

Chas. M. Howe

Farm Sale and Live Stock
Auctioneer

P. O. Box 442 Lone, Oregon

Town and Country.

A. Henriksen, Cecil cattleman and alfalfa raiser, was doing business in Heppner Tuesday.

Mr. and Mrs. J. B. Sparks, of Liberty Theater, Condon, were visitors in Heppner on Sunday, returning home on Monday.

WOOD SAW FOR SALE—\$300 will buy a first-class wood saw outfit, \$50 cash, balance terms. Inquire at this office.

The editor of this paper and his

family are under obligations to Mrs. P. E. Everett of Milton for a box of very delicious peaches received from her through the mails last week. We do not know the variety of the peach but we do know that they were mighty good. They were big fellows, too, being just thirty-eight in the box, which had to be extended to receive them. Mrs. Everett has our thanks for this splendid treat.

Mr. and Mrs. W. P. McMillan, of Lexington, were in Heppner on Monday evening to see "The Kaiser" at the Star theater.

Mrs. Vawter Crawford and daughter Mary, returned Monday from a visit of two weeks at the home of Mr. and Mrs. LeRoy Jones, at Melbourne, Wash.

Percy Jarman, Butter creek farmer, was in Heppner over Monday.

Mr. and Mrs. C. L. Keithley were down from Tupper station, where they are spending the summer, for a few days the first of the week.

I have a few boxes of Berry de Anjou pears left. They require but little sugar for canning and are excellent combined with pineapple, apples or other tart fruit.

H. A. NOYES.

Frank Turner made a business trip to Portland last week, going down after some necessary repairs for his truck. He has been quite busy the past month hauling grain from the Jess Turner ranch to the warehouse in Lexington.

Mrs. M. L. Case returned home on Friday last from Beswick Springs, Calif., where she had been called on account of the very serious illness of her father. When she left her father was much improved and able to begin his journey home.

Rev. H. A. Noyes, pastor of the Federated church, returned from his summer vacation, which was spent on his place at Sunnyside, Wash., on Friday last, and on Sunday regular services were again resumed at his church.

Mrs. G. W. Thompson arrived Saturday evening from Weiser, Idaho and will visit for a short time with relatives and friends at Heppner. She was accompanied by Miss Pearl French who has been visiting the past couple of months at the Thompson home.

Mrs. Frank S. Parker, returned home from Portland Sunday evening, being fully recovered from the effects of an operation for removal of cancer of the breast, which she underwent about a month ago. The operation seems to have been entirely successful.

W. T. McNabb, of Lone, was doing business in Heppner Monday. Was says that he notes a large number of the prospective draftees under the new law have suddenly gone lame and it would appear that they are not nearly as anxious to be taken for soldiers as they have been want to express themselves.

S. E. Notson and wife accompanied Mr. and Mrs. W. P. McMillan of Lexington on a trip to Hermiston Sunday. They made a tour of the Cold Springs irrigation project and noted much improvement both at Hermiston and Stanfield.

Vic Groshens is now getting figures on the construction of a two story building that will cover his entire lot on the corner of Main and May streets. He is not able at this time, however, to make any definite announcements as to his plans but he expects to be ready before long to start operations.

Frank A. Andrews and family returned on Saturday from their outing of a couple of weeks spent at Copper station south of Parkers Mill. They had a good time and return to the city much refreshed. Mr. Andrews resumed regular preaching services at the Christian church on Sunday.

Mr. and Mrs. W. A. McClintock of Dry Fork were in Heppner Friday, having brought their little daughter to the hospital for the removal of adenoids. Mr. McClintock has just finished combining his crop and states that his returns were rather slim, his best yield not exceeding ten bushels per acre.

County Court assembled at their chambers in the court house on Tuesday to consider road matters. They also made a trip of inspection out to Jones hill, where the construction company have been making a few miles of macadam. The sittings of the Court for the regular September term began yesterday morning.

Paul Rietmann was a business visitor in Heppner Friday. Mr. Rietmann has finished his threshing, which was a short job this season because of the damage to his fields from hail. The hail storm of several weeks ago destroyed the equivalent of about 4000 sacks of grain, and this added to the expense of putting the crop in, makes Mr. Rietmann a very heavy loser, indeed.

Dr. C. C. Chick was up from Lone yesterday and performed an operation on Delmar Waters for the removal of tonsils and adenoids. Many young children are afflicted with adenoids and a large number seem to have trouble with their tonsils. The operation for their removal is simple and the trouble should be gotten out of the way before the child enters school.

Will Garrigues, chief mechanics mate on one of Uncle Sam's submarines, and stationed for the present at the Bremerton navy yard,

spent the past week in Heppner, visiting with his mother and at the home of his sister, Mrs. J. B. Snyder. Mr. Garrigues has served for four years in the Navy, and recently re-enlisted. He expects to be called to go to the fighting zone within a short time. He returned to Bremerton on Monday.

Mr. and Mrs. A. E. Patterson returned Monday evening from a visit of a week with a brother of Mr. Patterson's at La Pine, Oregon. While absent they enjoyed some very excellent trout fishing near the head waters of the Deschutes river. Pete Eaton, relative of Mr. Patterson, is quite extensively engaged in running a dairy farm some 12 miles out from La Pine and is doing well. He formerly lived in Heppner, where he followed the trade of barbering.

John Brosnan was in from Lena on Wednesday. He brought Mr. and

Mrs. Geo. Vinson in so that they another harvest comes. As it is, the might be here for the farewell to neighbors, if they can possibly get time, will have to help the old who was one of the draftees leaving people out. Such is war, and for all this morning for Camp Lewis. these things we have to thank kaiser Bill.

CHRISTIAN CHURCH.

10:00 a. m., Bible School.

F. A. ANDREWS, Pastor.

Lend Your Pennies to the Government!

That is the spirit which will help America win the war.

That is the THRIFT spirit.

There is a place for the pennies—put them in Thrift and War Savings Stamps.

This store is cooperating with the Government in food conservation.

SAVE WHEAT---We have the substitutes.
