Council of National Defense Poses for Victorious War Picture

Written into history with the United States' part in the world war will go the names of these seven men who proved themselves equal to the task imposed upon them through our plunge into the great conflict. It is the latest picture of the Council of National Defense, which, through various subordinate organizations, mobilized American industry and science for a victorious war. Left to right, they are: Council Secretary G. B. Clarkson, Secretaries David L. Houston, Josephus Daniels, Newton D. Baker, Franklin K. Lane, William C. Redfield and William B. Wilson. The picture was posed November 29, 1918.

Iron and steel are needed for war.
The U. S. Government is calling for the conservation of metal for war uses.
You can help by making your old range "do" a little longer. Have it repaired, if necessary. If it is past repairing, and you must buy a new range, get a Majestic. It will save fuel—absolutely heat-tight. It will save food—bakes right always. It will save repairs—its malleable iron frame is unbreakable and its charcoal iron body resists rust 300% better than steel.

Caution: If your Majestic needs new parts, get them from us. We will supply you with genuine Majestic materials—not light, inferior parts, made by scalpers.
