STATE NEWS

BEND MAN BUYS FAMOUS SHORT-HORN

D. A. Slaughter of Deschutes has purchased Priscilla, the heavy milk producing Holstein purebred from Phillip Burt, whose ranch is east of Bend. Priscilla has a record of 195 pounds of milk and last year produced 26,000 pounds of milk. Recent tests showed 1485 pounds of milk in 15 days and 63 pounds of butter fat in the same period. Mr. Slaughter expects to buy other stock and become extensively engaged in dairying says the Bend Bulletin.

KNUTSON AGAIN WHIP IN NEW CONGRESS

Congressman Harold Knutson of Minnesota has set somewhat of a record in the House. His first term at Washington in 1916 he was made party whip and again in 1918 when returned he was given the same job—and he is still at it in the new Sixty-sixth Congress which has just convened.

BUILD MARKET ROAD

The proposed Butter Creek highway, which when built will run from Lena on the south fork north through this city, and for which a ten mill tax for part of its construction was voted last week at a special election in road district No. 45, has already been declared a market road by the state highway commission. With the money from the special tax of the above district and that expected from the taxpayers in Morrow county, together with the money to be derived through state and federal aid, an excellent highway will be built. According to Allen Thompson of the state highway commission surveys have already been ordered.—Hermiston Herald.

MILTON MAN IS PRESIDENT

A. R. Shumway, of Milton, was elected president of the Oregon and Southern Idaho departments of the Farmer's Educational and Cooperative Union of America for the coming year, at the final meeting of the convention held in The Dalles last week. W. W. Harrah of Pendleton was elected a director of the same organization.

Ex-President Endorses

Episcopal Church Campaign

Former President William Howard Taft has just given publicity to a strong endorsement of the nationwide campaign going on in the Episcopal church, for church strengthening and financial aid. The endorsement is of special interest to local Episcopalians who are working in the interest of the campaign.

The former president says, among other things, "The reaction from the war has been natural but he would be a pessimist indeed who concluded that the lessons and the spirit engendered by it did not furnish an opportunity for the church and a foundation upon which to build."

The campaign now on in the Episcopal church will continue in many parishes until in January. Every communicant of the church will be visited by parish committees and urged to aid in the campaign by personal service.

Fur Coat for Daughter's Christmas

A fur coat from mother and daddy for a Christmas present this season is quite some luxury, still daughters galore will get them this season. Here are two popular models in the short lengths, that on the left a black seal trimmed in gray squirrel, and that on the right a taupe muskrat with chinchilla collar, cuff and cap to match.

BOX COMPANY BUYS LODGEPOLE PINE

The Box Company, of Prairie City, Oregon, has purchased 200 M. feet of lodgepole pine from the Forest Service for use in box manufacture, according to a report received at the local Forest Service office from Forest Supervisor R. M. Evans, of Baker, Oregon.

The timber is located on Dixie Creek, ten miles north of Prairie City, on the Whitman National Forest. The logs will be banked along the road to the Dixie Meadows mine, and hauled by truck to Prairie City, where the Company's mill is located.

This is believed to be a new use for lodgepole timber, which if found practicable opens a way for marketing the large tracts of this species which foresters have found heretofore a puzzling problem in management. The constant demand for box lumber in fruit growing sections of the Northwest will make a continuous market for this species, provided it is suitable for this use.

The contract price for this initial sale is 50 cents per thousand feet.

S.M.I.L.E.—A.W.H.I.L.E

Fifty-Fifty

Junior Proprietor—The bookkeeper's attention is about evenly divided between the pretty stenographer and the clock, it seems to me, both.

Senior Proprietor—(comparing the clock with watch)—Well, both are a little fast.—Judge.

Oh, Fudge!

"King Richard was helped to escape from a donjon cell by Blondell, a minstrel."

"How?"

"History fails to state. I suppose Blondell got his violin and sawed off a few bars."—Judge.

GIVE THE OLD MEN A CHANCE.

Having reached that age where men are not wanted in either commercial or industrial life, being turned down in favor of younger men, but feeling that I am not yet ready to be laid on the shelf, I am now going to specialize in insurance and ask your patronage. Have two of the best fire insurance companies in the

United States, both purely American, and have just taken the agency for the Idaho State Life Insurance Company, a purely western company with the most popular policies written. If you are in the market for Life, Fire or Automobile insurance, give me a call. Let the younger men do the work and give the old man a chance to make a living for himself and family. Your business will be appreciated.

LEON W. BRIGGS,
Heppner, Ore.

Lena School Districts Will Hold Dance and Social

The teachers of the three Lena school districts will give a program and basket social on December 19th, at Lena Hall, which will be followed by a dance. A social good time is in store for all who attend.

Dwight L. Jamison of the United States Biological Survey has been spending several weeks in the counties of Umatilla and Morrow and will assist County Agent Hunt in putting on the rabbit poisoning campaign in this county.

STORM LEGISLATURES FOR SUFFRAGE

State legislatures opposed to Suffrage have a hard row to hoe these days as National Woman's Party workers from Washington storm the strongholds. Miss Betty Garm, who has just completed a poll of the New Jersey assembly, says that body will ratify the federal amendment—now that she and her co-workers have had their say.

A Heppner Man's Evidence

His Testimony Will Interest Every Heppner Reader

The value of local evidence is indisputable. It is the kind of evidence we accept as true because we know we can prove it for ourselves. There has been plenty of such evidence in the Heppner papers lately, and this straightforward testimony has established a confidence in the minds of Heppner people that will not

be easily shaken. P. M. Bayless, Heppner, says: "I have found Doan's Kidney Pills all that is claimed for them as a remedy for lame back and kidney disorders. Of late years, I have had very little kidney trouble. When I notice my kidneys are out of order in any way, I take Doan's Kidney Pills and they soon remove the trouble." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bayless had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
