Resolutions of Condolence, Kate J. Young Lodge, Degree of Honor.

Whereas, with silent tread, death has entered our order and has removed from our midst our beloved sister, Loretta Yeager, and whereas we will miss her everywhere, yet in the glory of the morning's kiss, and the mellowing shadow of twilight, our hearts will fill with tender recollection of her.

Resolved that Kate J. Young

Lodge, Degree of Honor has lost a loved and honored member, and though we yield to Him in His omniscience, yet we grieve for the loss of our sister who in her kindly life and cheery disposition, had so endeared herself to all who knew her.

Resolved, that in reverent memory, our charter be draped for a period of thirty days, and a copy of these resolutions be spread upon the minutes of the lodge, and a copy be sent to each of the Heppner papers for publication.

Over Twice as Many to Educate But Only Half as Much Money to Educate With

That is why the Oregon Agricultural College, the State University, and the Normal School cannot maintain themselves on the old basis. In 1913 they

Had Only 2250 Students, but they Now Have 5400 Students

In addition, their income in 1913 had twice the buying power of their income in 1920, due to the worldwide rise in costs over which of course they could have no control.

The foregoing is one of many equally good reasons why you should vote for the Higher Education relief bill at the election on May 21. Save the quality of higher education in Oregon and give YOUR boy and girl, and YOUR NEIGHBOR'S, their rightful educational heritage.

Silk Blouses that Offer You the Sum of Many Savings

Made of Georgette and Crepe-de-chine

THE wholly unique, efficient and economical co-operative manner in which these Blouses were acquired, makes it possible for you to exercise in their purchase the sum of many savings. Briefly summed up, they are

1. Saving in material costs.
2. Savings in cost of making.
3. Savings in overhead costs.
4. Savings of all selling expenses.

The materials out of which these Blouses are made, were purchased at prices radically under costs today; the saving in making costs, resulting from their manufacture in vast quantities, the same styles having been made for one good store in practically every city of consequence throughout the country; the lower overhead cost and the elimination of selling expense result from the contract manner in which the Blouses came to us.

This is a rare Blouse opportunity, one that you should not miss if economy means anything to you. The quantity is limited and no more of the same styles will be obtainable.
