One hundred men, women and children took part in helping each other to enjoy themselves. Dinner and supper were served by the ladies and ice cream between meals. We think "Frances" ought to leave off haymaking and join the movies as a second Charlie Chaplin.

Gilliam Farmers Will Handle Grain By the Pooling Method

Fifty representative farmers of Gilliam county have made arrangements to pool their wheat crop under a cooperative marketing plan, and O. H. Robertson, formerly cashier of the First National Bank of Condon has been chosen by the farmers to handle the pool. The new organization will be known as the Farmers' Exchange.

The farmers figure that the benefits derived from pooling grain and putting it in the hands of a competent man for marketing has been demonstrated time and again, and the farmers feel that they have made a wise selection in Mr. Robertson. The grain will be graded and placed on sale in pools large enough to secure the best price, says the Condon Globe-Times. Over 300,000 bushels of grain here has already been listed by Mr. Robertson.

"Yours for Real Tobacco" says the Good Judge

Men are getting away from the big chew idea. They find more satisfaction in a little of the Real Tobacco Chew than they ever got from a big chew of the ordinary kind. Costs you less, too—the full, rich tobacco taste lasts so much longer. Any man who uses the Real Tobacco Chew will tell you that.
