BOARDMAN HAS STRONG DELEGATION SATURDAY

Irrigation District and School District Hold Elections.

A delegation of live wires from Boardman were in Heppner on Saturday, coming up to attend the Farmers picnic and take advantage of this opportunity to place their section before the rest of the county. The delegation consisted of A.P. Cobb, president and F. E. Burnas, secretary, of the Boardman Commercial Club and J. C. Ballenger, lumber dealer, and this delegation was quite busy in seeing that their section had proper recognition here.

A representative of this paper had a very interesting conversation with Mr. Cobb, who, by the way, is a practical irrigationist and has had many years of experience, gained on one of the finest projects in the northwest. He has come to Boardman and interested himself in this new venture on the Columbia river and is absolutely sure that Boardman will develop into the best project of them all. Furthermore, Mr. Cobb is a persistent worker for the John Day project, good roads for the entire county, and more particularly one that will connect his section up with the county seat. And if the people of his section, backed up by such live wires as were in Heppner Saturday, do not get what they are after, there is little use for the rest of us to get busy.

The West Extension Irrigation District held their election according to advertised schedule, which occurred on the 10th inst. Col. Emmet Callahan of Boardman, Mr. Camp of Irri-gon and Mr. McFarland of Umatilla were chosen as the board of directors, and the work of the district will now be carried on in earnest.

PENDLETON TOOK GAME FROM HEPPNER SUNDAY

Pendleton walked away with the game in this city last Sunday when they met the Heppner All-Stars in nine long, listless innings. The Buckaroos made a number of exciting plays, including a triple in the ninth inning which seemed to drown all future hopes of the local boys so far as that particular game was concerned. It was evident that the home boys were not up to snuff and failed to put over their usual high class playing. Their batting was worse than rotten and their fielding was on the same par as their batting, Anderson being about the only man on the entire team who played anyways near to form. The score was 14 to 3.

A large crowd attended the game. P. A. Anderson and Dave Wilson were umpires and gave entire satisfaction to both players and fans.

Jas. Wilson, who had charge of the Pendleton team, is trying to arrange for a game in Pendleton in the near future.

MATLOCK ESTATE \$25,000.

Daughters Get \$2000 Each, Equal Interest in Home. Widow Rest.

Pendleton, Ore.—Twenty-five thousand dollars is the estimate of the value of the property left by the late W. N. Matlock of this city, according to the petition for probate of his will, filed today.

His two daughters, Hazel Privett and Lulu Estes, receive \$2000 each and an equal interest in the home property. Mrs. Matlock is to receive the remainder.

Returns From Extended Trip.

L. W. Briggs returned last week from an extended motor trip which took him as far as Salem. He was accompanied home by his daughter, Miss Lea, who has been attending the Willamette University during the past school year. Miss Opal Briggs, who made the trip down with her father, will remain in the Valley for some time visiting with friends.

Makes Money Farming.

Thos. Hanson of Lower Sand Hollow, was in town Wednesday. Crops on the Hanson and Huebner places will turn out good and they expect to begin cutting by the 4th of July. Mr. Huebner, who farms the Hansen place along with his own, is a believer in thorough cultivation of the soil, and while he is located on some of the lightest lands of the county he is getting splendid results and making money.

New House Nears Completion.

The J. S. Baldwin home on Court street is rapidly nearing completion. The plasterers will soon be at work. Mr. Baldwin will have a fine home and it will be a handsome adornment to the city.

Arrives From East.

Mrs. Emma Dice arrived in Heppner Wednesday from Marshalltown, Iowa, to spend the summer with her daughter, Mrs. O. G. Crawford. This is Mrs. Dice's second visit to Oregon, coming west the first time about four years ago, when she spent the winter in Heppner.

WHAT SHERIFF KELSEY FOUND AT HIS DOOR

What do you suppose Sheriff Oscar Kelsey found on his doorstep the other morning that had been placed there very carefully during the night and was looking up at him so pleadingly out of its soft young eyes, as if to say, "Nobody wants me, so they brought me to you."

It was not a dear little baby.

It was a little baby deer!

Where it came from or who bro't it, the sheriff hasn't the slightest idea. But when he went to his office at the court house Friday morning he found a spotted fawn tied with cotton rope to the knob of his office door. No one is allowed to have a spotted fawn in his possession, so being called in the run of his official duties, out the Service creek way the sheriff took the fawn along intending to turn it loose in the woods.

The little animal is somewhat tame and the thought that dogs coming along the road or the coyotes would kill it, smote the big heart of the man and he brought it back. He has wired state game warden Shoemaker for instructions. Meanwhile the spotted fawn is waxing fat on milk at 10 cents per and Sheriff Kelsey is paying the bill.—Fossil Journal.

MORE MONEY RAISED FOR RITTER ROAD

Through the enterprise of W. O. Minor and M. D. Clark, there will be available \$2000 for more work on the Heppner-Ritter road. Messrs. Minor and Clark went out among the business men of Heppner last week and raised \$1000. They had the assurance from the county court that the court would match dollar for dollar raised by the business men.

Much preliminary work has been done on the road, but there are sections where surveys will be made, placing the road on a very easy grade. It is planned to start actual road work within the next few days.

The Ritter people have been anxious to see the completion of a road which will give them an outlet thru Heppner, thereby bringing them closer to market by many miles. The Heppner-Ritter road agitation dates back about twenty-five years and it will be gratifying to many of the old timers to learn that benefits which they had strived for will come to the younger and following generations.

HEPPNER WOMAN WEDS GILLIAM COUNTY MAN

Coming as a surprise to their many friends in Eastern Oregon was the announcement of the marriage of Mrs. Mary Perry of Heppner to William Gorman of Lone Rock in Portland recently. They came up from Portland last Thursday and are at home to their friends in their new home which Mrs. Gorman purchased from C. C. Patterson in south Heppner. Mrs. Gorman is a pioneer of Morrow and Gilliam counties and has a host of friends.

Head Forester Here.

W. W. Cryder, supervisor of the Umatilla Forest Reserve, with head offices in Pendleton, spent a day or two in Heppner last week conferring with Celsus Keithley, who has charge of the local office. Mr. Cryder made a trip out over the reserve while away from Pendleton.

NOTICE.

This is to notify my Morrow county patrons that I have resigned my office as county surveyor and am leaving for Baker county shortly after July 1. All those owing me or having bills against me will please pay or present the same to me by July 1. 2p
LOY M. TURNER.

IMPORTANT TO AUTO OWNERS

HAVING leased the mechanical Department of the new McRoberts-Cohn Auto Company Garage, we are prepared to assume the care and upkeep of your car in a satisfactory manner. The shop is being rapidly equipped with the latest models of machinery and no job will be too intricate for us to handle.

We have had years of experience in this work. Will make prompt delivery.

The season is fast approaching which permits the use of your car. Bring it in and let us look it over. We will tell you what it needs and you can rely upon our advice.

We stand behind our statements and guarantee our work.

GARY

Motor Trucks

For Farm, City or Interurban

A Gary Truck Is the Truck to Buy because there is a size for every requirement, and because every truck represents the highest degree of perfection as exemplified by the best balanced truck built, composed of units of the highest order obtainable.

Gary Motor Trucks are made in six models: Model F, 1 ton; G, 1 1/2-ton; H, 2-ton; HU, 2 1/2-ton; K, 3 1/2-ton; V, 5-ton, and all are equipped with the war-famed Buda Motors. The motor adopted for government work in France. The HU or YU with the force feed lubricating system through a drilled crankshaft in all large sizes.

The Sheldon Worm Drive Axle is another important feature of construction of Gary Motor Trucks. It is the costliest the oldest and highest priced worm drive axle built. All Gary Trucks use Sheldon axles.

The Springs—The Tuthill Springs—titanic fronts and banded rears. The rear springs which carry the load are guaranteed for the life of the truck against breakage in the center.

The Built Up Cast Tank Radiator. The Gary built up cast tank radiator with oval tubular core, finned for radiation, is the last word in radiator construction. It is invincible in strength, over-size in capacity and 100 per cent in cooling efficiency.

Gary Motor Trucks are of the same high class in every other unit and detail of construction and are warranted for one full year.

For Gary Truck Factory Information for the northwest territory call on or address the Portland Agency, and secure our terms to dealers and agents if considering a line of trucks or desiring a selling agency.

Drivers With Demonstrators Will Cover the Territory and Call on Interested Parties.
