

Roosevelt Highway

It Means—Quick mobilization of guns and men for national protection.

It Means—Commercial and agricultural development of seven Oregon coast counties—Clatsop, Tillamook, Lincoln, Lane, Douglas, Coos, Curry.

It Means—The opening of a year-round paved road from British Columbia to the Mexican border.

It Means—The opening to sportsmen of the country's fishing and hunting paradise.

It Means—The employment of thousands of skilled mechanics and laboring men in its construction.

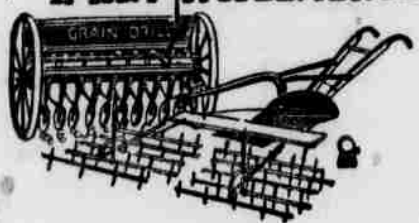

It Means—That Uncle Sam will match every state dollar for construction and will maintain the highway forever.

You owe it to your country—you owe it to your state, to go to the polls at the special election June 3 and vote 310 X Yes

SERIOUS MEAT SHORTAGE NOT NOW IN PROSPECT

Professor Potter Says Oregon Has All Livestock Needed—Better Use of Feed Is Problem.

Oregon Agricultural College, Corvallis, May 14.—"In my opinion we are not in any way facing a meat shortage," says E. L. Potter, professor of animal husbandry at O. A. C.

"We shall not have the abundance of cheap meats we had 15 years ago, but that is all right as they were too cheap and we were eating more than was good for us."

Prices are high, thinks Professor Potter, because the livestock is consuming all available foods, excessive, even considering the high price of livestock.

Not more livestock but better utilization of feed through better breeding, feeding and management, and production of more cheap feeds, especially grass, is Oregon's problem, according to Professor Potter. As long as feed is high meat animals will be high, when feed goes down stock prices will drop.

The livestock industry of Oregon is in fine shape, both for the present and future. The extension problem of the college is to answer stockmen's questions on feeding, breeding, purchase and distribution of better stock, in doing which it adds materially to the interests of producer of livestock and consumer of meat.

The money raised at the box social in Dist. No. 27, Miss Frances Doherty teacher, and report of which was given in this paper last week, should have been turned over to the Junior Red Cross, instead of to

Morrow County Chapter, as was done. It seems that those having the matter in charge did not understand that there was any distinction, so the money was sent to the Chapter. It will be turned into the proper channel by the Chapter, so that the children may get credit for the work they have done in support of the Junior Red Cross.

Irrigon Couple Are Wed.

Max M. Graybeal and Miss Lois Samson, young people of Irrigon, accompanied by Mr. and Mrs. Jay E. Berry of Umatilla, motored over to Heppner last Friday, and after securing the proper authority from the Clerk's office, proceeded to the parsonage of the Federated church on Saturday morning, where Mr. Graybeal and Miss Samson were united in marriage by Rev. H. A. Noyes, the pastor. This office acknowledges a pleasant call from these young people shortly after the ceremony had been performed, together with Mr. and Mrs. Berry, and we were glad to make their acquaintance. We join with their friends in Irrigon in wishing Mr. and Mrs. Graybeal a very happy and prosperous journey through life together.

Heppner High Wins From Lexington.

In the game of base ball between Heppner high and Lexington yesterday afternoon, on the Heppner grounds, Heppner won by a score of 9 to 3. It was a very good game and the standing of the home team is now four games to their credit with a loss of one, and it looks like she was a sure winner in the High School series. Heppner and Lone will play at lone on Saturday.

Heppner Library Now Open.

The public of the city will take notice that the Library is now running and located in the lobby of the Roberts office building. The librarian will be in charge at her post on Wednesdays of each week, from 2:00 to 6:00 p. m., when an exchange of books can be made.

Mrs. Frankie Luper this week purchased the property of the Star Brewery Co. in this city, which consists of the concrete building on Main street, at present occupied by Oscar Otto and Patterson and Clark, and a vacant lot where the City Brewery formerly stood. We understand Mrs. Luper will occupy the room where the music store of Mr. Otto is located, with her millinery business. Where Mr. Otto will go we have not been informed.

Whether it be a time-worn chair or a table, saved more for sentiment than for appearance sake, it can be brought back to its original lustre by one coat of B-H Lustrelac.

Mahogany, walnut, cherry, oak—whatever the style and whatever the finish, there is a Lustrelac shade to match it. Lustrelac imparts a brilliant, durable and lasting finish. An old piece of furniture retouched with Lustrelac can hardly be told from new. Eight shades and colorless.

PEOPLES HARDWARE CO.

Heppner, Oregon.

Mr. Ford Owner

WHY PAY EXCESS PRICES FOR REPAIR WORK?

We have adopted the system of the Ford Motor Co. in doing all repair work on Ford cars at a contract price.

The advantage is: you know at once the cost of the work. These prices were compiled by the Ford Motor Co. and are considerably cheaper than if the work was done at \$1.00 per hour labor charge.

Bring your car in, we tell you beforehand what the cost will be.

All of our work absolutely guaranteed to be first class, and second to none.

Yours for complete satisfaction,

HILL & JOHNS
