ROUND-UP TO BE LARGEST EVER THIS YEAR

Pendleton, Oregon, Sept. 8.—World's series ball games have not a thing on the Pendleton Round-Up when it comes to advance ticket sales. Men and boys began forming the line on Friday, Sept. 3, at 4 p. m. to get the first pasteboards put on sale Monday, Sept. 6, at 9:30 a. m., the earliest that the line has ever formed. By the time the seats were placed on sale here Monday the line extended several hundred yards from the ticket office.

Orders from out of town, which have been coming in by mail for virtually six months, were filled in order of their receipt, at the same time as Pendletonians stepped up and got theirs. Pendleton has only 7400 population while the grandstand and bleachers hold 25,000 but every Pendletonian is accounted for with tickets for each of the three days of the show, which, this year, is presented Sept. 23, 24 and 25.

With two weeks intervening, all the cowboys and cowgirls, the Indians, horses, steers and other performers, are being lined up. Hundreds of rooms are being listed to accommodate every visitor, gasoline supplies are being stored for auto tourists and every detail of the thousand and one things going to make up the Round-Up is being looked after.

There'll be more music, more thrills, more money in the prizes, a bigger show and a bigger crowd than ever before, the Round-Up promises. Happy Canyon has an entire new dress, with several thousand dollars in new scenery. Advance indications are for the greatest Round-Up in the 11 years it has been an institution of the west.

"In Every Respect" says the Good Judge

You get more genuine chewing satisfaction from the Real Tobacco Chew than you ever got from the ordinary kind.

The good tobacco taste lasts so long—a small chew of this class of tobacco lasts much longer than a big chew of the old kind. That's why it costs less to use.

Any man who has used both kinds will tell you that.

BOYS

BOYS are well-known. You don't have to go to far lands or to the County Fair to look upon them. Everywhere, it is still the style to have Boys.

Perhaps you are trying to run one or more Boys right this minute. Then you will know that since the world began they were never so tremendously important as now. Your hopes and your aims center on them. You must deliver them out of Boyhood into successful Manhood.

Will your sons stay with the land, or will the will-o-the-wisp of the cities call them away? Armies of country Boys, who could be happiest and most successful on farms, respond to the artificial glamour of town life before they are old enough to know their own minds. They do not know that the rewards of country life—in money, health, and happiness—are far greater. Make them realize that! Guide the restless ambitions of your Boys and spare no pains!

Machines have been a powerful factor in stemming the flow to the cities. Machines banish drudgery and make labor interesting; machines foster the love of mechanics in the Boy; machines are builders of fortunes.

You now own many of the machines made by the International Harvester Company. We are headquarters for the International Full Line, including Titan tractors, International engines, and manure spreaders, Primrose cream separators, McCormick and Deering harvesting, haying, and corn machines, tillage tools, plows, etc. Give the Boys every chance for liking farming and farm life. Perhaps more of these machines will help keep them contented.
