THE WOLF! THE WOLF!
If the cry, "The wolf, the wolf!" should come to your ears and you know that there were children near who might be attacked by the wolf, you would hasten to their help. The gaunt, fierce wolf, HUNGER, is at the throats of nearly half a million orphans in the Near East. Thousands of them will soon perish unless YOU and other sympathetic persons hasten to their aid. Seventeen cents will keep one of them from starving one day; five dollars will provide for one for a month; ten dollars will save one of them. Morrow County has been asked to save 160 of these starving orphans. What are you going to do about it?

One ranchman has given \$50.00. Two others have given \$30.00 each. Several persons have given \$10.00. Others have given \$5.00. The treasurer, J. J. Nys, reports enough turned in to take care of twenty-two of these helpless children. Shall we fail to save these 160 little ones? DELAY means DEATH. Morrow County is not in the habit of falling down. We must not fall this time. Send in your check, or notify Mr. Nys how much you expect to give. Act at once. If, after thinking it over, you are not satisfied, send in more. LET US WAKE UP, and put Morrow County "over the top" once more.
