

THE GAZETTE-TIMES

VOL. 36, NO. 4.

HEPPNER, OREGON, THURSDAY, APRIL 24, 1919.

SUBSCRIPTION, \$2.00 PER YEAR

SHERIFF'S OFFICE AFTER THE BOOZE FIGHTERS

Sheriff E. M. Shutt announces that it will be the policy of his office to strictly enforce the law against all those who are making it a habit to get drunk and disturb the dignity of the State of Oregon. During the week he has "run in" seven offenders of this sort, and three of these had the pleasure of taking a rest over night in the county jail. These fellows have been getting drunk on anything they might get hold of that contained sufficient alcohol to make them boozey, and not a few of them became quite boisterous. The sheriff has instructed his deputies all over the county that the law against drunkenness must be strictly enforced and it will be their duty to arrest all violators and take them before the nearest Justice of the Peace and have them fined, and there will be no exceptions made. The net cash results in fines to the county the past week is the sum of \$150. The law under which the sheriff is operating is as follows:

Chapter 40, 1917 laws of Oregon. Section 1. It shall be unlawful for any person to enter or be found in a state of intoxication or to drink intoxicating liquor of any kind as a beverage in or upon any engine, cars, train of cars, boat, landing, wharf or depot of any common carrier within the State of Oregon; and it shall be unlawful for any person to be drunk in any highway, street, or in any public place or building, or for any person to be drunk in any private building or place and disturbing others. Any person violating this section shall upon conviction thereof be fined in any sum not less than Ten Dollars, and not more than One Hundred Dollars, or be imprisoned in the county jail for a period not exceeding fifty days.

Will Build Flying Machine Here.

Heppner will likely have some flying exhibits all her own, if the plans of C. B. Vickers, head machinist at the Universal Garage come to a head. Mr. Vickers left for Portland Sunday, and after a day or two in that city he will go to Seattle, where he will get together the necessary machinery and other material out of which to construct an airplane. These will be shipped to Heppner and Mr. Vickers will assemble the machine here, and promises to give our citizens some real stunts and thrills in the air. Having spent months in the air service of Uncle Sam at the big training camps in Texas, Lieut. Vickers, for such was his official position while in the service, understands the game thoroughly and will be able to put Heppner on the map in this particular, at least.

Books Being Experted.

The Messes Roberts and Jackson, of the firm of Crandall & Roberts, expert accountants, are busy at the court house this week, making an examination of the books of the county officials. Mr. Crandall is expected to be on the job within a day or two. Owing to a rush of work the experts have been delayed in getting on the job here for which they were scheduled about the first of the year.

Glenn Jones left yesterday morning for Walla Walla to take in the big tractor demonstration.

FOR SUFFERERS IN NEAR EAST

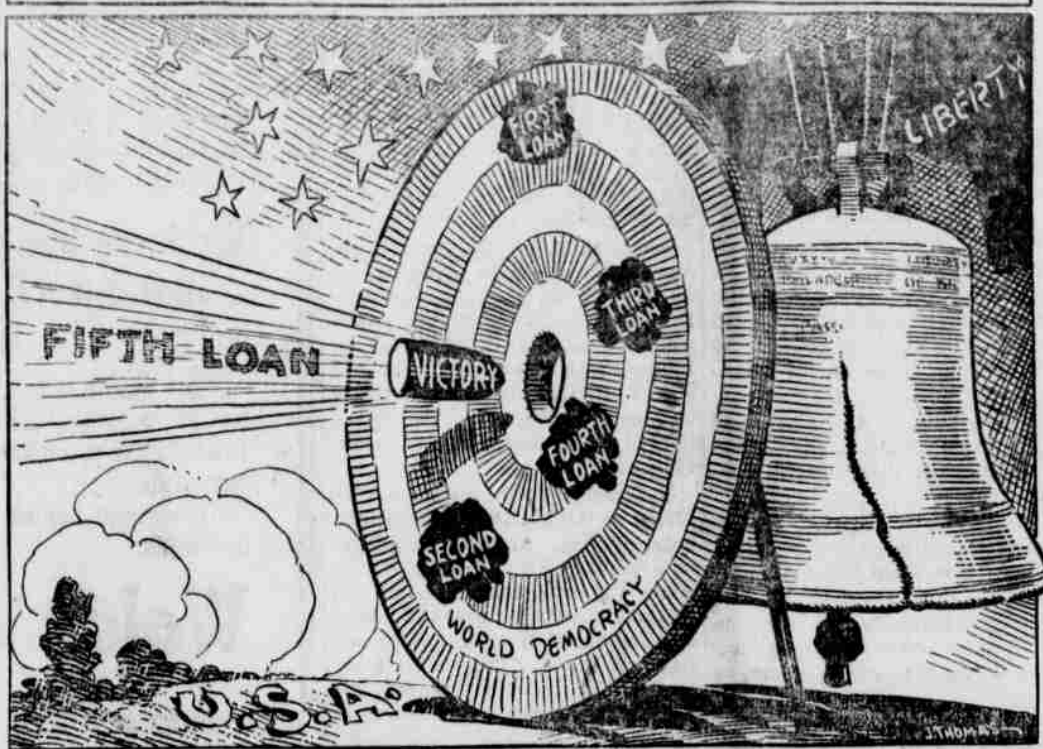

So far Morrow county has failed to raise her quota in the drive for relief funds for the sufferers in the Near East, and Chairman Notson informs this paper that about one-third, only, of the amount asked of this county has been raised. It is the intention to continue the drive, and May 16th has been set as the date to put this county over.

Writing to Mr. Notson, under date of April 19th, Treasurer Ben Selling says:

"I have just listened, with much interest, to Mr. Thompson's account of his visit to Heppner, and of your determination to see that the county raises its quota in full in the next thirty days. You may be sure this office will give you every co-operation possible. County after county has sent in its quota in full or more, until I hope within the next few days to send to New York a check for \$50,000. I wish that I might have a nice subscription from Morrow county for that check, but I know these matters take time.

"Just as soon as we hear that Morrow has completed its Victory Loan quota, we are ready to write, telegraph, or help in any way we can to help make your campaign of May 16th a success."

THE BELL-RINGER

RICE FARM SELLS FOR A LARGE SUM

Mr. and Mrs. W. D. Newlon this week disposed of the Rice place, on which is situated the big artesian well, to Harry L. Duvall, for a consideration of \$50,000.00, and included in the sale is all water rights, both surface and underground. Mr. Duvall has been running the Rice farm for the past two years, having come to this county from Umatilla county, and he is manifesting his faith in our section by investing in a place of his own. The Rice place is well improved, and because of the fine artesian flow of water there it is considered very valuable.

This farm contains 1000 acres and the flow of water from the artesian well can reach a large portion of the land and place it under irrigation. The Newlons still own a ranch of 1000 acres at South Springs, and Mrs. Newlon informs this paper that it is their intention to go ahead and put down a well there, with the hope that they may strike another artesian flow.

ANNOUNCEMENT.

Dr. M. M. Johnson, veterinarian, wishes to announce that he is now ready for business in his profession, and all calls will be promptly answered, day or night. Office, Patterson's Drug Store, phone 123; residence, phone 393. a24-tf

EXHIBITS FINE WOOL FLEECES

Jack Hynd, of Cecil, has on exhibition at the First National bank in this city, three clips of wool that have been of much interest during the week. These clips are the result of some experimenting on the part of Mr. Hynd, and he feels well satisfied over the results obtained. While none of the wool is classed as fine wool, being of the coarser grades, yet it cannot be considered altogether in the coarse wool class. It is of very long staple, very clean and of excellent fiber, showing that the sheep from which the clips were taken, had wintered well, and Mr. Hynd says that his entire clip of wool shows up after this fashion this year.

The finest fleece is from a half blood Lincoln ewe, the result of a cross with a full blood Ramboulette. She is six years old, and the fleece weighs 11½ pounds. A fleece from this same ewe brought \$8.50 at Portland last year.

Another is from a lamb of this ewe, bred back to a Lincoln buck. The fleece is from a yearling and weighs 19 pounds.

The third fleece is from a half blood Lincoln yearling and weighs 16½ pounds.

Mr. Hynd has just finished shearing 2300 head of half blood Lincolns, getting an average of 11½ to 12½ pounds to the fleece. He has finished with all his shearing at the Cecil ranch, and states that his clip is exceptionally fine in quality and cleanliness this year.

R. E. Chadwick, of Portland, representing the Pacific Building & Loan Association of Tacoma, was in Heppner the first of the week looking after business for his company. This Association has quite a number of stockholders in Heppner, and while here Mr. Chadwick made arrangements for placing a number of loans here that will be used in rebuilding the city.

SENIOR CLASS ENJOYS PARTY

There's an April Topsy-Turvy Party, the following plan and date, no matter what the weather—be sure that you're not late. 'Twill all be most unusual—a merry mix-up quite. And this is what you all must do to join the fun that night: To make things topsy-turvy, will mix our clothes up, too. Well put on something upside down, or wear it wrong side to. Or on our feet, will wear some shoes that do not match each other. And really 'twill be hard to tell one person from another.

At 7:45 the entire Senior class, accompanied by their adviser, Miss Thiele, carefully walked backwards up the steps and were admitted to the back door of the Akers' home. Quite an interesting scene ensued.

Shirts, coats, dresses, were worn in every style but the style that was meant for them to be worn, hair was dressed in the most alarming fashion, from the demurest pig-tail to the elaborate coiffure that might have been the envy of a queen of the Cannibal Islands; and tattooing appeared in fantastic designs on the faces of the different guests. The display of colored hosiery was equally surprising.

The evening passed quickly. The games were unique and interesting, many of them being familiar games played backward; there were also some new and amusing games.

Nothing need be said of the success of the party; the evident enjoyment of the guests spoke more plainly than words.

Refreshments were served, a few more games were played and the guests bade good-night to their host and hostess, expressing rather inelegantly, yet truthfully that: "We certainly have had the time of our lives."

There were present besides the Senior Class and Miss Thiele, Miss Hewes, Miss Struck, Miss Johnson and Miss Radabaugh.

K. P.'S HAVE BIG TIME AT CONDON

Edymon Lodge No. 66, K. of P. of Condon was host to visiting members of the order from four different lodges on last Tuesday evening, when the Condon lodge entertained delegations from Heppner, Arlington, Lone Rock and Mitchell. The work of conferring ranks on sixteen candidates occupied the time of the evening, after which there was a fill up on clams. The following members of Dorie Lodge No. 20 of Heppner, drove over to Condon Tuesday afternoon and took in the meeting: W. W. Smead, W. A. Richardson, W. C. Cox, A. M. Phelps, Chas. Thompson, J. E. MacAnally, Dr. Butler, J. A. Waters, Wm. Haylor, Joseph Hughes and Joseph Connor. A couple of car loads of the members of the lodge went also from Lexington and Lone. The boys all report a mighty fine time.

W. O. Minor, the veteran Short-horn breeder, who retired from the breeding business some two years ago, finds that he can not stay out. The W. O. Minor Shorthorn Cattle company has been formed, and now has about 30 cows of breeding age. Besides Mr. Minor, the members of the company are R. A. Thompson and Glen Boyer, both of Heppner. Their intention is to go actively into the Shorthorn game again.—Oregon Farmer.

THE HEPPNER BANKS WILL CO-OPERATE

The following telegram was received by Chairman W. G. McCarty of the Morrow County Victory Loan, from James K. Lynch, of the Federal Reserve Bank, San Francisco:

"In order to assist in financing the Victory Loan it is recommended that banks generally agree to carry their customers at Fifth Loan rates for a period of ninety days at same rate where circumstances necessitate. Beyond this loans to be at market rates. Will appreciate your bringing this recommendation to the attention of local bankers."

Mr. McCarty states that he has been advised that the banks of Heppner will co-operate in this manner, and it is expected that other banks in the county will also accept the recommendation.

Remembers Birthday Anniversary.

Dr. and Mrs. C. C. Chick, of this city remembered that on Sunday last, Mr. John H. Wilt, of Lone, would register another anniversary of his birth, and a dinner was prepared and given in his honor at the Chick home. Those present and enjoying the hospitality were Mr. and Mrs. John H. Wilt, Mr. and Mrs. Bea Buschke and daughter Grace, of Rilea Creek, Dr. Clyde Walker and wife, M. H. Cummins and wife and Miss Eva Swanson of Lone, Dr. and Mrs. Chick and son Charles of this city.

SURPRISE PARTY AT LEXINGTON

A good friend of ours at Lexington, handed us the following item for some time past week's issue, but for some reason, not a word of the entire fault of the editor, it failed to reach the compositor. We extend our apologies and present the item now, though a little late.

Last Wednesday evening a number of friends succeeded very well in surprising Mrs. J. G. Johnson of Lexington. On returning after a very unsatisfactory ride in their car (the engine knowing having misbehaved) Mrs. Johnson found intruders had taken possession of her home during her absence. The evening was made exciting by the birthday greetings extended her in various ways. All had a general good time. Everyone enjoyed the lovely things found in the baskets that were brought by the guests.

Those present were: Mr. and Mrs. J. G. Johnson, Mr. and Mrs. J. W. Hough, Mr. and Mrs. C. Warner, Mr. and Mrs. Lee Reaney, Mr. and Mrs. Gene Gentry, Mr. and Mrs. J. Parker, Mr. and Mrs. E. Burchell of Portland, Mrs. Kerber, Mrs. F. Evans, Mrs. C. R. Pointer, the Messes Brown of Walla Walla, Mrs. W. P. McMillan, Miss E. Tilton, Miss C. Alinder, Miss M. Lay, Miss J. Fridley, Miss D. Fridley and Miss G. Eaton.

M. O. Bennett and Mr. Baldock, state highway engineers, are in Morrow county this week, establishing the monuments for the beginning and ending of each road upon which money is to be appropriated under the bonding proposition.

FOR SALE—Model 45 Oldsmobile, 8 cylinder, 7 passenger. Has been run only 2800 miles. Price \$800.00. Inquire H. E. Storm at First National Bank.

HEPPNER B. P. O. E. TO BUILD A HOME

Condon Globe-Times.

Seventeen Condon Elks made the trip to Heppner the last of the week to take part in the big celebration of the Heppner Lodge and they report the time well spent. The cars began leaving here early in the afternoon, but none returned until late in the morning. One carload of Condon Elks got lost on its way home and did not get in until rather late.

Heppner Lodge has a number of members residing in Condon and they took an active interest in the affairs of the lodge. At the meeting an excellent program was prepared and the lodge decided to issue building bonds in the sum of approximately \$30,000 and erect a home for the lodge that the members can be proud of.

Those attending from here were: Judge D. R. Parker, F. T. Hurlburt, Glen Graves, J. A. Randall, Dr. J. V. Wilhelm, Clyde Chipes, Dr. R. W. Hanneman, Fred Phillips, Fred Black, W. S. Farr, Harry Rowland, Frank Bennett, Wm. Wehrli, Bob Fitzmaurice, J. W. Lillie, Frank Smith and M. D. Shanks.

Show Was Big Attraction.

The big attraction at the Star theater on last Thursday evening was the "Fox Mischief Makers," the little Misses Jane and Kathleen Lee. The entire proceeds of the evening's entertainment, amounting to \$53, were turned over to the High School Athletic Association by Manager Sparks. A crowded house witnessed the show and they shall be glad to have the opportunity of seeing the "Mischief Makers" again. Harry Cummings was there too, and gave the crowd an exhibition of old time country fiddling. Harry is some artist in this line and his exhibition created a lot of merriment. The efforts of Mr. Sparks on behalf of the Athletic Association of the High School are greatly appreciated, and the financial aid thus tendered, is a substantial "lift" to them.

SHEEP FOR SALE.

Priced low for immediate sale: 380 coarse half-breed yearlings; 380 Ramboulette ewes, 6 years, and lambs; 130 coarse half-breed ewes with lambs. Address, R. H. WEEKS, Heppner. a24-2t

Will Have Nice Rooms.

M. L. Case will soon be ready to occupy his new building, and in the meantime is having the second story finished up and divided into fourteen rooms, each of which is well lighted and will be furnished with heat direct from the furnace he will install in the basement. Mr. Case states that at present, at least, these rooms will be fitted up to be rented by the day, week or month, singly or en suite, and from the present situation in Heppner the preparations he is making will enable the traveling public to be better cared for. The accommodations will be good, and it is the intention of Mr. Case to have the rooms in charge of a competent hostess. As to the other part of the building, The Case Furniture Company will be very nicely situated and the business will be established in very fine quarters, indeed.

DR. H. BEAN TO LOCATE HERE

Dr. Harold Bean was in Heppner a few days last week making arrangements to locate here in the practice of his profession. He expects to return about May first.

Dr. Bean is a son of Federal Judge Robert S. Bean, of Portland, and is a graduate of the University of Oregon, where he was a classmate of C. L. Sweek, of this city. Following graduation at the U. of O. Dr. Bean graduated from John Hopkins University, at Boston, and later served an internship at one of the large hospitals in New York City.

When the United States entered the big war the British government requested the United States to send them 500 doctors at once and Dr. Bean was one of the first to volunteer for this service. He spent about seven months in France and Belgium with the British forces being most of the time in the first aid hospitals near the front line.

Since returning to the United States Dr. Bean has been associated with Dr. Coffey in the practice of medicine and surgery in Portland.

W. P. Mahoney and J. F. Vaughan left this morning for Walla Walla and will take in a part of the big tractor demonstrations on there this week.

LITTLE BOY DRAGGED TO DEATH BY PONY

Son of Mr. and Mrs. Roy E. Tyler
Receives Fractured Skull.

Edward Stokes Tyler, aged ten years, son of Mr. and Mrs. Roy E. Tyler, residing south of Lexington, was almost instantly killed at 4:30 o'clock Tuesday afternoon, by being thrown from his saddle and dragged for a distance of a quarter of a mile.

The little boy had just returned home from school, when he was sent on his pony to take the stock to the pasture. He had to ride out along the road, and in making a run to head off some of the cattle it is supposed the pony made a sudden turn and the boy was thrown from the saddle. His foot held in the stirrup and he was dragged for a distance of at least a quarter of a mile before the strap broke and released him. The accident was witnessed from a distance, and Mr. Tyler saw the boy running after the stock from the field where he was working, but did not see him fall from the saddle.

The pony was a new one on the place, having been brought there a few days before, and while the animal seemed perfectly well broken, it evidently became badly frightened when the boy fell. Mr. Tyler rushed out and picked the boy up and carried him to the house. It was found that the skull was fractured over the right eye, and the body was covered with bruises from head to foot, indicating that he must have been struck frequently by the hoofs of the horse. Whether the fracture was caused by a kick from the horse or by impact when the boy struck the ground, could not be ascertained. A call was at once put in for a doctor, but the lad lived but about a half hour after being carried to the house.

Edward was the oldest child of the family and his sudden taking away comes as a very severe shock to the parents. Funeral arrangements had not all been completed last evening, and the burial will likely take place at Lexington on Friday, awaiting the arrival of some of the relatives of the family from a distance.

Mr. and Mrs. Tyler are very grateful to their friends and neighbors for the great assistance they have been to them in this hour of grief. They have proven themselves friends, indeed, and words cannot express the heartfelt thankfulness of Mr. and Mrs. Tyler.

LOST—Somewhere on the streets of Heppner, a medium-sized gold brooch, old English design. Liberal reward will be paid for its return to Mrs. Anna Keithly. a17-tf

OLD ENEMIES TO MIX SATURDAY

Heppner and Lone will cross bats on the Heppner diamond next Saturday afternoon. This will be another game in the series of the high school league, and so far Heppner has a perfect score of no games lost. This of course applies to the games played between Lexington, Lone and Heppner, and does not take into account that trip to Moro last Saturday and the game played with the Moro boys, who walked off with everything. Our lads seemed to have been sadly handicapped in this engagement, as well as the one played with the Wasco boys on Sunday. The score in the Moro game has not been made known to this paper but we understand that the Heppner lads had a perfect score of goose eggs to the end of the game. A return game with these two teams is scheduled for Heppner on May 2nd, when our hope to be able to reciprocate in a small degree, the splendid hospitality extended them on their visit to the Sherman county capital.

Poster Prizes Awarded.

The First National Bank is gratified with the fine response made by the pupils of the schools of the county to its offer of prizes for Victory Loan posters, and the 22 specimens presented bear evidence of splendid talent among the pupils in this line. The committee making the awards consisted of Mayor R. J. Vaughan, Mrs. R. V. Whiteley and Mrs. Oscar Borg, and the thirty dollars offered by the bank went to the following: Carroll Shuck of Heppner, first prize, \$15; Duane Lee of Heppner, second prize, \$10; Lena Craddock of Eight Mile, third prize, \$5. The contest was a success, and the First National Bank wishes to express its thanks to the pupils for their efforts and also to the committee of judges for their work in awarding the prizes.
