John Krebs of "The Last Camp" was a very excited boy on Tuesday morning. While driving a wagon he suddenly looked behind to see if the back wheels were catching up with the front ones. However, John still held on to what was left and the last we heard he had arrived home without a scratch.

BOARDMAN NEWS.
A meeting of the Commercial Club is called for Tuesday night to take up the question of "Good Roads." Just where the 10 mill special tax fund will be used is the question. The Farm Bureau will meet in a special meeting Friday night to formulate some action. There is some sentiment in favor of putting the money on entirely new roads, but it would seem inadvisable when the present roads are practically impassable at times in certain localities. Other sentiment is in favor of putting the post roads and those used by school trucks in the best shape possible for by so doing the greatest good for the greatest number will be secured.

The next meeting of the Parent Teachers will be on Friday afternoon, Feb. 6, at the school house. A report will be had from the O. S. T. A. and two general topics "The Home Study Period" and "Making Our School Grounds Beautiful" will be discussed.

Jim Murtha Buys Out Short & Meade.

Only one large real estate deal was made in this section during the past week, Jim Murtha buying the Short & Meade place on the John Day near the mouth of Hay creek. This deal involved approximately 1900 acres of land, the consideration being in the neighborhood of \$25,000. A very small amount of equipment went with the place, but no stock at all.

Short & Meade came here from Tacoma a short time ago and purchased this place from Earl Weatherford. They like the country and have no idea of leaving Eastern Oregon, but they relocate in this part of the state. They sold simply because Mr. Murtha wanted the place more than they did.

The land includes considerable alfalfa ground, and is a fine place for a man in the sheep business. Mr. Murtha is one of the leading sheep men in this part of the state, and a firm believer in the value of Gilliam county lands.

The postoffice for the new location of Mr. Murtha is Mikkalo, but he will continue to make his home in Condon, and Jean Blessington will be the boss of the new property.

This deal was closed through D. N. Mackay of this city.—Condon Globe-Times.

Still, There is Always The Climate.
The Californian arises at the alarm of a Connecticut clock; buttons his Chicago suspenders to Detroit overalls; washes his face with Cincinnati soap in a Pennsylvania basin; wipes on a Rhode Island towel; sits up to a Grand Rapids table; eats Kansas City meat and Minneapolis flour with Idaho potatoes cooked with Indiana lard on a St. Louis stove burning Wyoming coal; plows five acres of land (covered with Ohio mortgages) with a Chattanooga plow. When bedtime comes he reads a chapter from the Bible printed in Boston; says a prayer written in Jerusalem; crawls under a blanket made in New Jersey, only to be kept awake by seas—the only home product of his home state.—San Francisco Chronicle.

Condon Light Plant Wiped Out.
Reports reached Heppner on Sunday to the effect that the light plant at Condon was gutted by fire early Sunday morning. The machinery was seriously damaged and the town will be without lights for about ten days. The cause of the fire has not yet been determined. Harold Roop, who runs the plant at night was burned about the hands and face while passing through the flames to get out of the building.

Carsner A Candidate.
Word has been received here that R. J. Carsner, prominent stockman of Spray, will be a candidate to represent his district in the House of Representatives of the State Legislature. Mr. Carsner has many friends who will be glad to hear that he has decided to make the race, and who will do all in their power to elect him, believing that he will serve his constituents well.—Condon Globe-Times.

Dog Licenses Are Due.
Inasmuch as the Supreme court of the State of Oregon has ruled that the dog tax license law is now valid, I notify all dog owners of Morrow county that there is now due and payable at the office of County Clerk, a tax of \$1 on all males and of \$2 on all females. This law is independent of any city ordinance requiring a dog license. Dog owners will act accordingly.
J. A. WATERS, County Clerk.

E. E. Ragg was a Saturday business visitor in Heppner from his Rhea creek ranch. He says the stock men and farmers generally will be wondering what they did with their last hay crop if this winter weather continues much longer.

Yes, it's toasted

YOU know how much toasting improves bread. Makes it taste good. Of course—more flavor.

Same with tobacco—especially Kentucky Burley.

Buy yourself a package of Lucky Strike cigarettes. Notice the toasted flavor. Great! Nothing like it. The real Burley cigarette.
