Willie Geo. Wilson and A. R. Finley spent the week-end in Heppner, as did Mrs. A. Henriksen and party of Cecil.

Mr. and Mrs. Geo. A. Miller of High View and Mrs. T. H. Lowe of Cecil were callers on Mrs. Jack Hynd on Thursday.

Mrs. Ella Butler and daughter, who have been in Heppner for a few days, returned on Wednesday to the Stender home.

Everett Pattison of Heppner and Miss Vivian Logan of Portland were week-end guests of Miss A. C. Hynd at Butterby Flats.

Mrs. Jack Hynd of Butterby Flats accompanied by her daughter Miss Violet, left on Sunday for Heppner, returning home Tuesday.

FARM BUREAU—ITS AIMS AND ITS ASPIRATIONS

In these days of unsettled conditions and radical propaganda it surely behooves every man to keep his feet upon the solid ground of practical experience rather than to be carried away into a morass of untried theory.

It is a fact patent to every observer that the radical element is composed of those who have not—those who have eaten their cake; while the conservatives are composed of those who have, or those who are saving something away for a rainy day.

Two-thirds of the wealth of the country and one-third of its population is represented by the agricultural portion of the United States. For this reason all thinking men recognize that herein lies the balance wheel of the nation. Does it function as such?

They are recognized the world over as the conservative element.

Mrs. Ralph Winter and Miss Hazel Winter of Shady Dell left for Yakima on Wednesday, where they will visit for the next few weeks.

Jack Fenwick, who is busy papering and painting the new cottage at The Lookout for Jack Hynd, made a hurried trip to Lone Friday.

J. H. Miller came in from Free-water on Sunday and has been visiting at Mr. Franklin's and O. Lundell's on Willow creek for a few days.

A large surprise party for Miss Carrie Nash was given at Ewing last Saturday evening. An enjoyable time was spent. Refreshments were served.

Mr. and Mrs. John Taylor, late of Heppner Junction, spent Tuesday with Mr. and Mrs. R. S. Wilson at Ewing, leaving Wednesday for their home in Portland.

Congratulations are extended by the people of Cecil to Miss Irene Douglas of Troutdale, and Mr. Eric Walden of Oregon City, who were married a few days ago. We understand they will live in Portland.

Mr. and Mrs. C. A. Minor and daughter Miss Blanche, accompanied by Miss Violet Chery, spent Wednesday at The Last Camp, leaving on Thursday for their home in Portland.

Russia suffered because one-fourth of the people, located in the cities and manufacturing centers, who could not pull together began to dictate to the balance of the nation. It was a case of the tail wagging the dog.

These are days of united action; these are times when the people who make the most noise are often mistaken for the most important. The affairs of counties, states or nations cannot be properly regulated unless all parties concerned are properly considered and represented.

The Farm Bureau aims at this result; for the good of the nation as a whole, in these times of unrest, the balance wheel must begin to function.

The various business interests who pioneered the field of cooperative effort have proven that their problems of chemistry in production, their methods of distribution and transportation, their problems of financing and manufacture have been more easily handled through cooperation.

Until the present time Oregon has been lagging behind in farm activities; other states which are more thoroughly organized are making greater agricultural progress.

Three years ago California realized that her Sonora, Bluestem and kindred varieties of wheat were running out. It was a current state-

ment that soon California would cease to be a wheat producing state. The organized farmers began a concerted effort to determine a better wheat variety and to develop better tillage methods. Today one third of the wheat land of the state is planted to Early Haart, clearly the best variety for the most of the state, pure seed has been introduced with a result that the wheat yield of the state has been tripled in three years. Some feat! Think what that would mean for Morrow county.

In Wallowa and Union counties the Farm Bureau has increased the number and quality of the beef cattle; in

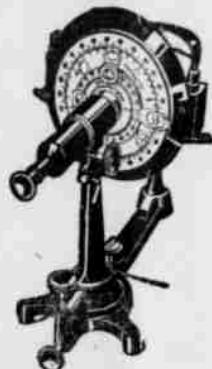

many other counties of the state the yield of alfalfa and clover has been increased from 30 to 100 per cent—through the efforts of this organization. In the Willamette Valley their activities have greatly increased the profit in handling cows through cow-testing associations and better breeding, and today the men who have led

in these things are putting across the greatest cooperative effort that has ever been staged in the West—the Oregon Fruit Growers Association—watch it grow.

What history will say of the Farm Bureau in Morrow county will largely depend upon the farmers themselves. The opportunity is at hand.

You will soon be asked to join. LET'S WORK TOGETHER. L. A. HENT, County Agent.

LOST—Miller Cord Tire, 32-5 Cole "K" rim, between top of Sand Hollow Hill and Lexington via Heppner. Reward if left at Gazette-Times office. 21p.

Hyperopia

People who see well in the distance but poorly near by are commonly termed

"Far Sighted"

But they are not actually so, for they really see no further than others. Their eye-defect renders NEAR vision difficult or exhausting, that's all.

WE call this "Hyperopia." Where the defect is great or the person elderly, poor distance as well as poor near vision results.

Hyperopia requires careful correction with suitable glasses. This can be had at

FLOUR RE-SALE

The United States Grain Corporation

Announces that it will sell "Straight" grade flour to all purchasers, in carload lots, in 140 lb. bulk sacks, gross weight, delivered to any Railway Station in Zone 10, comprising the States of Oregon, Washington and Idaho at not to exceed \$10.00 per bbl. net cash. Purchasers will be supplied from nearest available mill, which may result in slight saving for buyers' account.

Wholesale and jobbing profits on such flour must not exceed 75c per bbl. and retailer's profits must not exceed \$1.25 per bbl.

Address all communications to United States Grain Corporation 510 Board of Trade Bldg., Portland, Oregon

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!

R. J. REYNOLDS, TOBACCO CO. Winston-Salem, N. C.

Mrs. Housewife

Are you having trouble with our hard water? If so we think we have found the solution of the problem.

SOPADE

Is its name, and it is a Soap-aid, not a washing powder. It's surely fine for making water as soft as rain water out of our hard water. Try it. Guaranteed or money back, if used as directed. 35c. package.

PHELPS GROCERY COMPANY

TAYLOR MADE CLOTHES

If you knew as much about them as we do you'd come to us on the run.

Some people hold back when it comes to a question of buying "made-to-measure" clothes. They think because they are specially made they must be higher in price. Nothing of the kind. You'll be surprised.

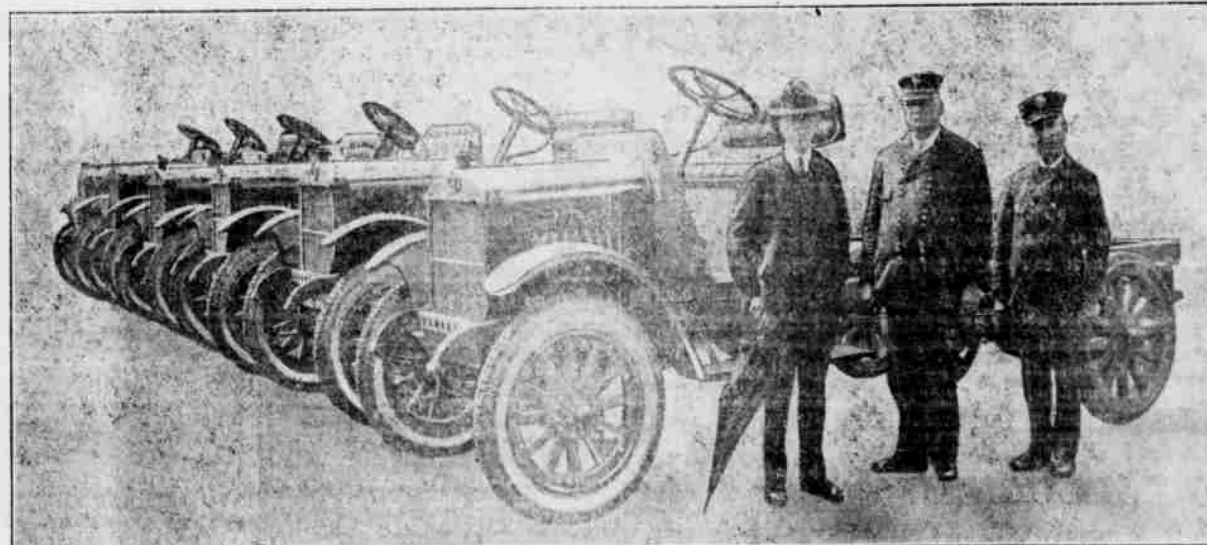

Come and get your measure

THOMSON BROTHERS

CITY OF PORTLAND RECEIVES SIX

Gary Trucks

For Fire Bureau

Gary Trucks Purchased by the City of Portland for the Fire Bureau

Factory Guarantee ONE FULL YEAR

THE passing of the horse proves the economy of operating by trucks; twelve horses to be disposed of by the city of Portland for the twentieth century fire equipment. The fire fighting apparatus will be installed at the Municipal Shop of the City of Portland.

The City held competitive tests for trucks that would be best suited for strength and hill climbing under loaded conditions and speed on the level and the GARY won. This was a decisive victory for GARY trucks for the competition was open and all dealers were invited to compete.

The GARY "Ten Point Test" truck is composed of Standard units—Buda Motor, Brown-Lipe transmission, Tuthill Titanic branded springs, Parrish and Bingham cold pressed steel frame.
