**CONDON INVITES MORROW ON ARMISTICE DAY**

Condon is making extensive preparations for proper observance of Armistice Day, November 11. The Frank Burns Post No. 25 of the American Legion has taken charge of the affair and has issued the following invitation to Morrow county soldiers, sailors, marines and citizens generally of this county: Editor The Gazette-Times, Heppner, Oregon.

Dear Sir: We understand that the ex-soldiers, sailors and marines of Morrow county have not organized a Post of the American Legion. In view of the fact that they have not organized a Post we wish to extend on behalf of the American Legion of Gilliam county and the citizens of Condon an invitation through the columns of your paper to the ex-soldiers, sailors and marines and citizens of Morrow county to attend our Armistice Day celebration to be held in Condon November 11, 1919.

We also wish to state that we would like for all soldiers, sailors and marines to wear their uniforms as we are going to have a parade in the morning.

Hoping to see you all here, we remain,

Yours very truly,

**The New Way of Practicing Dentistry**

**THE E. R. PARKER System in Dentistry** is nothing but dentistry put on a common-sense basis. Instead of one man practicing in a small way in a small office, several dentists practice together under the Parker System in large offices, where there is room for complete equipments. Some of the System dentists extract teeth, some fill teeth, some make crowns and bridges, some make artificial plates and some treat diseased teeth. In this way each patient is cared for by a dentist who is experienced in the kind of work each patient needs. Dental work done in this manner is not only done better, but in less time, making fewer visits necessary, and the saving in time helps to make prices lower.

located in different cities. Thousands of patients are treated in these offices, and the large quantities of dental supplies used are bought for less money than has to be paid for small quantities. All dentists using the E. R. Parker System are registered, licensed and experienced. The work they do is done so well that it can be guaranteed. You are sure of satisfaction. Under the Parker System no charge is made for examinations and advice. You can find out what your teeth need without having to pay a cent. **SAFETY & SERVICE**

**An Admitted Fact**

The farmer who sells his entire crop hauls his soil fertility to market by the wagon load. He is more a miner than a farmer.

Stock farms are the best farms in every state, because the owners are manufacturing farmers, who operate their plants to produce a finished article, saving the by-products for themselves, raising or feeding livestock.

We will welcome the opportunity to talk over with you in a confidential way any plans you may have in mind for buying, raising or feeding livestock.
