home with The NEW EDISON**

FOR this marvelous instrument brings Grand Opera right into their homes. A new appeal to the eye and to the ear. The New Edison can't supply the former but it certainly does the latter. So far as hearing the great artists of to-day is concerned they themselves can give you no more than

**The NEW EDISON**

"The Phonograph with a Soul."

You can't improve upon perfection and this invention Re-Creates the singer's voice with such perfection that no human ear can distinguish artist from instrument. The Edison tone tests in which the singers have sung in direct comparison with the New Edison have proved this to more than 2,000,000 listeners. More than 1500 of these tests have been held. More than 30 great artists have appeared in them. Drop into our store to-morrow and hear a demonstration.

**Oscar R. Otto**

Edison Re-Creations should not be played and cannot be played properly on any other instrument. If they could be, the manufacturers who seek to profit by Mr. Edison's research work would be able to make tone test comparisons, such as have been made with the New Edison before two million music lovers.
