### RED PAMPHLETS YANKS SPURNED

#### Poison Propaganda to Russian A. E. F. Revealed by U. S. Secret Service.

Extracts from pamphlets, published by the English-speaking Communists in Russia, and distributed among the American troops in the North—now in the possession of the U. S. Department of Justice.

"Comrades! Drop this dirty work. Turn your guns on your real enemies, the sweaters and capitalists.

"Come with us in the far nobler struggle to establish the triumph of labor the world over.

(Signed) N. LENIN."

"East and Central Europe is aflame with the revolt. The exploiting class has in some countries fallen, and in others are on the point of falling. The dawn of the day of Labor's emancipation has come!"

"You have arms. You know how to use them. Will you, like slaves, use them in defense of your master, or will you use them to help your class be free? If the former, then you know that you will meet with determined resistance of the united revolutionary people of East and Central Europe, and History will be your Judge. If the latter, then here's a hearty welcome into the ranks of international labor."

"We want you to understand that every country in the world—including your own—can become a socialist state, a workmen's country, if only it follows the Russian example. Every nation in the world—including the 'yankee race'—can become a really free nation, if it only does away with the trusts, the money lords and the bloodthirsty exploiters. It is up to you American soldiers to do it! It is up to you to bring the great lesson of

the Russian Revolution home to your toiling and suffering brothers. It's up to you to start it there—in your own America, you just start it—and your brothers will follow you! You just dare! You have nothing to lose but your chains. You have a world to gain.

"You just dare to take home with you the Red Banner of the Revolution—and inscribe upon it:

"Down with capitalism!

"Long live Industrial Freedom!

"Long live Socialism!"

"You probably would let us alone and go home, if your officers would let you. But they do not intend to let you do so. You are under their orders, and they are under the orders of 'higher ups,' and these are under the orders of 'still higher ups,' etc. At the top of the whole pile are the wealthy capitalists who want to get their greedy hands upon the mines and factories, railways, etc., of Russia. That is the reason you are here to rob workingmen and make millionaires richer.

"We know that you are bound, hand and foot by discipline and have been in blind ignorance of what you were doing here or why you came. The only way that you can do the decent thing is by breaking the discipline that drives you to this crime against your own kind, the working class.

"The war is over. There is no honest reason for you to submit to military orders. You are not fighting 'German militarism.' You are submitting to it when you obey the commands of your own officer.

"You can break away. We know that you can for we did. You are powerful enough and numerous enough to arrest the officers or to do with them what you please. Or you can come over to us."

#### Notice to the People of Morrow County

Owing to the fact that we are now out of quarantine and have taken all the steps of safe guarding the public from the spread of this disease by fumigating all clothes and all things in my shop and home, I hereby invite you all to again visit my store.

I wish to thank you for your patronage in the eight months past, and assure you of my intention of taking care of my customers, even better in the future, if possible, than heretofore.

I have just purchased a new steam pressing machine which greatly enhances the efficiency of my shop, enabling me to bring out my work better than ever, as it will leave no gloss on the clothes. With this new machine and the added speed with which the work can be turned out, I am now able to clean and press a suit for \$2.00.

Also I have bought a number of new suitings and you will see that my prices are popular and my work the very best.

G. FRANZEN,  
Proprietor of Heppner Tailoring and Pressing Shop.
