

JAFFA GATE IN JERUSALEM

Passageway Through Which General Allenby Entered is the Real Article, Writer Says.

Jerusalem has seven gates and a transportation problem handled at present, as of old, along purely Eastern lines. There are donkeys, horses, camels—even carriages and the ubiquitous rickshaw and all that traffic concentrates naturally at the gates, just as, to increase its force, water used to be made to flow through a small opening in the old-fashioned stone walls at home. As for telephones, who that can shout from roof to roof and down the echoing street should trouble himself to whisper into a funnel? My windows are well placed, for I can watch the crowd thronging in and out of the Jaffa gate, writes William D. McCracken in Asia. This is the widest opening the city has, since William II of Prussia had it enlarged to permit his spectacular entry—a symbolical pageant that he staged to represent his taking possession of the holy city by agreement with the sultan in Constantinople. But wide is the gate which leatheth unto destruction. The real Jaffa gate is a narrow one at the side of the wide passageway; and this was the one used by Gen. Allenby when he entered Jerusalem after its capture, modestly, on foot, carrying the case that the British officer affects as his only scepter of power. This gate is now closed with heavy iron bars and will not be reopened until the exact political status of Jerusalem has been determined.

New Insulating Material. A new insulating material is being made from a kind of kelp which is found in the Australian waters. The moist precipitate is subjected to pressure, after which it is hardened by a treatment with formalin and then it is shaped in a lathe. The material takes the place of slate and marble, which is largely in use for this purpose, and is much less expensive.—Exchange.

LOCAL AND PERSONAL

There will be an intensely interesting Republican speaking at the Star Theater Friday evening, October 1st, beginning immediately after the first show (about 9:00 p. m.). There will be interesting speakers giving convincing reasons why Republican principles should be restored. Harry Cummings has written one of the best Republican campaign songs in these United States, sung to Turkey in the Straw. Harry has agreed to sing this song and also read the prelude of three verses. We assure you a most enjoyable and satisfactory evening.—Adv.

Andrew Rood returned home Sunday from a sojourn of two weeks at the government springs some 15 miles north of Carson, Wash., on Wind River. He states that he has fully regained his health and is now ready to get on the job and join forces with John Hughes, Crockett Kirk, et al. in the arduous task of keeping this part of the universe moving along in its proper orbit. "THE BUSHER"

A Paramount Picture

Friday -- September 24th -- Friday

He'd have made Ty Cobb look like a raw rookie AFTER he took the "girl cure." But before that—He kept sending 'em over and they kept knocking 'em down so fast that the score-keeper got writers' cramp trying to keep track of the damage. The umpire got tongue-tied calling "Ball" and "Safe" and finally they sent him back to HER a thousand miles from where Big League ball is played.

There the fun starts! That's what you ought to see!

THEN THERE IS A TWO-REEL SENNETT COMEDY.

THE SERIALS

Jack Dempsey, World's Champion Heavyweight, in "DARE-DEVIL JACK"

"Daredevil Jack" is a serial of action and suspense. It contains the greatest and most thrilling moments ever put into a serial. It shows red-blooded manhood and a tumble with triumph over ever present evil. It shows a boy working his way through college—battling his way to wealth and fame, but not before he meets obstacles that would stop the bravest.

Ruth Roland in "THE TIGER'S TRAIL"

STORY BY ARTHUR B. REEVE.

"The Tiger's Trail" is a serial of the West and the Far East. It contains a continual succession of "punchy" scenes and situations, not just loosely strung together as a series of disconnected incidents, but with a splendid story of romantic and thrilling interest, continued from episode to episode in logical sequence.

Remember: JACK DEMPSEY and RUTH ROLAND every MONDAY, and a two-reel comedy.

YOU certainly want to save money, and you would like to have better bakings. Then use Calumet. It's the biggest thing you can do to improve the quality of your bakings—and lower baking costs. Calumet is made in the largest, most sanitary Baking Powder Factories in the World. No Baking Powder is made under better conditions—none can be better in quality. It contains only such ingredients as have been officially endorsed by the U. S. Pure Food Authorities. An absolute guarantee that it is pure.

It received highest Awards, World's Pure Food Exposition, Chicago—Paris Exposition, Paris, France—positive proof of its superior merit. It is used by more housewives, domestic scientists and chefs than any other brand. That would not be the case, if it were possible to secure a higher quality leavener. It is sold at a moderate price. All you have to do is to compare costs to determine how much you can save by buying Calumet. Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Cream Cake Recipe — 3 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 cup butter, 1 1/2 cups granulated sugar, 4 yolks of 3 eggs, 1/2 cup cold water, Whites of 2 eggs, 1 teaspoon orange extract. Then mix in the regular way.
