FOUR U. S. FARM BOYS WIN INTERNATIONAL STOCK-JUDGING CONTEST AND TRIP TO EUROPE

ATLANTA, Ga.—Four farmer boys without any agricultural school training will make a trip to Europe, the reward which goes with the winning of the International Stock Judging championship in south and southeastern competition here. This non-college team came from far off Texas, winning over teams from all parts of the country—including college-trained men. The Texas team finished with 3110 points against 2965 by the Mississippi team which was second. The Texas team were all members of Boys' Club and were coached by Cy W. Evans and W. B. Cook of the Texas Extension Service from the state college. The trip will be first to the Royal Stock Show at London—then to the agricultural districts of France, Holland, Belgium and Isles of Jersey and Guernsey. This is the highest honors ever conferred upon farmer boys in this country. Top row—left to right—W. B. Cook and C. M. Evans, coaches; Alva Debman, Lamesa; lower row—Gordon Gillispie, Coleman; John Turner, Hillsboro and G. W. Welting, Marlin, Texas

HAIR DRESS BY DAME FASHION

Here is a striking example of what a short span of years will do to Milady's hair. The pretty dark-eyed girl says, "you make a straight part down the right side, smooth it down to the ear, where you screw the ends into a tight curl, and pin them in a bunch right over the ear." The lady in the inset evidently doesn't agree with her system at all.

President P. L. Campbell Endorses Fourth Roll Call

President P. L. Campbell of the University of Oregon heartily endorses the Fourth Red Cross Roll Call, which will take place November 11th to 24th. "Fullness of life for the individual, prosperity for the nation and the peace of the world, depend, more than we usually realize, upon the fundamentals of physical vitality and well-being," he states in a letter to the Northwestern Division Office of the Red Cross. "In mitigating suffering, saving life, facing disaster, and conquering epidemic—and even more significantly in measures of education to preserve health and to abolish disease—the American Red Cross and the League of Red Cross Societies are the media through which the rank and file of citizenry of this and other nations are cooperating in an almost unprecedented but wholly rational manner to realize, for those now on earth and for those who are to come, the fullest possible measure of freedom and equality—freedom from physical handicap through disease or defect, which insures equality of opportunity. Millions of individual responses to the Fourth Red Cross Roll Call will preserve and demonstrate the essential democracy of the Red Cross movement and insure the continuance of the most hopeful cooperative effort ever undertaken in the interest of the public health."

Women Run Strong in Civic Affairs.

That women are continually taking a greater interest in politics, even to the extent of becoming candidates for office is shown by the results of recent elections held at Yoncalla, Douglass county, and Burns, Harney county, in this state. Yoncalla as a town of 300 population and Burns, the county seat, with 500 people, have both elected women for mayor. In Yoncalla the entire city administration will be in the hands of women, where a secret organization and silent campaign was staged by the women.

Coyotes Getting Familiar at Condon.

When Mrs. M. Fitzmaurice went out to close her chicken house door last Sunday evening, says the Condon Globe Times, she was surprised to find a coyote about to enter. The animal made a hasty exit and has not been seen since. It would be well, the Globe Times continues, for people to guard their chicken houses when coyotes are daring enough to come right into the city after thier prey.

The Shasta Limited of pre-war days is being restored to the Southern Pacific train schedule, according to announcement made Monday by oJhn M. Scott, general passenger agent of the company.

The Red Cross is helping to bring back to health more than 26,000 men who are still in hospitals as a result of the war.

Red Cross News

In an average month this year the Red Cross aided 423,888 adults and 101,755 children in Europe.

Fifteen hundred new members were added to the life-saving service of the Red Cross last year.

Thirty-five states have adopted a uniform method of nursing in connection with the Red Cross.

Last year the Red Cross aided more than 30,000 victims of unavoidable disaster in 150 communities.

Intensive influenza instruction has been general throughout the Northwestern Division during the last year.

Since demobolization the Red Cross has kept in constant touch with families of 800,000 soldiers, sailors and marines.

The management cost at National Headquarters and at the fourteen Divisions is less than four percent of the total expenditures.

The Red Cross has identified and photographed the graves of more than 59,000 American soldiers, and has sent 58,800 of these records to relatives and friends.

In less than twenty minutes after the September explosion in Wall Street over seventy-five Red Cross nurses and thirty-five field directors were assisting the stricken.

Last year the United States spent $10.00 per capita protecting and developing the health of the nation.

Following the explosion in Wall Street in September, thousands of relatives received prompt information from the lists of dead and wounded prepared by the Red Cross.

Nearly forty of the 108 chapters of the Northwestern Division already have established Home Service work, and in many others plans for its extension are being considered.

Over 1,000 public health nurses have been furnished to American communities by the Red Cross as leaders in health education and for instruction in sanitation and hygiene.

More than 15,000 American communities during last year received Red Cross aid in the adoption of precautionary measures against disease and disaster or in mitigating suffering.

Between July, 1917, and February, 1919, the Junior Red Cross made more than 15,000,000 articles with a total value of more than $10,000,000, and contributed nearly $4,000,00 in cash.

Of all the babies now alive in the United States, one in ten will die before it is a year old. Of these deaths, 65 per cent will be absolutely needless, the results of ignorance and carelessness.

At the present time there are at work in the Northwestern Division 26 nurses responsible solely to the Red Cross, and 12 who receive part pay or other support from the organization.

Last year 92,000 women, through the Red Cross, completed courses in home care of the sick and learned basic facts in the prevention of disease. (There are annually in the United States over 400,000 deaths from preventable disease and accidents.
