## Motor Trucks

For Farm, City or Interurban

A Gary Truck Is the Truck to Buy because there is a size for every requirement, and because every truck represents the highest degree of perfection as exemplified by the best balanced truck built, composed of units of the highest order obtainable.

Gary Motor Trucks are made in six models: Model F, 1 ton; G, 1 1/2-ton; H, 2-ton; HU, 2 1/2-ton; K, 3 1/2-ton; V, 5-ton, and all are equipped with the war-famed Buda Motors. The motor adopted for government work in France. The HU or YU with the force feed lubricating system through a drilled crankshaft in all large sizes.

The Sheldon Worm Drive Axle is another important feature of construction of Gary Motor Trucks. It is the costliest, the oldest and highest priced worm drive axle built. All Gary Trucks use Sheldon axles.

The Springs—The Tuthill Springs—titanic fronts and banded rears. The rear springs which carry the load are guaranteed for the life of the truck against breakage in the center.

The Built Up Cast Tank Radiator. The Gary built up cast tank radiator with oval tubular core, finned for radiation, is the last word in radiator construction. It is invincible in strength, over-size in capacity and 100 per cent in cooling efficiency.

Gary Motor Trucks are of the same high class in every other unit and detail of construction and are warranted for one full year.

For Gary Truck Factory Information for the northwest territory call on or address the Portland Agency, and secure our terms to dealers and agents if considering a line of trucks or desiring a selling agency.

Drivers With Demonstrators Will Cover the Territory and Call on Interested Parties.

# PRINCE ALBERT

the national joy smoke

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! That's because P. A. has the quality!

You can't fool your taste apparatus any more than you can get five acres out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, you know you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—well—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Tippy red bags, tidy red tins, handsome pound and half-pound tin humidors—and—that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.
