JOB ON RANCH WANTED—By man and wife with several years experience. Inquire The Gazette-Times.

FARM AND HOME POINTERS.
The child's life, health, reserve vigor, are often damaged by improper feeding, especially the cold lunch. That lunch should be selected with care, and properly prepared and packed and then served with a hot dish at noon. A bowl of good, hot soup or a steaming cup of cocoa are among the simplest and energizers suggested. Many districts in Oregon are beginning to serve one hot dish with the school lunch.—D. A. C., Child Nutrition.

Spring rye has proved more profitable than winter rye for the plateau region of Central Oregon represented by the Harney county branch experiment station farm. Winter rye failed on dry land last year, and produced 12.6 bushels per acre under irrigation. The spring sown produced 15.6 bushels on dry land, and 18.2 under irrigation.—O. A. C. Station.

For spring wheat hard federation was easily that of all varieties tried out by D. E. Stephens, of the More branch station. It yielded 25.8 bushels per acre, outdistancing the more common varieties and bluestem. It is likely to prove a desirable spring wheat in the northwest, reports Mr. Stephens.—O. A. C. Station.

LOCAL HAPPENINGS

Alger Lundell of Ione was a Thursday caller in Heppner.

J. H. Craber was in the city last Monday from Hardman.

Edgar Ball farmer of the Ione section, was here last Monday.

Guy Huston was in the city from his upper Eight Mile farm on Monday.

Miss Gwendolin Darbee, student of the Washington high school in Portland, came home to spend Thanksgiving with her parents, Mr. and Mrs. C. Darbee.

their respective homes on Sunday, but Mrs. Bartholomew is remaining over for a longer visit. Mr. West is vice president of the Wasco County Bank and Mr. Thatcher is manager of the Hoebing Manufacturing Co. in Portland.

Victory Medals For Ex-Marines Ready For Distribution

The District of Oregon Headquarters U. S. Marine Corps has received the Victory Medals for distribution among all Ex-Marines in the state.

All that is necessary to secure this beautiful emblem of Victory which every man who served with the Marines during the war is entitled to, is to mail your discharge certificate by registered mail to U. S. Marine Recruitment station, 3rd and Alder Streets, Portland, Oregon, and your discharge will be immediately returned to you accompanied by your medal. The discharge certificate must be endorsed by this office in order for medals to be awarded.

This office has a medal for every Ex-Marine in Oregon, and the sooner they send in their discharges, the sooner they will receive the medals.

READ FROM BOTTOM UP IN JAPANESE "HAMLET"

University of Oregon, Eugene, Nov. 30.—A Japanese edition of "Hamlet" has been received by Miss Mary Watson, professor in the English department, which was sent to her by one of her former pupils.

The book is the size of an ordinary novel, the cover is blue, and on what would be the back of an English edition, is a picture of Shakespeare in gold. In reading the book one starts at what seems the end of the story, but is the beginning of a Japanese.

The story is printed in black and rather heavy type, and reads from the bottom of the page to the top in columns.

An American is able to follow the story by the illustrations on the lower half of each page. These are sketches of various familiar scenes in Hamlet, such as the graveyard scene and the skull of Yorick.

SOME LUSCIOUS FRUIT.
The editorial staff of the Gazette-Times deems, with the compliments of L. A. Doak, of Opportunity, Wash., a box of some Beauties and Winter Bananas this week, that are certainly luscious and fine.

Mr. Doak, who formerly had charge of the schools at Lexington and Ione as principal, and was a resident of Morrow county for many years, left these parts about two years ago, and took up his abode on a fine fruit farm at Opportunity, a community a short distance out from the city of Spokane, and he is now engaged in the apple raising industry on a commercial scale.

This box of fine fruit arrived on Thursday evening and is being greatly enjoyed by the Crawford household, who extend congratulations to Mr. Doak in the fine success he is making as a member of the Spokane Valley Fruit Growers Association.

Pocket gophers in Oregon are doing much more damage to field and orchard than usually thought. Almost every tree over acres of orchard has been killed by this pest.

The Agricultural college has a bulletin on gophers, which should be prepared for now.—G. A. C. Zoologist.

Reserve Banks Show Strong Demand For Liberty Bonds

Seattle, Wash. — Reports to the Branch Federal Reserve Bank here from local members indicate a strong investment demand for Liberty Bonds and Victory Notes by the general public.

In two instances large banks reported that they were overold and obliged to purchase small lots of Liberty Bonds from other banks to supply the demand.

The issue in demand, according to the figures supplied by the Federal Reserve Bank are those paying 4% and 4 1/2% per cent. Apparently there is no active market for bonds of the 3 1/2% per cent notes of the 1 1/2% per cent issue.

Bank transactions show the demand for Liberties came chiefly from small investors who have taken advantage of the attractive market prices of Liberty Bonds and Victory Notes and intended to hold the securities until maturity. This seems to apply also in other cities of the Twelfth Federal Reserve District on the basis of reports made by local banks to the Federal Reserve Bank branches and to the Federal Reserve Bank itself in San Francisco.

"To summarize the local situation here," according to an official of the

Federal Reserve Bank, "there are more buyers than sellers of bonds of the smaller denominations. Despite recessions in the Eastern markets, represented in yards as far as industrial stocks and bonds are concerned, Liberty Bonds and Victory Notes are holding well to previous levels. Small investors throughout the country are apparently benefitting by the experience of those who lost their money in wildcat stocks of various descriptions and are more and more contenting themselves with the absolute safety and security of Liberty Bonds which, in several instances, are paying from 2 to 5 1/2% per cent at present market prices, while Victory Notes are yielding as high as 4 1/2% per cent.

George W. Ayers Undergoes Operation in Montana

(Grand Range, Mont., Review.)
George W. Ayers, the well known Grand Range farmer and stockman, and father of Judge Roy E. Ayers, was operated on yesterday by Drs. Dunn and MacDougal at St. Joseph's hospital to relieve a very serious condition due to adhesion of the intestines. The operation occupied two hours and the patient was reported as resting fairly easy at a late hour. Judge Ayers, who has been holding court at Havre, got in early yesterday morning from Great Falls, making the trip over by auto in order to be with the patient.

RITCHIE BUYS VALE PAPER.
Lloyd Ritchie, secretary of the Oregon Editorial Association, has purchased the Vale Enterprise as well as the Malheur county. Mr. Ritchie is an experienced newspaper man, having worked on the Oregon City Enterprise, Portland papers and the Astoria Budget. He is a former owner of the Stanfield Standard.

MODERN CRANKCASE CLEANING SERVICE
Dirt in your Engine Oil—Get rid of it!
A LARGE quantity of dust-laden air is "inhaled" by the daily operation of an automobile engine. With this road dust, carbon and fine particles of metal get into the lubricating oil and circulate through your engine, lowering the efficiency of its operation. Add to this dirt the gasoline that escapes past the pistons and dilutes the oil.
That's why you have a combination that wears and tears and grinds away, every day adding a little more dirt and forcing a little more unnecessary wear on bearing surfaces. Result: slow response—less power—poor performance—shorter engine life.
Our new Modern Crankcase Cleaning Service is the enemy of dirt in the crankcase—it means "clean oil in a clean engine." The
