

Waste, Waste, Waste!

It Took a Lot of Bonds for This.

It is estimated that \$25,000,000 worth of automobile tires shipped abroad by the United States for war use were permitted to go to rot at the motor transport depot at Verneuil, France. The above picture shows an acre of ground completely covered with tires which, according to witnesses before the special war investigating committee of the House, were allowed to stand in this condition, without any sort of covering, for more than 12 months. After exposure to sun, rain and snow, they became cracked and worthless except for salvage. It required 350,000 hundred-dollar liberty bonds to pay for this waste.

Library Entertainment.

The entire proceeds of the show at the Star Theater on last Tuesday evening were turned over to the Heppner Library Association, the same being given as a benefit and donated to the Association by the theater management. Assisting on the program, were a number of the pupils from Heppner high school, as well as other local talent, and Manager Sigbee of splendid films, making the entertainment on the whole, one of the best offered in the city for the season. The pupils of the school are showing some fine talent, which is being ably brought out by Miss Daffoe, teacher of music. The entertainment was greeted by a packed house, and the result, financially, to the Library Association, was very gratifying.

Spokane, Wash.—Live stock men from all parts of the nation will assemble in Spokane January 27-28-29. The annual convention of the American National association comes to the Pacific Northwest for the first time since the Lewis & Clark exposition in Portland. Inland Empire live stock men are expected to take advantage in large numbers of the opportunity to meet the national figures in the industry. A large number of accessions have been reported, and numbers of these were baptized one day last week in the creek above Lexington, it being necessary to cut the ice to perform the service.

"The Squaw Man" Superb Production.

Cecil B. De Mille's Production a Notable One.

Whenever Cecil B. De Mille, master of serencraft who has produced many famous Arcraft picture successes, takes up the details of a new production, not the slightest of these is overlooked. It is because of this that "The Squaw Man," which will be shown at the Star theater next Sunday, is regarded as one of the finest presentations of the season.

The most notable feature of "The Squaw Man," interesting of its interest as a human document, is the superiority of its cast, every player appearing therein being of stellar magnitude. It is seldom that any motion picture presents so fine an array of prominent screen players, and among those in the cast are Elliott Dexter, Ann Little, Katherine MacDonald, Theodore Roberts, Jack Holt, Thurston Hall, Tully Marshall, Edwin Stevens and many others.

The photoplay was adapted by Benish Marie Dix from the famous play by Edwin Milton Royle, and it is said to be a story of flawless continuity. The photography is the work of Alvin Wyckoff, and many of the scenes are remarkable for their artistry and interest.

Bryant Washburn's Latest and Best.

"All Wrong," Extra Selected Star Photoplay featuring that popular young matinee idol, Bryant Washburn, will be presented at the Star theater on Monday, January 19.

The producers describe "All Wrong" as a brilliantly scintillating farce-comedy of the hilarious type, full to the brim with comical situations, witty lines, shrieks of laughter, sustained interest, and broad humor.

The three previous Pathe-Wash-

burn's "Twenty-One," "Kidder & Ko" and "The Ghost of the Rancho," were all excellent comedy-dramas, but "All Wrong" is said to be the best picture produced to date in which Bryant Washburn has starred.

Well Known Scenarist.

Few writers for the screen are better known than Margaret Turnbull, who wrote the scenario of "A Daughter of the Old South," based on the story by Alice Ramsey and Pedro de Cordova in which Miss Pauline Frederick, the beautiful Paramount star, will appear at the Star theater next Tuesday. Margaret Turnbull has many notable picture successes to her credit, and judging from advance

After Six Years.
This Testimony Remains Unshaken. Time is the best test of truth. Here is a Pendleton story that has stood the test of time. It is a story with a point which will come straight home to many of us.
Mrs. Wm. MacGregor, 711 Lillith St., Pendleton, Oregon, says: "I suffered from terrible pains in my back and my feet and ankles swelled. I often had to gasp for breath and sometimes had to be helped around. After everything else had failed to help me, I used Doan's Kidney Pills and they cured me."
SIX YEARS LATER Mrs. MacGregor added: "My opinion of Doan's

Kidney Pills hasn't changed in the least since I gave my first recommendation several years ago. I know from experience Doan's have no equal for kidney trouble."
Price 60c, at all dealers. "Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. MacGregor had. Foster-Milburn Co., Mfgs., Buffalo, N. Y."
