erty-loving persons, but a distinctly criminal and dishonest movement. Lenin himself made the statement at the Third Soviet Conference, 'Among one hundred so-called Bolsheviks there is one real Bolshevik, thirty-nine criminals and sixty fools.' It advocates the destruction of all ownership in property, the destruction of all religion and belief in God. It is a movement organized against Democracy and in favor of the power of the few built by force. Bolshevism, syndicalism, the Soviet Government, sabotage, etc., are only names for old theories of violence and criminality.

**Russian Labor Crushed.**  
"Though their adherents in this country are advocating and fomenting strikes, Lenin and Trotsky forbid broken up and completely subordinated to the will of the few demagogues in control in Russia. This Bolshevist experiment on the living body of the Russian people has not proven in any sense of the word an experiment in Democracy. The Bolshevist leaders frankly repudiate democratic principles as we understand them. It has been a gamble which meant for Russia, and, indeed, for the whole of humanity, enormous losses in lives as well as in material resources. The Bolshevists have run up a colossal bill which the Russian workmen and peasants will have to pay.

**"Reds" Menace America.**  
"Having lived at the expense of the Russian people for two years, these speculators in human lives and other people's earnings are trying to move to new fields to the east and to the west, hoping to take advantage of the economic distress and confusion of mind in which humanity finds itself after the terrific strain of five years of war.

"Its sympathizers in this country are composed chiefly of criminals, mistaken idealists, social bigots and many unfortunate men and women suffering with varying forms of hypersthesia. They are enemies of the government, of the church and of the home and advocate principles which mean the abolition of all three of these safeguards of civilization.

**Would Rob Everybody.**  
"Twenty million people in this country own Liberty Bonds. These 'Reds' propose to take away; 9,830,000 people in the United States own farms and 3,838,000 more own homes, which they would forfeit; 11,000,000 odd people have savings accounts in savings banks and 18,000,000 people have deposits in our national banks, at which they aim. There are hundreds of thousands of churches and religious institutions, all of which they would abolish. In other words, 110,000,000 hard-working and saving people who own property, love liberty and worship God are asked to abandon all the ideals of religion, liberty and government, which are the outcome of the struggles of their fathers and their own development, and to place themselves, their homes, their family and their religious faith in the keeping and their property under the domination of a small group of Lenines and Trotskys.

**Protection Promised.**  
"This department, as far as existing laws allow, intends during the forthcoming year to keep up an unflinching, persistent, aggressive warfare against any movement, no matter how cloaked or disguised, having for its purpose either the promulgation of these ideas or the excitation of sympathy for those who spread them. The movement will not be permitted to go far enough in this country to disturb our peace and well-being or create any widespread distrust of the people's government. It will fall away before the light of popular knowledge and appreciation of its aims and purposes."

**WOOD LASTS FOR CENTURIES**  
Oak Buried in Water or Wet Sand Has Proved to Be Practically Indestructible.

Men employed in driving a new gallery in a gold mine at Charlotte Plains, in Victoria, Australia, have made an astonishing discovery. At a depth of 300 feet below ground they have come upon pieces of timber perfectly preserved, which have every appearance of having been sawed and shaped by the hand of man.

This timber lies in the bed of an ancient river now being worked for gold, and the timber is oak. Now, oak has the peculiar property of lasting for centuries when buried in water or wet sand. Oak piles have been taken out from under old wooden bridges constructed by the Romans, and found as sound as when they were put there, nearly 2,000 years ago.

Oak, known as bog oak, is found buried in Irish peat bogs, and is perfectly black, intensely hard, and very valuable. Just before the world's war it was discovered that the bed of the river Moksha, in Russia, for a length of over 400 miles, is simply full of magnificent old oak trees bedded in sand. The river is shallow, and broad, and the oak can easily be raised.

Smaller deposits are found in England. There is a pool in the river Dart, known from time immemorial as Oak pool, in the bottom of which are masses of fine old oak. The strange thing is that there are no oak trees near the spot at present.

**Yellowstone's Wonders.**  
In writing of the Yellowstone park, John Muir has said: "In some of the spring basins the waters, though still warm, are perfectly calm, and shine blindingly in a sod of overleaving grass and flowers, as if they were thoroughly cooled at last and set aside to settle and cool. Others are wildly boiling over as if running to waste, thousands of tons of the precious liquids being thrown into the air, to fall in scalding floods on the clean coral floor of the establishment, keeping onlookers at a distance. Instead of holding limpid pale green or azure water, other pots and craters are filled with scalding mud, which is tossed up from three to four feet to thirty feet, in sticky, rank-smelling masses with gasping, belching, thudding sounds, plastering the branches of neighboring trees; every flask, retort, hot spring and geyser has something special in it, no two being the same in temperature, color or composition."

**WARNS NATION OF RED PERIL**

**U. S. Department of Justice Urges Americans to Guard Against Bolshevism Menace.**

**CALLS RED PLANS CRIMINAL**  
Press, Church, Schools, Labor Unions and Civic Bodies Called Upon to Teach True Purpose of Bolshevist Propaganda.

Washington.—Calling for the patriotic support of all true Americans in its fight to protect their homes, religion and property from the spreading menace of Bolshevism, the United States Department of Justice has issued a warning against the insidious propaganda of the "Reds" during the new year. It reads:

"It would be extremely helpful to the cause of good government, the maintenance of law and order and the preservation of peace and happiness in our country if the people on this New Year's day would resolve to study, understand and appreciate the so-called 'Red' movement. They can counteract it most effectively by teaching its purpose through the press, the church, the schools, patriotic organizations and labor unions, all of which are within the range of its insidious attacks.

"Red" Theories Criminal.  
"The 'Red' movement does not mean an attitude of protest against alleged defects in our present political and economic organization of society. It does not represent the radicalism of progress. It represents a specific doctrine—namely, the introduction of dictatorships the world over by force and violence. It is not a movement of lib-

erty-loving persons, but a distinctly criminal and dishonest movement. Lenin himself made the statement at the Third Soviet Conference, 'Among one hundred so-called Bolsheviks there is one real Bolshevik, thirty-nine criminals and sixty fools.' It advocates the destruction of all ownership in property, the destruction of all religion and belief in God. # That Trade-At-Home Idea

*Applies to Printing Just as It Applies to Every Other Commodity*

**ASIDE** from the fact that The Gazette-Times is purely a local institution, having a heavy investment in a modern printing plant, paying taxes here, and supporting every institution in Heppner, there are other good reasons why The Gazette-Times should receive the printing orders now going to outside printers.

**Quality** The Gazette-Times Quality Printing is equal in every respect to that furnished by outside printers.

**Price** The Gazette-Times Quality Printing costs no more than that procured outside of Heppner, and in many instances it costs less.

**Service** Being "on the job" all the time The Gazette-Times is in a position to give a printing service that cannot possibly be equaled by the outside houses.
