

**ARMISTICE TERMS DRASTIC**

(Continued from first page.)

ities under the control of the allied and United States armies of occupation. The occupation of these territories will be determined by allied and United States garrisons holding the principal crossings of the Rhine, Mayence, Coblenz, Cologne, together with bridgeheads at these points in 30-kilometer radius on the right bank and by garrisons similarly holding the strategic points of the regions. A neutral zone shall be reserved on the right of the Rhine between the stream and a line drawn parallel to it 40 kilometers to the east from the frontier of Holland to the parallel of Gernsheim and as far as possible a distance of 30 kilometers from the east of the stream from this parallel upon Swiss frontier. Evacuation by the enemy of the Rhine lands shall be so ordered as to be completed within a further period of 11 days, in all 19 days after the signature of the armistice. (Here the President interrupted his reading to remark that there evidently had been an error in transmission, as the arithmetic was very bad. The further period of 11 days is in addition to the 14 days allowed for evacuation of invaded countries, making 25 days given the Germans to get entirely clear of the Rhine lands). All movements of evacuation and occupation will be regulated according to the note annexed.

The railways of Alsace-Lorraine shall be handed over within the same period, together with all pre-war personnel and materials. Further material necessary for the working of railways in the country on the left bank of the Rhine shall be left in situ. All stores of coal and material for the upkeep of permanent ways, signals and repair shop left entire in situ and kept in an efficient state by Germany during the whole period of armistice. All barges taken from the allies shall be restored to them. A note appended regulates the details of these measures.

8. The German command shall be responsible for revealing all mines or delay fuses disposed on territory evacuated by the German troops and shall assist in their discovery and destruction. The German command shall also reveal all destructive measures that may have been taken, such as poisoning or polluting of springs, wells, etc., under penalty of reprisals.

**Rights of Requisition Claimed.**

9. The right of requisition shall be exercised by the allies and the United States armies in all occupied territory. The upkeep of the troops of occupation in the Rhineland (excluding Alsace-Lorraine) shall be charged to the German government.

**Clause on East Africa.**

17. Unconditional capitulation of all German forces operating in East Africa within one month.

18. Repatriation, without reciprocity, within a maximum period of one month, in accordance with detailed conditions hereafter to be fixed, of all civilians interned or deported who may be citizens of other allied or associated states than those mentioned in clause three, paragraph 19, with the reservation that any further claims and demands of the allies and the United States of America remain unaffected.

19. The following financial conditions are required:

While such armistice lasts no public securities shall be removed by the enemy which can serve as a pledge to the allies for the recovery or reparation for war losses. All other surface warships (including river craft) are to be concentrated in German naval bases to be designated by the allies and the United States of America, and are to be paid off and completely disarmed and placed under the supervision of the allies and the United States of America. All vessels of the auxiliary fleet (trawlers, motor vessels, etc.) are to be disarmed.
