While at Boardman Monday evening, the editor of this paper enjoyed a short call at the nice new home of Mr. and Mrs. J. R. Johnson, who have been living on the project for the past two years. Mr. Ford Owner

WHY PAY EXCESS PRICES FOR REPAIR WORK?

We have adopted the system of the Ford Motor Co. in doing all repair work on Ford cars at a contract price.

The advantage is: you know at once the cost of the work. These prices were compiled by the Ford Motor Co. and are considerably cheaper than if the work was done at \$1.00 per hour labor charge.

Bring your car in, we tell you beforehand what the cost will be.

All of our work absolutely guaranteed to be first class, and second to none.

Yours for complete satisfaction,

HILL & JOHNS

APPLIES with as great force to other things. A man's dress, appearance and air of prosperity displayed in his place of business, the demeanor of his employes, the looks of his printed matter—all speak for or against him.

¶No matter how well the copy is written and prepared, if it is not dressed in keeping with the stability of the house, the message and the firm are discounted to that extent.

¶Possibly the reason some capable business men permit their house to be misrepresented by "cheap" printing is: the purchasing is left to another who is not aware the great influence the dress of the message has upon its effectiveness, or that it may be a reflection upon the standing of the firm.

¶But the party receiving the message judges the firm by the cheap company it keeps.
