

### Lexington High School Notes

When you want to spend a few minutes of your time profitably just come to the Lexington high school auditorium some Tuesday or Thursday morning. We have regular assemblies every Tuesday and Thursday morning from 9:00 to 9:30. Leaders for the assemblies have been chosen for several weeks ahead. They are as follows: Herman Hill, April 1, 15 and 29; Lowell McMillan, April 6, 20 and May 4; Esther Nolan, April 8 and 22; Kathleen Stocum, April 13 and 27. We will be glad to see you at any time.

Lexington and Ione opened the base ball season Saturday, March 27, by a big game. The score at the first inning stood 19 to 0. Lexington made a good showing afterwards but couldn't offset handicap of run up score in the first inning. Ione won by a score of 13 to 5.

All the material from the different editors of the first high school annual was handed in the evening of March 30. The editor and associate editor are now busy preparing the material for the printer. We are planning on having the Lexonian printed, bound and ready to be delivered to those who want a copy by May 1.

The plans are for a big fifty two page annual. The dedication and foreword will be decided on Wednesday night. The different classes have contributed some unique and new material. The short stories which have been selected from the whole high school are good.

The purchaser of a Lexonian will spend many a pleasant evening reading of the L. H. S. and its activities and educational work. Have you purchased one? If not see Lowell McMillan, Earl Ward or Luella Cummings right away—if not sooner. Price 75c. Contents, sense, nonsense, art and picture gallery all in one.

A breathless moment came last Tuesday afternoon while we went through the agony of a long speech (or so it seemed to us) before Mr. Dickerson announced to us the winners in the short story contest. To assure the annual staff of the best short story attainable, we all wrote a story. These, known only by number, were handed over to a faculty committee to make the choice. This committee found the task not a simple one, many stories clamoring for first place, losing out in many cases because these were supposed to be "finished jobs," and so allowing for no further reediting. Now, if you have lasted this far, we are ready to announce the winners. The story winning first place called "Buying A Hat—With the Aid of Three Brothers," was written by a Freshman, Wilma Leach. Mary Thompson ran her a close second as did Lowell McMillan, being awarded second and third places respectively. Others gaining "honorable mention" were Geo. Tucker, Dora Cutsforth and

Blanche Shinn, Freshmen. Sophomores, Opal Leach and Herman Hill Senior, Luella Cummings.

#### A Stag Party.

On Friday last about 50 fun-loving ladies and girls of the younger set were invited to a women's stag party, given by the girls of the Lexington high school at the opera house. Every type of man was represented from the Irish to Charlie Chaplin, but soldiers and sailors were most prominent. They enjoyed playing leap frog and other manly games after which delicious refreshments were served. Those present were Mrs. George White, Mrs. Green, Mrs. Lane, Mrs. Booher, Mrs. J. F. McMillan, Mrs. George Broadley, Mrs. Cora Warner, Mrs. Maude Pofnter, Mrs. F. L. Kuns, Mrs. L. W. Holmes, Mrs. Millard Parker, Mrs. Pete Mulloy, Mrs. J. E. Geniry, Mrs. Ed Burchell, Mrs. J. G. ## The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man

among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.
