Cattle Sold Well.

J. D. French of Gurdane, and John Brosnan of Lena, arrived back today from Kansas City, where they shipped several carloads of cattle, which were sold at a good price. Fred Fletcher of Pilot Rock, who also started with a shipment of cattle for Kansas City, but found such a good market at Denver, Colo., he sold out there and came home today.—Pendleton Tribune.

Make your plans to go out to Parkers Mill Saturday evening and take in the dance there. It will be an enjoyable affair.

175 LOGGERS AND SAW-MILL MEN WANTED

Portland, Ore., July 15.—A call for 175 men skilled in logging and sawmill work must be filled by volunteers from Oregon by July 23, or enough men will be drafted from special and limited service men in Class 1 to fill the quota.

The skilled workmen required are as follows:

70 chokermen, 50 head buckers, 24 doggers, 6 general saw mill foremen and 25 planer trimmersmen.

Volunteers for this service must be of draft age, and are particularly desired from Classes II, III, and IV. Those who volunteer for the work will be sent to Vancouver, Wash., for engagement in producing spruce for

aeroplanes, which is one of the most important branches of the whole service just now.

"These are exceptional opportunities for energetic and ambitious men," says the War Department circular calling for the men. "The men inducted under these calls will be engaged in producing spruce for aeroplanes in the great Northwest woods."

LENGTH OF THE WAR.

Far-seeing men believe that we have just begun to fight, and wise men realize that the only safe policy is for us to assume that the struggle will be long and bitter.

It is vain to ask how long the war will last, for such questioning tempts us to guess, and when we go to guessing our self-interest causes us to guess the best and so to take some chance in effort or sacrifice. All that we know is that we must win.—From address by Clarence Ous-

ley, Assistant Secretary of Agriculture.

You remember the good time you had at Parkers Mill on the Fourth? Another dance there on Saturday night.

A. L. Swaggart, leading farmer of Athena, has been in the county looking after the crop of his son, Frank. The latter has bought a farm near Lena, Morrow county, and expects to remain there. A. L. Swaggart was stopping with S. T. Tippet, the two having been boyhood friends, when they lived near where Frank Swaggart has now located.—Enterprise Record-Chieftain.

Mr. and Mrs. J. F. Vaughn and Mrs. Carrie Vaughn returned on Friday last from an auto trip to Tacoma and across the line into British Columbia. Their trip was cut short by the news of the Heppner fire.

People once went to New York for the Opera Season-- Now they stay at home with The NEW EDISON

FOR this marvelous instrument brings Grand Opera right into their homes. It has a double appeal: to the eye and to the ear. The New Edison can't supply the former but it certainly does the latter. So far as hearing the great artists of to-day is concerned they themselves can give you no more than

The NEW EDISON

"The Phonograph with a Soul."

You can't improve upon perfection and this invention Re-Creates the singer's voice with such perfection that no human ear can distinguish artist from instrument. The Edison tone tests in which the singers have sung in direct comparison with the New Edison have proved this to more than 2,000,000 listeners. More than 1500 of these tests have been held. More than 30 great artists have appeared in them.

Drop into our store to-morrow and hear a demonstration.

Oscar R. Otto

[Heppner, Oregon]

Edison Re-Creations should not be played and cannot be played properly on any other instrument. If they could be, the manufacturers who seek to profit by Mr. Edison's research work would be able to make tone test comparisons, such as have been made with the New Edison before two million music lovers.

Build Your Home on Paper First

The Right Way—The Only Way—Is to Plan Your Work Then Work Your Plan

The building game is new to the average home builder. You cannot be expected to tell the carpenter or contractor all you have in mind, nor can you expect him to make a record of everything you speak of.

Meet your carpenter half way by providing him with a carefully prepared set of plans and specifications. These plans show all details and how much of everything.

It is the only economical way to build. It will do away with extras, disputes and misunderstandings.

Ordinarily these blue-prints cost from \$10.00 to \$100.00 for each house. We furnish them free to our customers.

If you are considering making any kind of improvements, your first step should be to see us. We can save you money.
