Fred Elder returned to Heppner on Sunday afternoon, being called back to the city on account of the fire. Fred found that he had no business left, the barber shop of Patterson & Elder being completely wiped off the map with all contents.

Vic Groshens came in from Rock creek on Monday, having abandoned his job of road work out there for the present. He was having a lot of difficulty in getting sufficient water, both the creek and wells having dried up where he was working.

H. V. Gates, president of Heppner Light & Water Co., answered a hurry up call and arrived on Friday from Terrebonne to view the remains of Heppner after the holocaust of Thursday. He spent a few days in the city, helping with the work of re-adjustment.

W. W. Bechtolt was down from his farm near Hardman on Monday. He was after a small combine which he had purchased of Gilliam & Bisbee, and will get the same set up in time to harvest his crop. Mr. Bechtolt is looking for a fair yield of grain but the dry weather has cut it considerably short.

Ross Brown received a broken collar bone in a wrestling bout at Parkers Mill on the Fourth. Young Brown was so intent on getting his man down that he did not realize what had happened to him until some ten minutes after the break occurred. A doctor fixed him up and he is now getting along OK.

P. C. Hunter, Tom Ross, Ralph Stanfield, John Spencer and son Ben were visitors in Heppner for a short time on Sunday from Echo, coming over to view the results of the big fire. These men were anxious to offer any assistance that the Echo section could give, all of which is certainly appreciated on the part of the Heppner citizens.

Dr. R. K. Merriam arrived Thursday from Southern Oregon and is now located in Heppner to take up the practice of Dr. H. T. Allison. He will have offices in the I. O. O. F. building. For several years past, while keeping up an extensive practice, Dr. Merriam has also been engaged in the stockraising business in Southern Central Oregon. We find him to be a very pleasant gentleman and he should soon be in possession of a good practice here.

Prof. H. H. Hoffman informs this paper that he has signed a contract for teaching this coming year, and will leave shortly to take up the duties of his office. The position carries with it a salary of \$2500 per year, and in addition Mr. Hoffman will also have charge of industrial work for the summer months, which will add to his salary some \$300 to \$500 per year. We congratulate Prof. Hoffman on securing this good place and bespeak for him success in his new field.

Robert H. Young of Heppner, representing the National Biscuit Co. of Portland, was an Enterprise visitor yesterday. Mr. Young has the distinction of having been rejected from the army twice. He volunteered shortly after a declaration of war but owing to a severe spell of sickness was discharged. He was called up in the draft this year and was again discharged owing to physical disability. This is his first visit to Wallowa county.—Enterprise Record-Chieftain.

Ed Adkins and family and P. A. Anderson and wife arrived home on Sunday evening. They were absent on a trip to Tacoma and Seattle, taking in the auto races at the former city on the Fourth and planning visits to other points, to return home after a trip to Spokane. On hearing of the Heppner disaster, they returned direct from Tacoma.

Draftees Take Leave.

The last contingent of draftees from Morrow county went out this week, their destination being Camp McDowell, Calif. The boys left on Friday morning and the list contained the names of Walter H. Hayes, William A. Price, Frank McDaniel and Wm. Eder. Six other draftees went from Portland and one from San Francisco, while Lee Onie Curtis has not responded yet, though Clerk Waters states that he should have reported here to leave on Friday.

Will Soon Be "Over There."

A short letter received by this paper from Joe Mason, dated at Camp Merritt, N. J., July 1st, orders his paper sent to the following address: "Joe Mason, M. O. Hdqrs. 347 M. G. Bn., 91st Div. A. E. F. via N. Y." Joe states they left Camp Lewis and traveled over the Great Northern, having a lovely trip, seeing Niagara Falls and numerous other places of interest, and they expect to see more soon and help to get a part of the Kaiser's goat. From this we take it that Joe and his company will soon be on the soil of France and putting in some hard licks at the front.

Gets Broken Leg.

Dr. A. D. McMurdo called to Ione late Tuesday evening to wait on Ralph Hymer who was suffering a broken leg. Ralph was the victim of an auto accident. A Ford was turned over on him when coming into town from off the hill, and the result was that his leg was broken just below the knee, the large bone being broken off and the smaller one dislocated at the knee joint. The doctor fixed him up and expects that he will come through without any trouble.

CARD OF THANKS.

We wish to thank each and every person who assisted us in saving a few things from the burning house in our recent fire. We also thank the many friends for their sympathy and assistance in offering to take us in their home. Surely we appreciate it. We will put Heppner and Morrow county against the world for their thoughtfulness at such a distressing time.

MRS. F. C. ADKINS AND FAMILY.

J. T. Kirk and wife returned the last of the week from a visit to the Alsea country as well as a number of points in the Willamette Valley. Mr. Kirk has a place over in the Alsea country and reports that conditions there are quite good this season. In the Valley, however, all crops were short, suffering from dry

weather and other adverse conditions. At Albany Johnnie bought a fine Jack which was shipped to Morrow county and placed on his Blackhorse farm. Erb Kirk and family were also visiting the Alsea country at the same time and returned home this week.

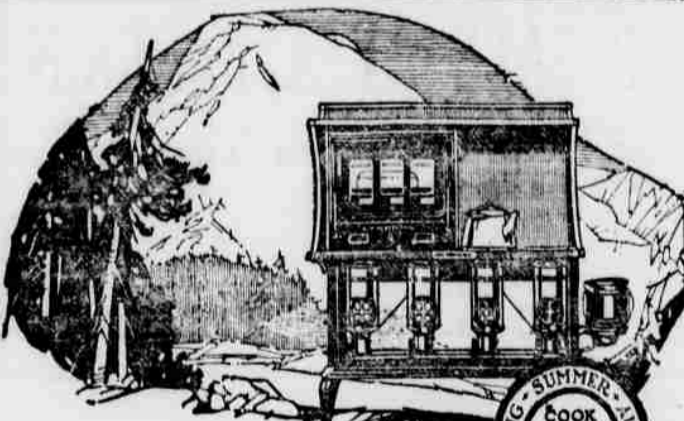

John Henry Bode departed on Sunday for Portland, and from there he will likely go to Brooklyn, N. Y., where he has a son and daughter living. It had been Mr. Bode's purpose to leave Heppner for a great while

and go east and the fire of last week hurried him off. He had been engaged in the tailoring business in Heppner for many years, occupying one of the Natter buildings on upper Main street. The fire cleaned him out completely, and many suits and much material went up in smoke. Mr. Bode was able to leave in some style, however, as he saved his Prince Albert coat from the flames, and on leaving for the train Sunday morning he donned this garment and presented much the appearance of a well-to-do tradesman.
