**State Press Strongly Backs War Program--Old Delinquent Tax Law Serves People Best**

Let the present delinquent tax publication law of Oregon alone. Whenever the voters of the state immer an existing statute of merit, the inevitable result is a boomerang. Whenever, likewise, the freak legislation succeeds in placing some wild etherial plan on the statute books, the voters of Oregon bear the burden until such time as the law can be cut off the books. Such is the history of freak legislation.

On this point clear. The present delinquent tax publication law was devised for one purpose only—to protect the unfortunate delinquent taxpayer from that peculiar brand of social parasite known as the title grabber. It is considered a model law by adjoining states and its practical application has convinced all that it is a statute of merit. When speaking of statutes, merit can only be measured by services rendered to the citizens of the state.

C. S. Jackson, editor of the Portland Journal, is attempting to substitute a pet scheme of his own to replace the present law.

Glance at the differences between the present law and the Jackson camouflage measure:

The present law provides that a mail notice be sent to all delinquents within a certain time following the delinquency date.

The Jackson law does likewise.

The present law, to save the delinquent property from the title grabbers and scheming land attorneys, who are always "taking a chance" on delinquent titles, further provides that when the mail notices fail to perform their function, then and only then, may the notice be given by publication.

The Jackson law amendment leaves out the publication entirely, and thus the delinquent who fails to get his notice is entirely at the mercy of the title grabber.

Which is the better law? Which serves the interest of the taxpayer best? Which is the more equitable statute from the taxpayers' viewpoint?

The answer is apparent to every thinking voter. Vote "NO" on Jackson's delinquent tax bill.

**State Press Firm in Support of Win-the-war Program.**

Oregon's record in the Liberty Loan drives would have been impossible without the splendid cooperation of the newspapers of the state. This statement was made recently by one of the state loan executives. It is a tribute to the press of Oregon that is deserved.

The Red Cross drives, the Y. M. C. A. and Salvation Army campaigns and the Knights of Columbus drives have all depended, in the last analysis upon the wholehearted and voluntary support of the press of Oregon. This support has been freely given, from the start, without any thought of expectation of payment for the hundreds and hundreds of columns of advertising and publicity donated.

"When honors are apportioned for the winning of the world war," said a big man of the nation recently, "the newspapers of the country will receive deserved recognition."

Perhaps the general public does not know that Congress has made no provision for the paid use of advertising in loan drives. Nor have the newspapers of the country asked for remuneration. Loyal they have responded in generous fashion and freely given their news columns and editorial pages to the propagation of a great cause.

True, it has been expensive business to carry out the government's wishes in advertising bond sales and other war activities. Like the soldier in the trenches, the Oregon editor has heeded the command of his country, and "carried on" in a manner that has turned the eyes of the nation upon this state. "Oregon First" has become a national slogan.

Nor have the country editors flinched their work. There are other drives coming, there are endless duties ahead, and until the great day when the Stars and Stripes shall float in Berlin, the press of Oregon will be on the job for Uncle Sam, without a whimper.

Operating a news plant is expensive procedure in these days of high wages and expensive stock and mechanism. With the additional expense of handling government publicity, the margin of profit is cut clear to the bone. Paper has doubled in price, ink has trebled, printers wages have soared to the clouds, and yet the country editor is serving the people of his community at the same old price.

Now comes Editor Jackson of the Portland Journal with an initiative bill to readjust the legal rate schedule. This rate has been equitably fixed by the state legislature so that the country publisher can charge no more than five cents per line. Jackson, who has tried for years to dictate to the press of Oregon, without results, now would bound the country editor out of business at the most crucial hour in the

history of the country—a time when, if ever, the country needed to fulfill a most important mission.

A reduction in rates cannot be met by any newspaper at this time and should not be asked. The present rate is the average charge the country over, and no attempt has been made to increase it in spite of the fact that everywhere cost charges are going skyward. The present rate was fixed by the legislature; it is fair to the people of the state, and fair to the country editor who is giving his best efforts to help the government at this time. Jackson's motive, under the circumstances, is grossly selfish. His nefarious plan will throttle the press of the state at a crucial time when the press cannot carry further burdens. Let the voters register an emphatic "NO" to the measures bearing the C. S. Jackson trademark.

The press of Oregon should be allowed to live. This is all it asks.

**New Food Campaign.**

A telegram from Herbert Hoover to the food administrators announces that the new food campaign which was to begin on the 28th inst. has been postponed until December 1st. The idea that the war is about over and that it is not necessary to conserve food has caused a relaxation of effort on the part of many people. This is a serious mistake. Even if the fighting should stop now, it will be necessary to save every thing in the food line. Bread stuffs, meats and fats will be needed in larger quantities "over there." And if the war goes on, as it seems likely to do, we must fulfill our pledge to "eat at a common table with our allies." We must send to our boys and the allies 5,730,000 tons more this year than we sent last year, the year beginning July 1. We have been eating an average of 6 pounds of bread stuffs per week and 4 pounds of meat and fats per week per person. A saving of a half pound of each would make up the extra amount we must send. We can do this. We must do it. Our slogan must be, "Save food"—One hundred twenty million allies must eat.

Do not wait for the new campaign. Begin now to save food as you have never saved before. See if you can get along with one twelfth-less bread and one eight-less meat and fats. Our allies are shortening their rations, but they are not complaining. If we wish to shorten the war, the best way to do it is to back our boys and our allies to the limit with food, clothing, ammunition, and guns.
