LEGAL NOTICES

NOTICE OF STOCKHOLDERS ANNUAL MEETING.

Notice is hereby given that the annual meeting of stockholders of the Heppner Mining Company will be held at the office of S. E. Van Vactor, Heppner, Oregon, on the second Tuesday in February, 1926, being the 10th day of February, 1926, at 2 o'clock in the afternoon of said day. This meeting is for the purpose of electing officers and the transaction of such other business that may appear.

NOTICE OF FINAL ACCOUNT.

In the Circuit Court of the State of Oregon, for Multnomah County, Probate Department.

In the matter of the Estate of John E. Peterson, deceased. Notice is hereby given that the undersigned, as administrator of the estate of John E. Peterson, deceased, has filed his Final Account in the Circuit Court of the State of Oregon, for Multnomah County, Probate Department, and that Friday, the 27th day of February 1926, at the hour of 9:30 o'clock A. M., of said day, and the Court room of said Court has been

appointed by said Court as the time and place for the hearing of objections thereto, if any, and the settlement thereof. OSCAR E. PETERSON, Administrator. John Olson, Attorney. Dated and first published January 29, 1926.

NOTICE OF ESTRAY.

Notice is hereby given that a red bull, a few white spots in forehead and branded anchor S on left side and swallow fork in right ear, came to my place one mile west of Liberty school house, on November 1, 1919. Weight of said animal is about 1100 pounds. Owner may have animal by paying pasture bill and cost of this advertisement.

THEODORE ANDERSON, P. O. address, Heppner, Ore.

NOTICE

There came to my place about June 1, four miles southwest of Hardman, the following described animals: one brown horse, white stripe in face, branded with spear on right hip; one black yearling horse, no brand. Owner may have same by paying all costs. 1-122

LOTUS ROBINSON, Hardman, Ore.

MILK VERY HEALTHFUL FOOD

Educational Campaign Being Conducted by Dairy Division of Department of Agriculture.

(Prepared by the United States Department of Agriculture.)

Drink more milk—a healthful food as well as drink—is the slogan advocated in an educational campaign now being conducted by the dairy division of the United States department of agriculture. Lectures, demonstrations, charts and moving pictures are being used to teach the food value of milk, and the work is carried to all classes and nationalities of people in all parts of the country. Recently in Bridgeport, Conn., two milk specialists in one day spoke before five meetings; two audiences were colored, one was Lithuanian, one Slavonic, and one Greek and American mixed—1,000 people in all.

In a certain town in Illinois a factory employing 1,400 men has recently introduced the plan of permitting milk vendors to go through the plant at ten and three o'clock each day with sweet

Use More Milk, the Drink of Uncle Sam.

milk and buttermilk. Most of the men buy a pint each time. The foreman stated that since the drinking of milk has become so popular with the men not only is their efficiency improved but they are more contented and even tempered.

Specialists are giving lectures in many large department stores, and explain that a glass of cool milk is not only refreshing on a hot day but also furnishes a definite amount of nourishment.

In New Haven, Conn., the manager of one department store had posters made entitled, "Why We Should Drink Milk," and sold six milk tickets for 25 cents to the employees, no attempt being made to show a profit on the sales. Half-pint bottles of milk were distributed to the clerks in the middle of forenoon and afternoon. The stores were furnished with each bottle of milk, as the manager believes that too often people drink milk too fast, causing bodily discomfort.

BEST DAIRY BARN LOCATION

It is of Importance That Building Be Comfortable, Durable and Sanitary.

It is not necessary that the dairy barn be elaborately built out of expensive materials, suggest the dairy husbandmen, but it is of importance that it be comfortable, durable and sanitary and that it be well located and arranged. It is essential that the roof be waterproof, the sides wind-proof and the stable floor substantial and easily cleaned.

It is of some importance that the site for the dairy barn shall have good drainage. The yards should never slope toward the barn. It is also well to locate the yards to the south of the barn, if possible, to protect the stock when they are turned out in the winter.

DAIRY NOTES

Screen your dairy rooms against flies. When bran is eaten readily by young calves.

Clean milk is impossible if cows are not kept clean.

Perfect circulation of air in the stable means more milk.

The dairyman who is too saving of feed cheats himself as well as the herd.

Cleanliness is the beginning and the end of the gospel of pure milk production.

DRUGS FEARFUL AND AWFUL

Amazing Concoctions That Our Ancestors Swallowed, Believing That They Had Medicinal Virtues.

The medicines used down to early recent days sound most extraordinary to our ears. As late as the eighteenth century dried food was seriously considered a specific against the plague. In an article in the New York Medical Journal Dr. William Rowick Riddell of Toronto, Canada, mentioned a few of the remedies in vogue. A plaster made of arsenic was applied to cancers, bleeding was practiced on all occasions, even in the time of our grandparents. But the sovereign remedy of all was known as mithridatium or theriaca. This was the great antidote of Roman pharmacy. It originally had 40 or 50 ingredients, all vegetables, but Nero's physician, Andromachus, added the flesh of vipers. Every physician had his own variation of the formula, and Matteo in the sixteenth century put no less than 120 ingredients into it. The name theriaca or theriaca, under which it was commonly known, was derived from the Greek "therion," a wild beast, as the stuff was considered a specific against the poisonous bites of beasts and serpents. The French word "treacle," and the medicine was known in England as "Venice treacle." It was the famous Sydenham who first opposed the use of drugs. In fact when Sir Richard Blackmore asked him for a good guide in practice, he replied: "Don Quixote," and declared that "arrival of a good clown would do more for the health of a city than that of 20 asses laden with drugs."

Too Crowded.

The story of a New York woman who a number of years ago remarked, upon seeing three automobiles on Broadway in a single afternoon, that she "did not know what pass we are coming to," is paralleled by the following paragraph, taken from "Call for the Desert Trails," S. Simeon Chase's book: "The cowboy's liking for unlimited range was illustrated by my friend's complaint that new-comers were crowding him out. A neighbor and another four miles off in the other were the grounds of objection; and the road was 'getting to be a darn boulevard'; there were two fellows went by yesterday."

Your Teeth and You

You needn't be afraid of pain if you have your teeth cared for by Parker System. You needn't lose much time, for under this System your work will be done with fewer visits, special attention being given to out-of-town patients. You needn't have doubts about being satisfied, for Parker System dentists are just as particular as you are. You needn't worry about price, for it will be as low as good dentistry can possibly be done for. But you ought to be afraid of one thing, and that is delay. The longer you neglect your teeth, the worse they get. Bad teeth never grow better unless good dentists help them. Consultation and advice free. There are twenty-four E. R. Parker System offices, the nearest being at 755 Main Street, Pendleton. 326 Washington Street, Portland.

Engagement Announced Mr. "Grippe" and Miss "Flu" are busily engaged again, but—the minute you feel a cold coming on, begin to have fever or chills, dull aches or constipation, it may be the Flu or Grippe. Before retiring, bathe your feet in hot salt water, take a good big cup of HOLLISTER'S RACKY MOUNTAIN TEA (warm) and go to bed for the night—it's a 10 to 1 shot you'll feel great the next morning. Without fail try this—but do it quick before the "Flu" or "Grippe" gets a start. Buy a package today, have it in the house and use it at the very first warning—then you're safe. HUMPREYS DRUG COMPANY FAIR TREATMENT COMBINED WITH BEST PRINTING AT THE G. T. OFFICE

Dignifying the Industry THIS is a day of modern farm equipment; a day of better farming methods, and a day of better living conditions on the farm. As the farmer brings up-to-date business methods into his farming operations, he turns to printed stationery, which in itself bespeaks progression. And Gazette-Times Quality Printing is the choice of the more particular farmers. Many of our progressive ranchmen are using Gazette-Times printed letterheads and envelopes, bill heads and sale bills. Put your business on that high plane by using our stationery. Phone Main 882 Or drop into our shop while in town and make yourself at home. The Gazette-Times

FRESH CLEAN PURE Willow Brand Butter WILLOW BRAND Butter is a made-at-home product, fresh, pure and rich in that delicious "buttery" flavor. Insist on WILLOW BRAND and you will not go wrong. It costs no more, but contains genuine butter value. Butterfat which goes into the production of WILLOW BRAND Butter comes from the dairy herds of the uplands and creek farms of Morrow County.
