Jack Hynd, "the mayor" and Walter Pope, "the marshal" autoed to the Sand Hollow country on Wednesday. Jack was so pleased with the fine feed on Hynd Bros. ranch "Rose Lawn" that he has sent a large bunch of fine ewes and lambs to graze there for a few weeks.

Mrs. Swen Troedson left Cecil on Monday for Pocatella, Idaho. After an absence of thirty-one years, Mrs. Troedson intends leaving Pocatella with friends early in May for her native land Sweden. They will sail on the "Stockholm" from New York for Gothenburg, Sweden. Our best wishes go with our friend.

Major Hotchkiss a Candidate for Republican Presidential Elector.

Major Clarence R. Hotchkiss of Portland, who recently returned from two years overseas service, has just announced his candidacy for Presidential Elector from Oregon. He is secretary of the Roosevelt Republican Club of Oregon, and once served as delegate to the Republican National Convention.

In filing his candidacy with the Secretary of State, Major Hotchkiss declared that "World conditions demand the return of the Republican party to power and the election of a president whose official acts shall be based on right and reason and who will place the honor and integrity of the nation above all and not fritter away the greatest opportunity that ever came to a people."

Major Hotchkiss is the veteran of three wars, the Spanish American war; the Filipino insurrection and the great world conflict. In addition he served on the Mexican border. He is a lawyer when not serving his nation under the colors.

E. E. Lovgren, Gooseberry farmer who spent the fall and winter at Canby, Oregon, has returned to Morrow county to resume farming on his excellent wheat ranch.

Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

A Boy Can Run a John Deere Lawn Mower

While you are getting things in shape for making hay, put your boy on the John Deere Mower and let him do the cutting—he will do it just as well and just as easily as you can do it.

Because of the powerful lift, he can easily raise the cutter bar to pass over any field obstruction or to extreme height, when necessary. A foot lever, working in conjunction with the hand lever, makes the lift simple and easy.

He will never have to back up to get a start, even in the heaviest hay. The knife starts cutting the instant the mower is thrown in gear—no lost motion.

You will see big advantages in the drive on this machine—it's extremely simple—the gears are so placed that one set holds the other set in mesh constantly. The John Deere will cut all of the grass for years to come—a simple adjustment takes up all lag in the cutter bar, without affecting the centering of the knife. If the knife ever needs re-centering, a special adjustment is provided.

The John Deere is the simplest, most powerful and best-built mower we have ever seen. We know it will appeal to you.

Come in — it's to your advantage, to know all about this mower before you buy. While at our store, we want you to see the rest of our line of haying and harvesting machinery. We have a line of machines you can use with satisfaction and profit.
