**HARDING PARTY ABANDON ALL CARES ON SOUTHERN TRIP**

Newest Picture of Mrs. Harding

President-elect Harding and FB Scobey

The Bay near Point Isabel

President-elect Harding and Mrs. Harding with a small group of friends are enjoying a vacation trip along the Gulf of Mexico as the guest of Mr. F. B. Scobey of San Antonio, Tex., who is a close friend of Mr. Harding. After spending several days at Point Isabel on the gulf shores they will visit New Orleans and then through the Panama Canal and home. Those completing the party are Senators Davis Elkins of West Virginia, J. S. Frelinghuysen of New Jersey, Frederick Hale of Maine, Secretary George B. Christian and Mr. and Mrs. Edward Deal McLean. The scene below, Mr. Harding and Mr. Scobey, is part of the country where the party will do their fishing and hunting.

**NATIONAL SCHOOL DAY WEEK.**

The United States Commissioner of Education has designated the week, Dec. 5 to 11, as National School Day week. He is appealing to the teachers, parents, schools, churches, lodges, clubs of all kinds, parent-teacher associations, and other organizations to take steps to present the claims of education as they now crowd upon us in the light of post-war conditions. The unrest abroad in the land, the apparent breaking down of the moral fiber of a large percentage of our citizenship, the amount of illiteracy disclosed by the war, the lack of understanding of our institutions and the aims of our nation on the part of the foreign born people who have found their way to our shores, all call for a new vision of education and the need of some more efficient methods in education to save our American ideals and our American civilization. It is planned to have ministers deal with the subject in the sermons on Sunday, the 12th. Teachers, lawyers, lecturers and others will be requested to deliver addresses before public meetings, clubs, lodges, and other gatherings. The undersigned, as a member of the National Education Association, urges upon the people of this county the desirability of properly observing the week.

Respectfully,  
S. E. NOTSON.

university and college teams will feature the day but by no means exhaust the attractions planned by the present students for the delight of the former ones.

Club and class reunions, banquets, stunts, are some of the other attractions announced by the greater O. A. C. club and the varsity O in charge.

**PLANT REMINDERS.**

Plant Pathology, O. A. C.—Anthracnose and fungus rots are developing on fruit to a large extent in western Oregon this year. This is especially so in orchards which have not been kept clean by spraying. The unusual wet weather of this fall has been a favorable agency for their development, but clean orchards will have a minimum loss from these diseases. If anthracnose is bad the orchards should be sprayed before winter, although it is now too late to prevent the first crop of anthracnose from developing.

Farm Management, O. A. C.—What does it cost to produce an acre of alfalfa? Data collected from 62 farmers in Malheur county show that the cost was \$5, and whole cost including interest on the investment and the work, \$15. The cost of growing was \$3 more than the hay was sold for. This shows that while the farmer was not losing money he was not making a fair interest on the investment.

Entomology, O. A. C.—To lessen the number of injurious insects which infest garden spots is the aim of many gardeners. A good plan is to clean up and destroy all trash around the tract

**SECY TO PRESIDENT, WHICH ONE?**

Richard Washburn Child and James B. Christian, one of which will probably be the secretary to President Harding. Mr. Christian (above) was secretary to Mr. Harding during his campaign. Mr. Child is a New York lawyer and writer. Both have been mentioned as probable choices.

**DEMPSEY AND CARPENTIER SIGN THE PAPERS**

They've really done it—they've signed the papers, those fatal papers—fatal to one of the two, but we can only stand by until next March and do our prophesying, as the contract reads that the bout in which Dempsey will defend his title, shall take place in the United States, Canada or Cuba between next March and July Fourth, the champion to get \$300,000 and Carpentier \$200,000. Dempsey is certainly giving "Carp" the "once over" as he is affixing his John Hancock.

says the Good Judge

And get more genuine chewing satisfaction, when you use this class of tobacco.

This is because the full, rich, real tobacco taste lasts so long, you don't need a fresh chew nearly as often.

And a small chew gives more real satisfaction than a big chew of the ordinary kind ever did.

Any man who uses the Real Tobacco Chew will tell you that.
