

Years have been spent in perfecting this instrument, which measures Astigmatism to an absolute exactness.

## A Last Goodbye To Headaches

When you wear a pair of my perfect fitting glasses your headaches end for good.

You will know then that those splitting headaches are needless—the cause has been removed and the headache does not reappear.

Never again will you have to seek a darkened room, and never again use harsh treatments. You will never again have to take dope or headache pills. Nor ever again will you let a headache spoil a joyful hour.

My perfect fitting glasses made after a scientific personal examination with the aid of specially made instruments have proved and are still proving a great blessing to hundreds of Morrow County people who never before knew what it was to be free from headaches.

This is the new residence of Mr. and Mrs. D. C. Wells that will go up immediately on their lots recently purchased from S. E. VanVactor in south Court street. The premises are known as the J. D. Brown place. Mr. Wells is having the ground cleared now, and the contract has been let to C. A. Lansdown, contractor and builder, who is putting up the cottage according to plans furnished Mr. Wells by the Tum-A-Lum Lumber Co. This company will furnish the materials for the

building. The drawing here illustrates a type of dwelling that is very popular among the patrons of the Tum-A-Lum Company. Wm. Cronk, at Ione, has a home built from the same plans and it is identical with the Wells dwelling in nearly every detail.

We hear much talk about building of homes in Heppner at this time and hope that this structure will be suggestive to others who are contemplating new homes in our city.

## OUR TRADE MARK

We take pleasure in calling your attention to the trade mark above which we have adopted for use in connection with our advertising, and on our stationery.

In developing this trade mark we had in mind associating our institution with the three basic industries of Morrow County, as well as securing an emblem of interest to all its citizens; one representing the factors upon which their prosperity and ours so largely depends.

Under this emblem our future efforts toward building up our community and financing its industries and enterprises will be directed. It is our sign of COMPLETE SERVICE.
