Jack Hynd, who has been spending his vacation in Canada, returned home on Sunday, accompanied by his niece, Miss Louise Shaw, and friend, Eric Gleason. Jack declares that in all his travels there was nothing so good as Morrow county and he is glad to be able to hang his hat up once more in Cecil. We also heard A. Henriksen of Willow Creek Ranch remark that he was mighty glad that "The Mayor" had ceased his wanderings and was back on his duties again for he (Henriksen) was tired to death acting as "Deputy Mayor" during his absence.

Does Pure Seed Wheat Pay?
We believe that it is fair to state that the average bushel of grain in Morrow county stands a dockage because of mixture of approximately 3 to five cents a bushel. This figures on a million and a half bushels of wheat and means a very considerable amount of money. If it was as strong as four cents a bushel it would mean a loss to the county of \$60,000 per year. How much of that loss is yours? We know of a good many crops this year offered on the market where the discount runs as high as 15 cents per bushel. Not only is there a discount because of mixtures but the chances are exceedingly good that where your seed is not pure the loss in yield is even considerable greater. It pays to have the best seed and of the best variety.

Sheepmen Meet.

The Morrow County Sheep Growers' Association will hold their second meeting this season in the Council room on Saturday, October 4th, to consider the proper wage to be paid during the fall and winter season. There are several other items of importance to come up as well, considering the shipping in of corn; the winter feeding plans, providing predatory animal control, as well as arrangements for the winter meeting of the Oregon Wool Growers. A good attendance is anticipated.

reus in the state organization. The following Saturday the presidents of the Western Oregon Farm Bureaus met at Corvallis to discuss the plans along the same line for western Oregon and it was definitely decided that a meeting be called at Portland to complete this organization. Preceding this final meeting a committee will lay a definite plan. We hope next month to be able to announce the date of the final meeting of the big doings for the State Farm Bureau. **WATCH THE FARM BUREAU GROW.**

Boardman Fair.

This year the only fair in Morrow county will be held at Boardman. This community has demonstrated for a number of years their ability to take care of a neighborhood affair in a systematic manner and a good fair is being held in that part of the county. We hope that the time will come when Morrow county will have a real county fair but we also hope that Boardman will continue to put on her own neighborhood fair. These small local fairs are a splendid thing for children and old people as well. Here's more power to their elbow.

The State Farm Bureau Makes Progress.

On Monday the 30th, the President of the Morrow County Farm Bureau, Mr. Oscar Keithley, was sent as a delegate from the Morrow County Farm Bureau to represent it at a meeting of the Eastern Oregon Farm Bureau, held at La Grande, to plan for the state meeting. It was the unanimous opinion of the delegates present that a State Farm Bureau should be organized. Mr. Keithley was very much gratified at the interest taken by the other Farm Bu-
