Geo. W. Milholland, Special Agent, Standard Oil Company Heppner, Oregon.

Edward Cookingham, Oregon War Loan Chairman, who sends Armistice Day greetings through local Liberty Loan Committee.

Permit me to extend greetings to yourself and your citizens, and to join with you in the celebration of the first anniversary of that day destined to become memorable in history, which commemorates the glorious victory of our country and its allies in the great world war. I again congratulate the people of your community upon the overwhelming success which they achieved in the several Liberty Loan campaigns. The record of your district is a lasting monument to their self-sacrifice, and will be an inspiration to Americans whenever their country again stands in peril.

On this occasion shall we not pledge anew our lives and fortunes to our country and its institutions and resolve to bear our obligations of citizenship today with the same serious and high-minded enterprise that was shown in the dark days of the war? Let us not give less freely to our country now in the face of domestic peril than we gave when it confronted foreign enemies.

On this anniversary we celebrate the fulfillment by our soldiers and sailors of their obligations, but our citizen army is not yet discharged. It has assumed obligations which must be paid in full.

Your record during the war is undoubted assurance of quick response to every call of your country for financial support. I am sure it is only necessary to remind your citizens of the deficit in Oregon's War Savings quota to make certain its prompt subscription. Oregon has never failed.

EDWARD COOKINGHAM,  
Director War Loan Organization for Oregon.

### CATTLE BRING \$200,000.

#### One Rogue River District Delivers 1000 Head to Portland.

Roseburg, Ore.—All records for cattle shipments from the Rogue river valley have been broken this year, according to local cattlemen.

From the Applegate district alone 1000 cattle have been shipped to Portland this fall, which brings a cash return to the cattlemen of approximately \$100,000. None of the steers brought less than 9 cents a pound and the lowest price received for cows was 7 cents.

Other districts have not reported, but it is known that they have done as well. From Jackson county complete it is estimated the cattle sales this year will total more than \$200,000.

### Astoria Wants \$500,000.

Astoria, Ore.—Memorials which ask for an appropriation of \$500,000 from Congress for the construction

### COLLAR OF SEAL TO HEM OF GREAT COAT

Perhaps it is the richness of the tan pom-pom cloth in this great coat which shows best the richness and luster of that big seal collar and deep cuffs. The feature though is of course the line of that lace collar which extends to the hem of the garment.

of a new Federal building, have been presented by the members of the Astoria Chamber of Commerce. Copies of the memorials will be sent to each member of the Oregon congressional delegation, to the postmaster-general and the secretary of the treasury.

### RULES IN LACE WORLD BUT WEARS NONE

A young woman of 27, Georgette Bouillet, has much to say about the prices for that dainty French lace women of America so adore. She is secretary of the Embroiderers' Union, Paris, and has led her co-workers in all its successful strikes. She is in Washington attending the international labor meeting.

### COULDN'T STOP STRIKE OF COAL MINERS

Judge A. B. Anderson of Indianapolis, Ind., granted a federal injunction against officials of the United Mine Workers' Union restraining them from directing the strike, but it was ineffective outside that district in the national strike while Indiana miners "went out" on their own initiative.

### BLANTON'S ROLL CALL HABIT EXPENSIVE

Representative Blanton of Texas is the champion "objector" of congress. Every time an objection is made—it means a roll call. A roll call consumes 40 minutes. Each minute means \$10 of Uncle Sam's money. Blanton has insisted upon 134 roll calls in this session. Figure is out for yourself. It means \$53,000 worth of roll calls.

sed a disapproval of steps taken by members of an organization of orchardists who have pledged themselves against further sale or leasing of real estate to Japanese, others declare action so far taken not drastic enough.

"This matter is not being handled with the spirit and push it deserves," declares W. R. Gibson, Odell fruit grower and nurseryman, in a letter to R. E. Scott, secretary of the Anti-Asiatic league. "It is a real danger, a real menace to the white population of the Hood River Valley."

Roy Cochran, Jas. Austin and Arleigh Arthurs motored over to Condon Tuesday and took part in the Armistice Day program there, by playing in the band.

K. M. Burke of Grand Forks, North Dakota, has been visiting in Heppner the past ten days with his daughter, Mrs. Jos. J. Nys. Mr. Burke is enroute to California where he will spend the winter.

says the Good Judge

The tobacco that gives you the most lasting chew is the kind that saves you money. You don't have to take so many fresh chews. The rich tobacco taste stays right with it. That's why you take a smaller chew.
