SUMMONS
IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR MORROW COUNTY.
T. J. Jones, Glenn C. Jones and Alva Jones, Plaintiffs,
vs.
Chris Peterson and Mrs. Chris Peterson, his wife; Walter Berry and Emily Berry, his wife; also all other persons or parties unknown claiming any right, title, estate, lien or interest in the real estate hereinafter described, Defendants.
To Chris Peterson, Mrs. Chris Peterson, his wife; Walter Berry and Emily Berry, his wife, and also all other persons or parties unknown claiming any right, title, estate lien or interest in or to the real property hereafter described, Defendants:
IN THE NAME OF THE STATE OF OREGON, You are hereby summoned and required to appear and answer the complaint of plaintiffs filed against you in the above entitled court and cause on or before six weeks from the date of first publication of this summons, and you are hereby notified that if you fail to so appear or answer, for want thereof plaintiffs will apply to the Court for the relief demanded in their complaint, viz: That you and each of you be required and compelled to come in to court and set forth any right, title, interest, lien or claim that you or either of you may have or claim in, to or against the following described land, to-wit: The Northwest quarter and the South half of Section 17, the Northeast quarter of the Northwest quarter and the North half of the Northeast quarter Section 26 all in Township 3 South Range 26 E. W. M.; that plaintiffs are the owners in fee simple of said lands free and clear of all liens or interests of you or any of you. That neither you or any of you have any lien upon or interest in said lands or any part thereof and that you and each of you be forever barred from setting up asserting or maintaining any such lien, claim or interest, and that plaintiffs' title to said lands be forever quieted as against you.
This summons is served upon you by publication thereof in the Gazette-Times, a weekly newspaper published at Heppner, Oregon once a week for six consecutive weeks by order of Hon. G. W. Phelps, Judge of the above entitled court, made and entered on the 10th day of May, 1920, and the date of first publication thereof is May 13, 1920, and the date of last publication will be June 24, 1920.
WOODSON & SWECK,
Attorneys for Plaintiffs.

NOTICE OF CONTEST
No. 019469-2023
Department of the Interior, United States Land Office, The Dalles, Oregon, May 5, 1920.
To Edwin C. Montgomery of Boardman, Oregon, Contestee:
You are hereby notified that Lee Mead who gives, care John Gavin, The Dalles, Oregon, as his post office address, did on April 5, 1920, file in this office his duly corroborated application to contest and secure the cancellation of your Homestead Entry No. 019469, Serial No. 019469 made December 3, 1917, for W 1/2 SW 1/4 (Unit "B") Section 14, Township 4 N, Range 25, E. W. Meridian, and as grounds for his contest he alleges that said entryman has wholly failed to establish residence or live upon said land at all, and has wholly failed to improve or cultivate said land since filing thereon; that said failures still exist and are not due to military or naval service of any kind by said entryman.
You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be canceled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to these allegations of contest, together with due proof that you have served a copy of your answer on the said contestant either in person or by registered mail. You should state in your answer the name of the post office to which you desire further notices to be sent to you.

FROM VIRGINIA

Hon. Campbell Bacon Slomp.
The only Republican member of Congress from the state of Virginia is Representative Slomp. He was elected in 1907 to fill the vacancy caused by the death of his father, and he has been re-elected regularly since that time. He is a member of the House Committee on Appropriations, and has taken a very prominent part in the work of that important committee in the way of making reductions of expenditures. He is a member of the Republican National Committee.

What is "Breeding," as Applied to Poultry, Etc.?
That is, what is the correct meaning of Pure-Bred, of Thoroughbred, of Standard-Bred, of Scrub, of Cross-Bred and of Grade? Herewith the U. S. Department of Agriculture announces official definitions.
In the September 17, 1919, issue of the "Weekly News Letter", published by the United States Department of Agriculture at Washington, D. C., official definitions for terms commonly used by poultrymen and other live stock breeders were given to the public as follows:
The following definitions have been adopted by the United States Department of Agriculture for use in the "Better Sires—Better Stock" campaign which it will conduct in cooperation with the various states, beginning October 1:
Pure-Bred: A pure-bred animal is one of pure breeding, representing a definite, recognized breed and both of whose parents were pure bred animals of the same breed. To be considered pure-bred, live stock must be either registered, eligible to registration, or (in the absence of public registry for that class) have such lineage that its pure breeding can be definitely proved. To be of good type and quality, the animal must be healthy, vigorous, and a creditable specimen of its breed.
Thoroughbred: The term "thoroughbred" applies accurately only to the breed of running horses eligible to registration in the General Stud Book of England, the General Stud Book of Ireland and in other countries.
Standard-Bred: Applied to horses, this term refers to a distinct breed of American light horses, which includes both trotters and pacers which are eligible to registration in the American Trotting Register. Applied to poultry, the term includes all birds bred to conform to the standards of form, color, markings, weight, etc., for the various breeds under the Standard of Perfection of the Amer-

ican Poultry Association.
Scrub: A scrub is an animal of mixed or unknown breeding without definite type or markings. Such terms as native, mongrel, razorback, dangleh, piney woods, cayuse, bronco, and mustang are somewhat synonymous with "scrub", although many of the animals described by these terms have a certain fixity of type even though they present no evidence of systematic improved breeding.
Cross-bred: This term applies to the progeny of pure-bred parents of different breeds, but of the same species.
Grade: A grade is the offspring resulting from mating a pure-bred with a scrub, or from mating animals not pure-bred, but having close pure-bred ancestors. The offspring of a pure-bred and a grade is also a grade, but through progressive improvement becomes a high grade.

Takes Steps to Open Far Away Alaska.
Juneau, Alaska, June 1.—First actual government steps toward opening Alaska's vast timber reserves to paper and pulp manufacturers were taken when the United States Forest Bureau recently advertised in Alaska papers, offering for sale all merchantable timber on two tracts near here.
The sale is being made at the request of the recently formed Alaska Pulp and Paper company, which proposes to buy the timber and establish a pulp mill as soon as possible. Work on the mill may be under way this summer. The tracts are on the Glass Peninsula and at Snettisham and are near the Speel river, from which power will be taken.
Spruce, hemlock, cedar and cypress trees are on the land. Government officials estimate there are 10,000 acres in the tracts containing approximately 100,000,000 feet, board measure.
The lowest price accepted is \$1.00 per 1,000 feet for spruce, cedar and cypress and 50 cents per 1,000 feet for hemlock. Bids must be in the hands of the district forester at Portland, Ore., June 1.
Imported Butter Denied Entry.
Several shipments of butter offered for entry into the United States from foreign countries have been denied entry because the butter failed to come up to the requirements of the Federal food and drugs act, according to officials of the Bureau of Chemistry, United States Department of Agriculture. The imported butter has to meet the same standards and tests as the domestic product. The majority of the shipments which were refused entry contained too little butter fat and too much salt and water, but a few contained boric acid, a harmful preservative.
More butter came into the United States last year than during any other single year for the last ten years. The quantity of butter exported from the United States was also larger than normal and more than three times as much as the imports. The total imports of butter and butter substitutes for the year 1919 amounted to 9,519,368 pounds; the exports of butter for the same period were 34,556,486 pounds.
The greater part of the butter imported into the United States now comes from Canada, but shipments come also from Denmark, Australia, Argentina, and New Zealand. Of 300 shipments of butter from Canada examined, 33, or a little more than 10 per cent of those examined, were denied entry into the United States. A few shipments from other countries also were not admitted because they were adulterated under the food and drugs act.
Shipments of imported butter are carefully inspected at the ports of entry, and only such butter is admitted, say the officials in charge of the enforcement of the food and drugs act, as meet the standard which the domestic product is required to meet.

Grant County Man Resigns.
Canyon City—A. D. Leedy, sometime ago appointed by Governor Olcott to fill out the unexpired term of Phil Ashford, as county attorney, has in turn handed in his resignation as a result of the primary election, in which he was defeated for the nomination by J. M. Blank by 119 votes. Mr. Leedy announced that they wanted his retirement. Mr. Blank has been appointed by Governor Olcott to the office.

Professor Potter Honored.
E. L. Potter, professor of animal husbandry at O. A. C., will receive the master of science degree from the Iowa State College at commencement this year. This honor was voted by the faculty on the basis of many years of distinguished success at the Oregon institution. Professor Potter left for Ames, seat of the Iowa college, from Burns, where he attended the cattle and horse raisers annual meet. He will visit some of the leading experiment stations of the United States while on the journey, and expects to reach home about June 15.

Making Excelsior at Eugene.
Eugene—A force of 23 men have been busy on the river bottoms of Lane and Linn counties for some time, cutting halm or cottonwood for the mill of the Eugene Excelsior company.
A former Heppner man, Henry Vance, who is now in the real estate business in Astoria, is prominently identified with the things that are making Oregon's seaport a fast growing city. Mr. Vance and his partner are putting on the market the Marine Iron Works addition, situated across Young's Bay. The new addition is proving attractive to home builders.
Louis Fredericson, of the Lexington Garage, was a Tuesday business visitor in Heppner.

CHANDLER SIX
Famous For Its Marvelous Motor

The Chandler Gives You the Service You Demand

THOUGHTFUL men, in selecting an automobile, find in the history of the Chandler Six a source of real confidence.

The Chandler motor of today is the development of the Chandler motor of seven years ago, embracing refinements and improvements which have been the natural development of these years of service in the hands of thousands of owners, and the constant application of the engineering skill and the since-ry of its builders.

Motors of one type and another have been heralded and retired within these years. But the Chandler motor, its true superiority proven in service on every roadway in America and in many nations abroad, has lived and gone forward into a place of distinction.

Men who have owned and driven many cars, from coast to coast, will tell you the Chandler is the leader of all sixes. Over the long mountain roads or on the trails of the desert or in crowded city traffic, anywhere, the Chandler will give you the service you demand. Its power, its flexibility, and its sturdy endurance are not surpassed.
