FARM BUREAU NEWS

(From Morrow County Farm Bureau News.)

SALIENT POINTS OF NA-
TIONAL FARM BUREAUDuring the convention held at the
Agricultural College during the past
ten days many points came up for dis-
cussion which I believe every Farm
Bureau member should be acquaint-
ed with.First: The County Agents had one
of their members at the Chicago
meeting and three delegates from the
National Agricultural Department
were at our conference, as well as
two of the members of the Idaho
State Farm Bureau. It is every-
where conceded that the Farm Bu-
reau is a going concern and growing
strong and the longer it has been tri-
ed in any community the stronger it
goes.Second: In these States the farm-
ers are doing the organizing of Farm
Bureaus themselves. It will probably
be sometime before we reach this
stage of the game as in every county
so far as my acquaintance goes, the
preliminary work has been done as
in the case in this county, by the
County Agent himself, with a few
leading farmers.Third: These organizations are
undertaking many problems includ-
ing the purchase of range feeders in
the southern states for the farmers of
the Corn Belt; purchasing of seeds,
land plaster lime for the soil, etc.;
and attending the marketing of
steers, the handling of the marketing
of the farm products, and the discus-
sion of any live business legislation
in connection of this summons, exclusive
of the day of first publication thereof,
to-wit: February 19, 1920, and de-
mand the sum in the Court aforesaid,
or pay the amount due as shown a-
bove against said tracts or parcels of
land, respectively, above described,
of which you are the owner, or in
which you have, or claim to have, any
interest or estate, together with in-
terest and costs accrued in this suit
thereon. Service of a copy of your
answer or other process may be made
upon the undersigned attorney for
plaintiff, at the place specified below
as his address, and in case of your
failure so to do, judgment and decree
will be entered against you and each
of you, foreclosing said tax liens for
the amount set opposite and following
the description of said tract or parcel
of land above set forth, together with
interest and costs thereon, against
said tracts or parcels of land and said
tracts or parcels of land will be sold
to satisfy said judgment and decree
obtained in this suit.You are hereby further notified
that the plaintiff will apply to the Cir-
cuit Court aforesaid for judgment
and decree foreclosing said tax liens
against said property, hereinbefore
described.This summons is published once
each week for sixty consecutive days
in the Gazette-Times, a newspaper
of general circulation in Morrow
County, Oregon, published weekly at
Heppner in said County, the date of
first publication thereof being Febru-
ary 19, 1920, said publication being
made in pursuance of an order there-
for made by the Honorable Gilbert
W. Phelps, Judge of the Circuit Court
of the State of Oregon for Morrow
County, said order having been made
and entered on the 6th day of Febru-
ary, 1920.COUNTY OF MORROW, STATE
OF OREGON.By Samuel E. Notson, District Attor-
ney for Morrow County, Oregon,
and Attorney for Plaintiff; whose
address is Heppner, Oregon.

NOTICE OF FINAL SETTLEMENT.

Notice is hereby given that the un-
dersigned Administrator and Admin-
istrator of the Estate of John A. Gib-
bons, have filed their final account in
said estate and that the County Court
of the State of Oregon for Morrow
County has appointed Monday, the 5
day of April, 1920, at the hour of
10 o'clock in the forenoon of said day
as the time for hearing and settle-
ment of said final account. Objec-
tions to said final account must be filed
on or before said date.GLADYS M. GIBBONS,
Administrator.
C. D. ALBRIGHT,
Administrator.NOTICE OF TAKING UP AND SALE
OF ESTRAY.Notice is hereby given that on the
10th day of January, 1920, the un-
dersigned took up and now holds at his
farm on the Middle Forks of Rock
Creek, four and one-half miles South-
west of Hardman, in Morrow County,
State of Oregon, the following describ-
ed estray, to-wit:One dark red cow, branded thus
[A] on the left hip, marked with
crop off and two splits in right ear,
and indistinct mark in left ear,
weighs about 850 pounds, and ap-
pears to be about five years old.Notice is hereby further given that
by virtue of an order of E. J. Merrill,
Justice of the Peace for the First Dis-
trict of Morrow County, Oregon, made
and entered on the 14th day of Febru-
ary, 1920, the undersigned, will on
the 6th day of March, 1920, at the
hour of ten o'clock in the forenoon
of said day, at his farm above described,
sell said estray at public auction for
cash, to the highest bidder according
to the laws of the State of Oregon, e-
lating to the sale of estrays to satisfy
the cost and expenses of taking up
and sale of said estray, and damages
sustained by the same, unless before
said sale, the owner thereof claims
the same and pays the cost, expenses
and damages incurred to the date of
claiming same.Dated this 17th day of February,
1920.

LOTTIS ROBISON.

that may effect the farmers or their
business interests, as well as the
usual educational features of the ex-
tension service.Fourth: The annual membership
ran as high as \$15 per member in
some and many counties. In one
county they are building under the
auspices of the Farm Bureau with
these funds a \$75,000 sale ring, un-
doubtedly these men are going out
for business. In this county the or-
ganization has been going for ten
years.Fifth: We have not been in the
game very long as yet, ourselves. We
must crawl before we can walk, and
walk before we can run.Sixth: The plans and activities
are not the same in all States. Dif-
ferent State organizations have dif-
ferent regulations concerning their
own activities. This will be probably
true in this state.Seventh: These will undoubtedly
be determined largely by the State
Farm Bureau constitution and until
it has been framed and discussed I
believe that we will gain little by
quibbling over any of the things that
we can or cannot do at the present
time. One thing is certain that the
Farm Bureau is the farmers' busi-
ness organization and what ever the
best interest of the farmers dictates
as the policy of the Bureau will be
the line followed by it. In other words
the members will settle the status of
the organization.Eighth: The first duty as I see it
individually of every member is to
give the plan of the state, county and
national Farm Bureau the most pos-
sible consideration that we may all
of us get a better understanding of it.
It is patent that there will be un-
doubtedly many troubles and fric-
tions show up within the first year
or two of this organization as no new
machine works perfectly at the start.
Therefore, we should use great cau-
tion and considerable patience until
we get this machine going, but at no
time should we allow these small
troubles to interfere with what other
men in other states and counties
have proven to be a real success.Ninth: It is definitely planned by
the various Farm Organizations of
the state that a State Farm Bureau
will be organized in this state either
in the late spring or early fall and at
least it will be before the first of Oc-
tober. This will give opportunity for
a full discussion of any measure that
may come before the people at the
November election and upon which
the farmers of the state should have
a right to express an opinion, will
give an opportunity to place before
the legislature any measures which
may be of interest or to express the
sentiment of the people upon any-
thing which may be to their disad-
vantage, if this should be found ex-
pedient.One problem stands out as proba-
bly the most important for us to con-
sider at the present time and that is,
to really face our individual busi-
ness, as a manufacturer faces his to the
end, that we may know the absolute
costs of the commodity of which we
specialize in producing so that we
may be able to state without fear of
contradiction whether or not the
price received is a fair and equitable
price therefor, and also to be able to
speak of any division of our private
business in the same respect that any
other business man would speak of
his. In short, we must consider that
farming is a business and should be
followed by business principles.We trust that the Morrow county
Farm Bureau which now enjoys a
high rank among the county organi-
zations of the state will be in a much
stronger position by fall and that we
will be enabled to really stand among
the first counties of the state when
the final organization meeting is held
for the state federation.

The Farm Bureau Corn Train

The stockmen of Morrow county
have found that shelled corn is a
splendid ration to feed with hay or
straw and are planning to use more
of it next year.The cooperative marketing com-
mittee expect to make a train load
shipment next fall. The farmers of
the middle west will load it on the
train and the farmers of the west
take it off. There will be no trade
in the dark. A heavy saving will re-
sult. See your local committee now
about it, about 25 cars are spoken
for now.The Oregon Wool-Growers To
ReorganizeThe National and State Wool Grow-
ers Association have been meeting,
discussing and studying their prob-
lems for several decades and have ac-
complished—quite a good deal, and
have proven of great value to the in-
dustry.It is now felt that there is some-
thing more needed and it is practical-
ly certain within the next six months
some steps along the line of construc-
tive re-organization will be taken
that offer great promise for that in-
dustry.Morrow county will fire the first
gun. Help make it a cannon. Watch
for the meeting date.The Farm Bureau Road Com-
mittee ActiveThe Farm Bureau Road commit-
tee have not been idle during the past
month. As chairman Adam Knob-
lock, County Roadmaster Oscar Min-
lock, and the County Agent made quite
a trip over a good many proposed
routes over the north end of the coun-
ty with the idea of working out one
route that would connect the North
and South ends of the county and
serve the wheat belt as well. It is
hoped that they have found a route
that will prove satisfactory and at
the Alpine meeting the matter will be
thoroughly discussed.That
Trade-At-Home
IdeaApplies to Printing Just as It Applies
to Every Other CommodityASIDE from the fact that The Gazette-
Times is purely a local institution, hav-
ing a heavy investment in a modern print-
ing plant, paying taxes here, and support-
ing every institution in Heppner, there are
other good reasons why The Gazette-Times
should receive the printing orders now go-
ing to outside printers.**Quality** The Gazette-Times Quality
Printing is equal in every re-
spect to that furnished by outside printers.**Price** The Gazette-Times Quality Print-
ing costs no more than that pro-
cured outside of Heppner, and in many in-
stances it costs less.**Service** Being "on the job" all the
time The Gazette-Times is in
a position to give a printing service that
cannot possibly be equaled by the outside
houses.
