Heppner High School Notes.

The school has received the new play crowd apparatus which consists of a set of six swings the standard arena-wear apparatus. This will be installed on the play ground soon.

A plan of play-ground supervision is working out in excellent shape. Both pupils and teachers are enjoying the many outdoor games during these delightful autumn days.

Instead of having a holiday on election day the high school devoted the afternoon to the discussion of the most prominent political questions by having different members of the student body give short talks.

Kathryn Pattison spoke on Governor Cox, his life, work and what he stands for. Elmer Peterson spoke on Senator Harding and the same points that Miss Pattison spoke on. Margaret Woodson spoke on the proposed change in the terms of the state legislature. Roland Humphreys spoke on the arguments against the League of Nations and Audra Grogan spoke on the arguments for the League of Nations. Ar-

ben Boyd spoke on the proposition for and against the Roosevelt Trust Refuge Bill. Ted Young was supposed to speak on the 4 per cent Interest Reserve but was unexpectedly called away, therefore Reita Nell took his place.

Social

Saturday, October 20, each class of Heppner high school was entertained at the different homes of the city. Each class reported a splendid time and appreciated the hospitality shown them by the hostesses. This is a part of the plan that the Patron-Teachers Association adopted at their last meeting, having the parents to entertain the different classes of the high school.

The Seniors spent one of the most enjoyable evenings in their history at the home of Mr. and Mrs. T. J. Humphreys. Not a dull moment was experienced by anyone present. The home was beautifully decorated with the symbols of Halloween. The refreshments were excellent and the table was very fittingly decorated for the occasion. Various stunts were performed, creating a delightful atmosphere during the entire evening. As the hour

of twelve drew near the guests began to gradually depart. Each member is decidedly in favor of the Humphreys as hosts.

The school is trying to make this week and all other weeks "good speech weeks."

The Art Preservative

is coming into its own.

The two great national political parties this year chose as their standard bearers, men who devoted years to the newspaper profession. One of these men is as familiar with the inner workings of the country print shop as will be found anywhere.

As a result of their nominations, and in spite of what the vote may decide, the fact remains that the next President of the United States will be a newspaper man.

What greater tribute could be paid to print-craft?

These men attained their success in life and gained the confidence of their fellow men through giving service.

In our own small way we would emulate these men.

SERVICE goes with Gazette-Times quality printing.

SERVICE is the idea embodied in The Gazette-Times, Morrow County's Big Home Paper.
