

Washington Greets Gen. Pershing

General Pershing was royally greeted upon his arrival in Washington. Above is shown Secretary of War Baker and General Pershing in the center of a welcoming throng. Inset is a picture of Vice-President Marshall and the General.

GOVERNOR INDORSES
ROOSEVELT MEMORIAL

Salem, Sept. 19.—Governor Olcott has issued the following statement in which he indorses the purpose of the Roosevelt Memorial Association, which is planning to receive contributions from the citizens of Oregon during the week of October 26-27 in conjunction with the nationwide movement for the erection of a fitting memorial in honor of Theodore Roosevelt.

"It appears to me that this movement is one worthy of our keenest support. A high standard of American citizenship has been largely maintained because of the splendid examples which have been continuously before the youth of our land in the citizens who have been prominent in national affairs from the earliest beginning of our nation. The name of Theodore Roosevelt, I firmly feel, will last as long as American history lasts. His ruling passion was to be an American and he stood for what was highest in American ideals. Such a life as his is the kind of a life to which I referred when I said that our citizenship had been maintained to a high standard largely through the examples which have been held up to our youth. For that reason I believe your project is worthy of the greatest consideration. The proper kind of a memorial will not only be a fitting tribute to the memory of one of our great Americans, but will assist in passing on to generations to come the benefit of the example which he has held out in both his words and in his deeds. Oregon had a warm place in the heart of Theodore Roosevelt and I am certain that Oregon will help to make your plans for a national memorial the success that it should be. Very sincerely yours, Ben W. Olcott, Governor."

Locates in Condon.

Dr. George G. Gaunt, late of Uncle Sam's overseas forces, has rented offices, rooms 8 and 9 in the White Front, and will make Condon his future home.

Dr. Gaunt had the rank of Captain and was in charge of the 163rd Ambulance. He spent nineteen and a half months overseas, later being with the army of occupation. After the armistice was signed he had the good fortune to be able to put in four months in a post graduate course at one of the leading French Universities. He was mustered out of the service on the 9th of last month.—Condon Globe-Times.

John McNamee, prominent young sheepman, is spending a few days in the city on business. Mr. McNamee's sheep are on summer range in Union county.

U. E. Baker of Cecil Will Hold
Sale at Ranch on Wednesday

U. E. Baker will hold a public sale at his ranch three miles east of Cecil next Wednesday when he will offer at auction to the highest bidder a number of horses, cattle, mules, farm implements and machinery and harness and saddles. A free lunch will be served at noon. E. E. Miller of Ione is auctioneer and F. H. Robinson of the same place is clerk. The sale will begin at 10 o'clock in the morning.

Will Thresh Hardman Country.

This week will witness the winding up of the threshing season in the Eight Mile section for this year so far as the Theodore Anderson-Robert Alistott machine is concerned. After threshing the Ed Buschke crop they will pull into the Hardman country, where very little threshing has yet been done.

Mr. and Mrs. Gene Jones of Spray paid a short visit in Heppner the first of the week while on their way home from the Round-Up.

LUCKY STRIKE CIGARETTE

GET a package today. Notice the flavor—the wholesome taste of Kentucky Burley tobacco.

Why do so many "regular men" buy Lucky Strike cigarettes? They buy them for the special flavor of the toasted Burley tobacco.

There's the big reason—it's toasted, and real Burley. Make Lucky Strike your cigarette.

Two Hundred Million Dollars

Represents the amount which the public has paid for previous Maxwells.

The Greater Maxwell is now here

It is not a New Maxwell. It is in fundamentals the worthy descendant of 300,000 Maxwells that grace the highways of the world.

But before you set forth to look it over, let these facts sink into your mind:

It is a magnificent feat in engineering and building to be able to add so many new features to a car which has had a \$200,000,000 run.

That sum represents the amount paid for the one model Maxwell to date.

Stop and think what your dollar bought four years ago and what it buys now. About half.

Then think what a rare bargain in value alone you're getting in this car.

For no matter what price you pay you'll find difficulty in acquiring a car that will run longer, last longer and give you less trouble.
