Smut Fan Saved Money For Oaksdale Farmer

From an insurance rate amounting to \$80 per thousand to nothing is quite a drop, but E. J. Doneen, president of the Whitman County Farmers' Union of Oaksdale, Wash., asserts that the smut collecting fan, devised by the experts of the United States Department of Agriculture has done that for him. Moreover, his wheat, threshed from very smutty grain, sold at a discount of only 1 per cent.

Addressing a farmers' meeting at Walla Walla, Wash., Mr. Doneen told his audience, "I started threshing on the worst place on my farm, where the grain contained from 17 to 20 per cent smut heads, and by using the smut fan ran the smut out through a pipe ten inches in diameter. At first the smut was simply scattered over the field, but later we put the end of the pipe under the stack, thus preventing the spread of the smut spores.

"We ran the machine 31 days and had no fires or explosions, although there were 16 explosions in the district last year. I sold the wheat at only 1 per cent discount, whereas without the smut fan I would have been docked at least 10 cents a bushel."

Here's where we call a spade just that

THE POET says a rose.
BY ANY other name.
WOULD SMELL as sweet,
AND THAT'S all right.
BUT CALLING.
SOMETHING ELSE a rose.
WONT CHANGE its smell.
OF COURSE not.
AND I'M not knocking.
BUT JUST telling you.
RIGHT OUT.
THAT THERE are only.
THREE GRADES.
OF TURKISH tobacco.
FIRST, GOOD Turkish.
WHICH is mighty good.
AND ALSO expensive.
AND SECOND.

POOR TURKISH tobacco.
WHICH is less expensive.
AND NOT so good.
AND THIRD, tobacco.
CALLED TURKISH, which.
NEVER SAW Turkey.
BUT GREW thousands.
OF MILES away.
AND DOESN'T even.
TASTE LIKE Turkish.
AND IT'S the good Turkish.
THAT'S REALLY from Turkey.
THAT YOU get.
IN THE cigarettes.
THAT SATISFY.

OUR resident buyers in Turkey are experts. They know we want the best—and we get it. And the same with Domestic leaf. Blend them together—by that can't-be-copied method—and you get a smoke that actually does "satisfy."
