Vernie Matteson, prominent Seattle business man, has joined his family in Heppner as guests at the home of Mr. and Mrs. Geo. W. Milholland. They will remain until the latter part of August.

R. G. Graham, mechanical engineer for the Standard Oil Company of California, arrived in Heppner Wednesday to spend a few days at the local office.

Mrs. Frank Roberts and children Ann and Joe have arrived in Heppner to visit with Mr. Roberts and other relatives. They make their home in Portland, where the children attend school.

Cattle Man on Way Home.

J. L. Carter, of Long Creek, was in town this morning on his way home from Portland, where he disposed of a large shipment of cattle at an excellent price. French & Carter also shipped 200 head of choice beef cattle to Kansas City Saturday and expect to receive a considerably higher price there than at Portland. —Pendleton E. O.

Bellingham People Visit Here.

Dr. and Mrs. George F. Cook of Bellingham, Wash., have arrived in Heppner after a long auto trip from the northern city, to visit at the home of Mrs. Cook's parents, Mr. and Mrs. W. O. Minor of Heppner.

Mr. and Mrs. McCarty Visit.

Mr. and Mrs. Willis McCarty arrived in Heppner Wednesday from Portland on a visit to home folks. Mr. McCarty just returned from France, where he was with the American Expeditionary Forces in the transportation division. He has now received his discharge.

City Makes Street Improvement.

Under the supervision of Walter Cason, the city is putting cinders on the west end of Willow street. The condition of Willow street has been bad for several months, but the cinders will prove a good dust-layer. Later, when the county rock crusher starts up, the city hopes to be in a position to gravel a number of the streets, or at least to improve them in their worst places.

Girls and Boys Spend Day in Spokane

Spokane, Wash., July 30.—Eight hundred boys and girls, members of city and country clubs specializing in canning, poultry, hogs, gardening, dairying and kindred agricultural activities, spent a day in Spokane recently for the first annual picnic of the associated membership. The outing took place at Manito park, and was a huge success. The state club leader, R. N. Wright, announced that Armour & Co. had offered to pay all the expenses of the boy winning the state prize for the best pig at the Interstate Fair in Spokane to the Chicago International Stock Show.

A TWICE-TOLD TALE.

One of Interest to Our Readers.

Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Heppner man is confirmed after six years.

J. H. Cox, carpenter, Baltimore St., says: "When I catch the least cold I suffer from pain in my back. At times it has been so bad I simply couldn't move and have had to stay in bed for a week or ten days. I have used a great many medicines, but Doan's Kidney Pills have done me more good than anything else. I haven't had an attack of this trouble for some time."

OVER SIX YEARS LATER Mr. Cox said: "It has been a long time since I have had any occasion to take a kidney medicine. I consider Doan's Kidney Pills a good, reliable medicine for backache and kidney disorders."

FARMERS' EXCHANGE

F. R. BROWN, Manager
Heppner, Ore.

Notice to Subscribers

Under authority of the Postmaster General, on account of recent increases in wages to employees, totaling for the State of Oregon upwards of \$225,000, certain changes in exchanges rates have been approved and made effective July 29, 1919, for the State of Oregon.

The changes in rates apply particularly to residence service, changes having been made in the principal business rates May 1, 1919.

All new business taken on and after July 29th will be at the new rates and bills to present subscribers for the month of August will be rendered at the new rates.

The increased rates will yield an annual revenue upwards of \$250,000, but as the increase in wages is upwards of \$225,000, the net return to the company under the rates now made effective is approximately 2½ per cent on the valuation of its property at \$13,464,000.00, as found by the Public Service Commission.

The new schedule of rates is identical with the one approved by the Postmaster General for the State of Washington, which has been in effect since March 1, 1919, and the rates are the same for exchanges that are comparable.

We believe that no proof as to the advanced cost of living and the general high cost prevailing for labor and materials is necessary and that the telephone-using public will accept this increase in rates in the same spirit of fairness and consideration as it has the advances in almost every other necessity in these unusual times.

The Gazette-Times

ITS PLANT—What it Means to
Readers and Advertisers.

It means that every week we are able to present a clean, readable paper. It means that our advertisers have at their command the choice of latest and best type faces.

It means that with this choice and with our ad service, the advertiser is enabled to present to the public an advertisement which will command instant attention.

It means that **The Gazette-Times** is better read and when we say better read we mean that its readers represent the highest and best type of the buying public.

The paper of today—contrast it with the paper of a decade ago. What's the answer? A better paper made possible through Service. Service made possible through better mechanical equipment, and better mechanical equipment made possible through cooperation of reader and advertiser.
