FARMERS MAY BRING DISTILLATE FROM AFAR

County Agent Would Relieve Present Fuel Shortage by Cooperative Buying—Plans Would Mean Buying 75,000 Gallons.

"No one can see very far into the fuel situation for the future," said county agent L. A. Hunt in discussing the shortage of distillate and other fuel oil with a Gazette-Times representative this week.

"After considerable delay and a number of disappointments we have finally located 75,000 gallons of engine distillate. Do you want it at 20 1-2 cents a gallon? Do you want it bad enough to help us unload it from the tank cars and save demurrage? These are questions I am asking the farmers. If we get this in, we must face these problems: first, financing the shipment; in this the banks will help. Second, distribution. This is the farmers' problem. Third, storage and unloading, and this is everybody's job. What will you do and how much will you want? We must have your agreement to take a specific amount before it can be ordered. Distillate will furnish more power per gallon than gasoline. Kerosene is certainly a mistake for fuel oil. This shipment will mean certain fuel for harvest and an outright saving of about \$5,000," concluded the county agent.

Roy Johnson Buys Clark Ranch

Roy Johnson, who has been farming the Iler ranch west of Heppner for some time past, has purchased the 1600 acre wheat ranch of E. F. Clark situated about six miles south of Heppner and will take immediate possession. The consideration was \$60,000. Mr. Johnson will continue to operate the Iler ranch for the present. Mr. Clark has extensive holdings in Union county and also in Canada, to which he will devote his attention during the next few months but will probably get into the stock business in Eastern Oregon at a later date. The deal was handled by F. R. Brown of this city.

CONDON WOOL SALE MOVED ONLY FEW CLIPS

The present wool market was faithfully reflected in the annual wool sale held in this city yesterday. But two carloads of wool changed hands, no bids being made on any other lots. Buyers representing most of the big concerns in the country were present, but all stated that they were unable to make any offers, various conditions having placed the wool market at a standstill.

The two carloads purchased, cleaned up a lot of small clips, belonging to Art Smith, Herbert Barnard, Mack Dodson, Ed McConnell, and Messrs. Adam, Templeton, Kennedy, Donovan, Davenport, Willett, Myers, Woodard, Geo. Metteer and W. L. Gage. These clips brought 54 1-2 cents per pound. F. E. Metteer sold 1000 fleeces at 52c and Judge H. D. Keyes' clip of 25c fleeces brought 54 1-2c.

Buyers present were F. E. Clark, J. P. Dufour, R. F. Jones, J. H. Zimmerman, Thos. Ross, Harry Wagoner and G. F. Sharp. The latter is of the firm of Johnson and Sharp, Boston, and was the only purchaser.

Six hundred thousand pounds of wool is at present in the warehouse, and most of this will be held here until the next wool sale, by which time it is hoped that the demand will be better. With the wool that will be brought in between now and the sale, probably a million pounds will be offered.—Condon Globe-Times.

Mac Hoke Secretary for Cunningham Sheep Company
