Heppner high school earned one more chance at the county base ball championship last Friday by defeating the lone team by a wide margin. The funny part of the entire game lays in the fact that the victors became careless after sewing the victory to their belt, and along in the sixth inning the locals began grabbing at it and by the first of the ninth had taken the lead and completely routed the Egg City lads. Orr played a remarkable game in center field with six put-outs to his credit. The deciding game of the series will be played in Lone.

"All roads lead to Rome" might be changed to read "all roads lead home—eventually." At least that is the conclusion that five local ball fans came to after spending several hours on the road between Condon and Heppner last Sunday evening. P. A. Anderson took some of the fellows over to witness the Arlington-Condon game. Returning home over the Olex road, somebody made a mistake and as a result a nice little journey was made down over Shutter Flat and almost to Arlington. After P. A. stopped listening to the advice of his fellow travelers and began to read the compass for himself, it was not long until that Studebaker Six was traveling on home soil. It was some trip and a great game.

## Farmers & Stockmen It's Like This

If you are inclined to sell your ranches at all, now is the time, when everybody wants to buy. If you want to retire and take things easier for awhile, take advantage of the present conditions and list your land with me at once. Let the other fellow or the younger men do the work and make the money for a while. The change will give you new pep and a more vigorous, enthusiastic grip upon life.

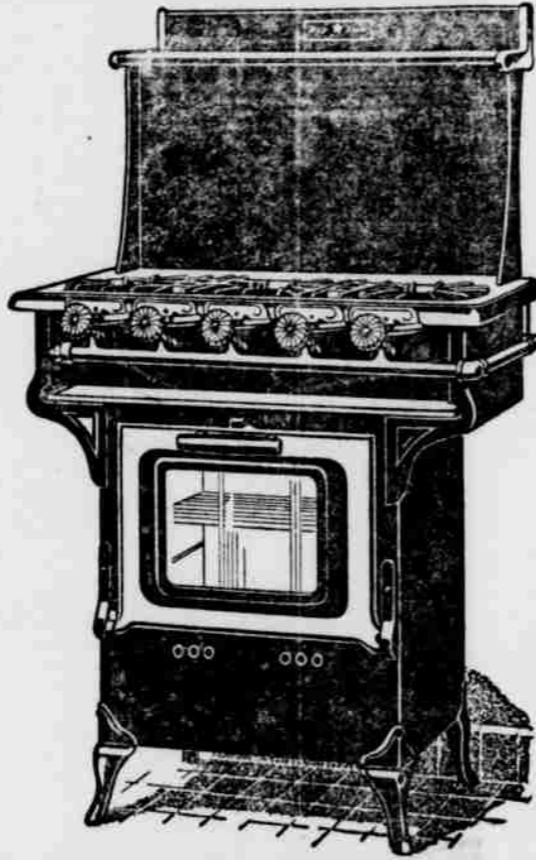

After several months of careful effort, I have secured a large list of outside buyers who will be here within the next 90 days to look at your land.

## Help Given by O. A. C. to the Oregon Farmer

in grain-raising, dairying, horticulture, stockraising, poultry production and other branches of agriculture, have

Saved Oregon more than Higher Education has ever cost

from its very beginning in Oregon. The College has reduced cost of production, improved quality of product, and helped keep down the pests of farm, garden, orchard and field.

Like the State University and the Normal

it has helped bring school, business, and home into vital contact, and has helped demonstrate that

Higher Education is of direct help to the Country Districts

But higher education in Oregon is crippled by great increases in attendance, by lack of buildings, by the fallen buying power of the present millage support, and by the failure of the millage support to grow. You are respectfully urged to vote for the new millage support bill on May 21. The Higher Educational relief measure.
