Adjustment of railroad rates to a point where Pacific Northwest timber, fruits, wool and other products can be marketed by rail is a serious problem, not only for the railroads. Like the industries, the railroads have many millions invested in plant that is worth little or nothing unless freight can be moved by it. The spirit in which the lumbermen and railroad men are getting together in the matter is a commendable one. We of the Pacific Northwest are all in the same boat, including the railroads, and we prosper or fall together. To imagine that either transportation or a major industry like lumber can be denied prosperity without affecting all of us is to pursue a foolish dream. The brightest minds of the industries and the railroad world are working on these rate problems as they affect the Pacific Northwest. Here's hoping at their adjustments will be as speedy as it probably will be reasonable and just.—Oregon Voter.

Dr. McMurdo, who was called to Monument the first of the week, returned home with Mrs. Byrd Davidson, who will undergo treatments at the Moore hospital.

THE UNIVERSAL CAR

Reduction of Price in Ford Products.

The War Is Over and War Prices Must Go!

Effective at once Ford Cars, Trucks and Tractors will be sold f. o. b. Detroit at the following prices:

Regular Touring Model	\$440.00—(Reduction of \$135.00)
Touring Car with Starter	\$510.00—(Reduction of \$140.00)
Runabout	\$395.00—(Reduction of \$195.00)
Runabout with Starter	\$465.00—(Reduction of \$160.00)

The Ford Motor Co. makes these reductions in face of the fact that they have on hand immediate orders for 146,065 cars and tractors. The company will suffer a temporary loss while using up the material bought at high prices but they are willing to make the sacrifice in order to bring the business back to a going condition as quickly as possible and maintain the momentum of the buying power of the country.

HENRY FORD says: "The war is over and it is time war prices were over. There is no sense nor wisdom in trying to maintain an artificial standard of values. For the best interests of all it is time a real, practical effort was made to bring the business of the country and the life of the country down to pre-war standards."

We are at your command with regular Ford efficiency in service and with eagerness to fill your orders.
