

# THE GAZETTE-TIMES

VOL. 35, NO. 32.

HEPPNER, ORE., THURSDAY, NOVEMBER 14, 1918.

SUBSCRIPTION, \$2.00 PER YEAR

## OREGON IN LINE TO BE FIRST OVER

United War Work Campaign is Getting Under Way and Moving With Rush.

Over the state the United War Work Campaign is getting under way and moving with a rush, and there is every prospect that the full quota will be met, in fact, over-subscribed, and that this will be accomplished in record time. Chairman Clark of the Morrow County Committee received the following telegram today:

"Five counties over the top—Hood River, Union, Deschutes, Wasco and Crook. Total of State to date \$421,000. Please make special effort to make large report Thursday. Oregon has chance to be first state over top.

ORLANDO W. DAVIDSON,  
State Director."

Every district in Morrow county reports that by the 18th they will be away over their quota and at this time it is encouraging to note that many people are not only over-subscribing their assessments, but many are doubling up, which is evidence of the fine spirit in which the work is being met.

We are led to ask, have you laid aside your United War Work mail? This may be the last opportunity you will have to show the boys that you are backing them to the finish, and then some.

Until peace terms are made and accepted and "the boys" are mustered out and return to their civilian occupations they will need the watchful care and attention of these several organizations. Just at this particular time in the history of the war these attentions will be required more than ever. Morrow county will not forget their boys. Watch how the United War Work will be over-subscribed.

Delayed mails and the "Flu" are responsible for "No Report" from the other districts.

The returns received up to 4 o'clock:

District	Chairman	Total
Heppner	Lucile Elder	\$2,544.50
Ione	H. M. Cummins	304.00
Lexington	W. G. Scott	300.00
Cecil	Jack Hynd	130.00
Eight Mile	Theo. Anderson	90.00
Pine City	R. P. Wiglesworth	415.50

### Soon to Graduate as Flier.

Under date of November 1st, Clarence Forbes writes friends here that he has completed his training at Mather Field, Sacramento, Calif., and has been given his commission as Second Lieutenant. He has "got his wings" and is now a reserve military aviator. He was to leave Sacramento in two weeks to take his short course at the bombing school, and from there he will go direct to France and "over the line." This latter performance will be with his own machine. Since writing this, however, there has been rapid changes at the battle front, and the war is now over and Clarence may not realize his cherished ambition. His friends at Heppner will be glad to hear of his rapid advancement.

Miss Martina Thiel, Miss Ruth Bangham and Miss Harriet Sheldon, instructors in Heppner school, departed Friday to spend a week with relatives. Miss Thiel goes to Portland, Miss Bangham to Puyallup and Miss Sheldon to Seattle. Other teachers absent from Heppner are Miss Radabagh and Miss Johnson, who are visiting with their folks at Goshen and Eugene. These will all return as soon as the ban has been lifted, and this will likely be by the first of the coming week.

Count William Hohenzollern  
Who Once Had an Ambition to Rule the World.

### Agricultural Council to Meet

The call for the annual meeting of the county agricultural council has been sent out by President R. W. Turner. The meeting will be held Saturday, Nov. 23, beginning at 10 a. m., in the Odd Fellows hall in Heppner. Representatives from every community in the county will be here to elect officers for next year and to plan the program of work to be carried out by the county agent during the year.

The lines of work from which a program is to be selected include organization, labor, bulk handling, boys and girls clubs, livestock improvement, rodent control, field demonstrations in testing wheat varieties and using sulphur on alfalfa fields, farm record work, emergency work, etc. To attempt working on all these lines would result in little progress on any problem, so four or five will be selected and adopted as the program for the year. Addresses by President Turner of Heppner, Paul V. Maris, State Leader of County Agents, together with the annual report of the County Agent and informal discussions will make the program for the day interesting to every farmer of the county.

### Boys Return.

The signing of the armistice by the Germans has suspended the operation of the draft law to a certain extent, and eight Morrow county boys who left for Camp Lewis were halted at Troutdale under orders to return home. These were Pat Curran, Lewis Cason, Wilbur Goodrich, Harlan Swift, Edward Letrace and Fritz Her of Heppner, Everett Zink and Bernal Bewley, of Ione, who were going from Portland and Salem. The local draft board are under orders to discontinue classifying registrants until further notice.

Aaron Peterson was in from Eight Mile Monday and with the rest of us was rejoicing over the good news that Germany had laid down. Mr. Peterson also states that he has his grain in the ground, has been mighty busy during the fall killing weeds and his part of the Eight Mile country is now looking up mighty fine for a crop the coming season.

Mr. and Mrs. Victor Wiglesworth drove over from the Wiglesworth ranch at Beverly, Washington, Saturday. Mrs. Wiglesworth remained in Pendleton to visit at the home of her sister, Mrs. Wurst, a few days, when she will join her husband on Butter Creek. They will return to Beverly in a few days to spend the winter.—Echo News.

## FORMER LOCAL BOY HAD A CLOSE CALL

(Kelsoian, Kelso, Wash.)  
Emery Hiatt, son of W. E. Hiatt of this city has written the following interesting letter concerning the great fight that our boys are now putting up on the European battlefields:

Dear Folks:  
Will write you a few lines as I am trying to write to all the folks. I received mail today and again I was disappointed as I didn't get any letters from you and haven't for a long time.

This is a pretty good place, we have all kinds of sport watching the air battles. Already today we have shot seven of old Fritz's planes in this immediate vicinity and had ought to get three or four more before night. This war will soon break Fritz in trying to supply our aviators with machines to bring down. The Americans are sure good aviators and go after all of the Boche machines.

Old Fritz dropped a few shells in around us, wounding one of our men and killing one Frenchman and a few Amex, and one came close enough to knock me over and I was rather flighty for several hours. One of the boys just said "Hiatt, you are going to lose your horseshoe some day."

These few lines leave me well and hope all at home are the same. This is sure a great offensive and some terrible hard fighting is going on now. This is a very important place and means a whole lot toward the defeat of Germany, which is not far away now. Our division had to be brought in again to start the Germans and right now we are on soil that the Allies haven't been on for over three years.

Well, Dad, I sure would love to be home to partake of a few more home cooked m-als like you zec mother put up when we used to go out from Portland.

Will have to close and go up to the gym with provisions as it is almost dark and we wait until dark as Fritz can see us in the day time and would shoot at us.

EMERY.

### Several Divorces Are Granted.

There was light work at the sitting of Circuit Court in Heppner on Monday, but Judge Phelps granted decrees to several mismatched couples, among them being Lena Schloevoigt vs. John W. Schloevoigt, with property settlement as per stipulation. These people are residents of the Morgan section and after having lived together for the past thirty years, they could not agree. Considerable property was involved in this suit. Ralph N. Hymer was granted a decree from Beasie Hymer on the grounds of desertion. A decree was also given Carrie Turpin, separating her from Richard R. Turpin. These two couples are lone people. The case of Dora Starkey vs. E. J. Starkey was dismissed on the motion of the plaintiff.

### VICTORY BOYS AND GIRLS.

The campaign for the United War Work will close next Monday. We have not heard from all the districts. If you have not reported your pledge to your teacher or to the county chairman, do not put it off. Either call up on the telephone, or write at once. Every member will receive a badge. Give the number of your school district. The quota has been increased because there will be greater need of the work of the great organizations while the troops are being demobilized. Do not neglect to report your pledge if you have not done so.

S. E. NOTSON, County Chairman.

## FERTILIZER ADDS VALUE TO O.A.C. CLOVER CROP

Oregon Agricultural College, Nov. 12.—Application of 10 tons of manure per acre increased the net profits over untreated areas by \$10.30 an acre. With beans the net profits from like treatment were \$8.59 an acre over the untreated plot. The fertilizer had a greater value when used in crop rotation, and the greatest value under irrigated conditions.

"Maintenance of organic matter is of great importance in the control of moisture in the dry part of the growing season when moisture becomes the limiting factor in crop production," says W. L. Powers, professor of soils at the Oregon Agricultural College. "Fields that had manure or clover sod diked and plowed under withstood drought much better than untreated companion plots. This is especially true this season."

"Organic matter can be increased by application of lime or fertilizer where increased growth results, by accumulation in pastures, by green manures, by catch or cover crops, and by plowing under manure and clover sod every three or four years."

### Committed to Asylum.

James D. Carter was examined as to his sanity on Saturday evening and was committed to the asylum at Pendleton. He had been herding sheep recently for L. V. Gentry, and became possessed with the idea that someone wanted to kill him and accused various persons of Heppner of carrying a gun for him and desiring to take his life. After having wandered about town for considerable time in this frame of mind he was taken care of by Sheriff McDuffee and locked up until the county physician, Dr. Winnard, could examine him. Carter was taken to Pendleton Tuesday by an attendant from the Eastern Oregon asylum.

### Divorce Is Granted.

Judge Phelps has granted a divorce to Dorothy Bartholomew from Harry E. Bartholomew. The decree requires the defendant to pay over \$15,000 cash and deliver Liberty Bonds to the amount of \$5000, and in lieu of bonds may pay as additional \$5000 cash. \$75 a month is also to be paid for a period of three years, starting next January. All lands now standing in the name of Mrs. Bartholomew are to be transferred clear to her.—Echo News.

### Buys Shelly Baldwin Property.

City Marshal Clark this week closed a deal with Shelly Baldwin for his residence property at the west end of Willow street. He will have an addition built on before moving in. Mr. Baldwin and family are moving into the W. P. Hill residence on the hill at the end of May street.

W. G. Scott, president of the Lexington State Bank, was in Heppner for a short time last evening. He reports quite a number of cases of influenza at Lexington, among them being W. O. Hill, cashier of the bank and his wife, and several members of the Andrew Reaney family. Mr. Hill has been very sick but is now improving and will be able to get back to work before many days.

The city's new comfort station will soon be completed. The old city jail has been worked over for this purpose and toilets and lavatories put in and a neat rest room is being arranged. This station will be an easy reach of Main street.

Carl Rhea writes to R. B. Stauffeld that he is still at Hempstead, N. Y., and that he has hopes of getting over the pond as soon as the quarantine is lifted on his camp. He has been employed in the disbursing department for some time, and says that he is kept busy, there being from 500 to 1000 civilians to pay off every Saturday.—Echo News.

### THE FOOD QUESTION.

The coming of peace calls for the most careful conservation of food stuffs. Do not think that the food supply will be increased at once. Crops can not be raised in Europe until next year, and thousands of acres can not be put into cultivation for two or three years. The demands upon America will be enormous. So continue the Hoover program without any relaxation of effort.

S. E. NOTSON,  
County Food Administrator.

Head In.

## Election Laws Were Violated

We presume that it was done inadvertently, but the posters and advertising put out in Heppner just prior to the city election and the advertising appearing in a Heppner paper boosting the so-called womens ticket, was in direct violation of the following statute. We call attention to this, not for the purpose of getting anyone into trouble or for the sake of controversy, but that there may not be a similar mistake made in the future, for the authority for all such advertising must be mentioned therein. The law is as follows:

§ 3519. Anonymous and Labelous Publications—Defenses.

It shall be unlawful to write, print, or circulate through the mails or otherwise any letter, circular, bill, placard or poster relating to any election or to any candidate at any election, unless the same shall bear on its face the name and address of the author, and of the printer and publisher thereof; and any person writing, printing, publishing, circulating, posting or causing to be written, printed, circulated, posted or published any such letter, bill, placard, circular or poster as aforesaid, which fails to bear on its face the name and address of the author and of the printer or publisher shall be guilty of an illegal practice, and shall on conviction thereof, be punished by fine of not less than ten dollars nor more than one thousand dollars.

### To Holders of Treasury Certificates of Indebtedness.

The date of maturity of United States Treasury Certificates of Indebtedness of series 4 D, dated August 6, 1918, has been advanced from December 5, 1918, to November 21, 1918, according to telegram received by Governor James K. Lynch of the Twelfth Federal Reserve District from Secretary of the Treasury William G. McAdoo.

The following notice has been given to holders of these United States Treasury Certificates of Indebtedness:

"All United Treasury Certificates of Indebtedness of series 4 D, dated August 6, 1918, and maturing December 5, 1918, are hereby called for redemption on November 21, 1918, at par and accrued interest pursuant to the provision for each redemption contained in the certificates. On November 21, 1918, interest on all certificates of said series will cease to accrue."

### NOTICE TO REGISTRANTS.

The Local Board of Morrow county has received the following instructions from the State Adjutant General's office in Portland:

"The President directs that registrants who on September 12th, 1918, had attained their thirty-seventh birthday, and who have received questionnaires, need not fill out such questionnaires, but they are immediately to return this document to their local boards. No charge of delinquency will be made against any such registrant for his failure heretofore to fill out and return his questionnaire though the time set for such return is now passed, and all charges of delinquency heretofore made against such registrant of such ages who has failed to return their questionnaires within the time limit set therefor will be canceled and made of no effect."

Family grade Spitzenbergs and Newtown apples, \$1.00 per box at Hood River. Send check or money order. PERRY E. WELLS.

## OUR WORK IS NOT YET DONE

Let Everyone Respond to the Call of the United War Work.

The developments of the past week monumental as they are, may lead some people to think that our duty to the boys "over there" is finished. Such is far from the case. Our work is not done until the boys are once more over here.

Notices were sent to everyone in Morrow county whose name was known to the committee. The names were taken from the list of previous subscribers to the different war funds. Assessments were made which the committee felt were just in every case. If there is any case where a person feels that he was assessed too much the committee will be pleased to give him a hearing. The response so far has been very generous and many in sending in their returns are sending in amounts double their assessments. In sending out the notices of assessment it is possible that the names of some of our citizens were overlooked, and that some of the notices were misdirected on account of change of address. It is the duty of every person in our county, however, to come forward and do what he feels that he is able, in order that no one will feel embarrassed when the list of county subscribers is finished.

F. A. McEMANIN, Chairman,  
Morrow County Publicity Committee.

### To Install Fine Musical Instrument.

J. E. Sparks of the Star theatre of Heppner and the Liberty theatre of Condon, was in Heppner on Friday, having just returned from a trip to Dayton, Wash., where he had been to inspect a fotoplayer used in the theater there. This is one of the finest instruments extant for motion picture theaters, and Mr. Sparks has decided to install one in each of his theaters. The new player will be put in at Condon immediately and he expects to have the one on hand for Heppner just as soon as the theater can be opened for business again. The instrument is mechanically operated by electricity and is said to have a wonderful range, being able to produce music of a full orchestra or that of a pipe organ at the will of the operator, and changes to suit the picture can be made instantly. It is produced by the American Photo Player Co., with Pacific Coast quarters at San Francisco. Many of our people who have visited Portland theaters have heard this instrument, and Mr. Sparks can be congratulated upon taking this progressive step, which will place his theaters up among the best as places of popular entertainment.

### Slacker Is Released.

For the past three weeks Sheriff McDuffee has had under his keeping at the county jail, a slacker who was going by the name of Frank B. Fuller. He was taken up here by the Sheriff and when called upon for his registration card could not produce one. It developed Wednesday that the fellow's right name was Ed C. Sanders, and that he had a properly executed registration card which had been issued to him at Pendleton. Upon producing this, the sheriff allowed him to go. He put up the claim at the sheriff's office that he was suffering from a lapse of memory when he first claimed to be minus a registration card, but this is a rather thin story and is not credited by the officer.

### Dr. Turner, eye specialist of Portland, will be in Heppner again Monday, Nov. 18th, one day only, at Barnard's rooming house. In Ione, Tuesday, Nov. 19th. Consult him.

Editors Are Very Scarce But No Lawyers There.

For the benefit of the young lady who wishes to know if there are any editors in heaven, we publish the following information, which is an absolute fact and can be found on page 23 of Doan's Kidney Pills official directory and is classed as one of the wonders of America. It says: "There is but one editor in heaven. How he got there is not positively known, but it is conjectured that he passed himself off for a minister and stepped in unsuspectingly. When the fraud was discovered, they searched the realms of felicity all their length and breadth for a lawyer to draw up the necessary papers for ejection, but they could not find one, so, of course the editor holds the fort.—Rocky Ford (Colo.) Topic.

## Armistice Terms Are Most Drastic and Must Be Met by Defeated Huns Within Thirty Days

Immediate Evacuation of Invaded Territories Shall Be Completed Within Next Fourteen Days—Guns, Airplanes Naval Equipment and Stolen Moneys Must Be Turned Over, Among Some of Specifications.  
[FROM TUESDAY'S OREGONIAN]

Military clauses on western front:  
1. Cessation of operations by land and in the air in six hours after the signing of the armistice.  
14 Days to Evacuate.  
2. Immediate evacuation of invaded countries, Belgium, France, Alsace-Lorraine, Luxemburg, so ordered as to be completed within 14 days from the signature of the armistice. German troops which have not left the above mentioned territories within the period fixed will become prisoners of war.  
Occupation by the allied and

United States forces jointly will keep pace with the evacuation in these areas. All movements of evacuation and occupation will be regulated in accordance with a note annexed to the stated terms.  
3. Repatriation beginning at once and to be completed within 14 days of all inhabitants of the countries above mentioned, including hostages and persons under trial or convicted.  
4. Surrender in good condition by the German armies of the following equipments: Five thousand guns (2500 heavy, 2500 field) 30,000 ma-

chine guns. Three thousand mirmenwerfer, 2000 aeroplanes (fighters, bombers—firstly D 73s and night bombing machines). The above to be delivered situ (as they stand) to the allies and the United States troops was the detailed condition laid down in the annexed note.  
5. Evacuation by the German armies of the countries on the left bank of the Rhine. These countries on the left bank of the Rhine shall be administered by the local author-

(Continued on page 8.)
